"Omi, you should be filled with jealous envy and hatred when you see me now." Lie Yue Eyes said with a look down at Omi.

"Uh, why do you say that."

"Hahaha, Omi, a year ago, we were both twelve years old, both at the first level of Body Refining, and came to the Flying Cloud Sect together, while I, without having to take an examination, was chosen by Elder She Jun as a book passing disciple, and you, from then on, our fates were one in the sky and one in the earth, do you think you're full of jealousy and envy towards me?"

Omi really he wanted to laugh inside, as expected, ah, Lie Yueye came to him, is trying to pretend to compare in front of Omi. Omi saw that at the moment, Yueying's face is pretending to be a comparison, on the other hand, he wanted to laugh, but Omi held back, this kind of frog in the bottom of the well, think about it is also really sad.

Omi said, "Yes, a year ago, we were exactly the same, regardless of age or realm, and were the two most prominent among all the youngsters who came to the Flying Cloud Sect in Tianbao City. Today, we are indeed one in the sky and one on earth."

"Hahaha, Omi, don't you want to be me, at a young age, reaching the sixth stage of body refining, and also a disciple of the elder of the Flying Cloud Sect, with an unlimited future." Leye Eyes said proudly.

Omi smiled, this Lie Yueye deliberately found a way to say that he was now at the sixth stage of Body Tempering, afraid that Omi was weak and didn't know his realm.

Omi deliberately said, "I never expected that you would reach the sixth stage of Body Tempering."

"Hmph, there are many things you didn't expect."

"Alright, but what does this have to do with me? Did you specifically come to me today to show off to me?" Omi said.

Lie Yueye Haha sneered, "Showing off to you? Omi, with your current level, are you worthy?" One second to remember to read the book

"Uh." Omi had only just told someone today that he was worthy? and didn't expect that he would be said worthy? at night, it seemed like it was really retribution.

"Omi, your level is too low, I, Leye Moon Eyes, can't even mention my interest in showing off to you." Leye Eyes said with a high face.

"Then why are you looking for me?" Omi asked.

"I came to look for you because I think highly of you, today I came out on orders from my master to do some work, my master values me and has asked me to take care of some personal matters, I just happened to pass through the periphery of the Flying Cloud Sect, so I just stopped by to see you."

"Oh, so, I have to get up me."

"Omi, do you think that I came to see you because I have a good feeling for you? Wrong, Tenzin, if you get down on your knees now, I don't think it's too late." Lie Yue Eyes said.

"Uh, go on your knees? Why should I get down on my knees?" Omi was astonished.

"Hahaha, Omi, I will still kindly remind you to kneel down now, this is for the sake of everyone coming from Tianbao City, didn't the elders of your Tang family tell you what you should do when you see a strong man? If I hadn't been looking at Tianbao City, do you think you would be able to stand and talk to me right now?" Lie Moon Eyes said with an arrogant look.

"Uh." Omi originally thought that Lie Yue Eyes was just here to pretend to compare to him, but he didn't expect that Lie Yue Eyes was aiming for something less than that, and wanted to beat Omi. Omi was a bit angry inside, if he was simply pretending to compare to him, Omi, as the boss of the Light Cloud Alliance, might as well be an adult and let him off with a little lecture. However, if he still wanted to beat up Omi for this, then he would be blamed for being rude.

"Oh, Lie Yue Eyes, I didn't expect that you would still be so arrogant after a year's absence." Omi said with a smile.

"

Hmph, Omi, are you kneeling or not, if you really don't kneel, then don't blame me for being rude."

"Why should I kneel, for reasons you haven't even told me, I don't seem to have annoyed you, I haven't seen you for a year, how come there's so much hatred."

"Omi, I see you're upset, is that reason enough? As for hatred, hehe, your Tang family's main family, the Ancient Slave family, is our Lie Yue family's world feud, so what if I bully you, as long as I like it."

Just at this moment, a group of second year disciples passed by not far away.

Suddenly, one of them looked towards Omi's side and busily said, "Hey, that's the boss."

"Uh, it's really the boss, what's the boss doing there in the middle of the night, let's go, go up and say hello to the boss."

So, that group of people were busy walking towards Omi's side.

And at this time, Lie Yueye shouted at Omi, "Omi, I told you to kneel down, do you hear me?"

Omi sneered and was about to take action when suddenly several people came running and shouted, "Boss."

"Boss, what are you doing here?"

"Hey, boss, who's this kid?"

At this time, Lie Yueye was busy looking at those people, they were all second year disciples, sixteen or seventeen years old, tall and big, and they were all at the seventh or eighth stage of body refining.

Lie Yueye's body trembled and asked, "You guys, what did you call him?"

"Uh, the boss."

"The boss? You're all so big, how."

"Haha, our boss is still young, but in our minds, he's the tallest, right?"

"Me." Lie Yueye's legs trembled, busy looking at Omi and asking, "Tang, Omi, why do they call you Boss?"

Omi snorted, "They're all my men, so if they don't call me boss, what do they call me?"

"You, your men? How can you have underlings, you, you're only at most at the third stage of body refinement."

Omi snorted coldly, "The third stage of body refining? Keep your eyes wide open." After saying that, Omi unleashed his realm, the First Order of Open Light.

Of course, Omi's true realm was the Eighth Order of Open Light, and the First Order of Open Light had only popped up today.

Leye Eyes suddenly felt that there was an incomparably strong momentum coming from Omi, as if a boulder was bearing down on him, as to how much of Omi's realm he was, he couldn't tell at all.

"Omi, you you you, what realm exactly?" Lie Yueye's mouth knotted in question.

One of the men beside him was busy saying, "Our boss has already opened the first stage of light, boy, what are you, how dare you offend our boss."

"What, first stage of enlightenment? Gosh, this is impossible, this is never possible, I'm only at the sixth stage of body refining, how could he be." Lie Yueye looked at Omi, desperately shaking his head and talking to himself.

One of his men sneered, "What kind of thing do you dare to compare yourself to our boss."

Leye Eyes still shook her head incredulously and said to herself, "I'm a genius that Elder She Jun accepted as a book passing disciple, and he is spurned by Elder She Jun, even I'm only at the sixth stage of Body Tempering, I don't believe it, this must be a dream, dream, dream, you should wake up quickly." After saying that, Leye Eyes fiercely bit herself, as if she wanted to wake herself up from her dream.
