Chapter 1711

Omi and Mu Qianji's brows furrowed, they hadn't stepped out of the room for two days, so they didn't understand what was happening.

Omi turned his head and asked, "This fellow Daoist, what did you just say? To scare Don Omi?"

"Uh, you don't know, it's spread all over the Four Seas."

"If I knew, I'd still be asking you, so tell me quickly."

"The day before yesterday, someone from the Yu Clan suddenly spread the news that their family's old ancestor and second ancestor, were coming back."

Omi said, "Aren't their family's old ancestor and second ancestor always in the family?"

"Who told you that their family's ancestor and second ancestor are in the Four Seas, they've already gone to the Five Seas."

"Uh, going to the Five Seas? Isn't it said that only those who have reached the Merging Stage can enter the Fivefold Sea?" Mu Qianji was busy.

"Yeah, the Yu Clan's Old Ancestor and Second Ancestor have already reached the Merging Stage, so they've all gone to the Five Heavy Seas. Otherwise, the Yu Clan wouldn't be in charge of the Third Ancestor right now."

Omi snorted slightly, Yu's throwing out this news at this time, it seemed that he was indeed trying to scare Omi.

Unfortunately, Omi wasn't a scared graduate, how could he be scared by them. First URL

However, the Yu Clan had two strong individuals who transcended the Exaltation Stage, which Omi hadn't thought of, but it seemed that the Yu Clan wasn't as easy to deal with as he thought.

Originally, Omi had wanted to go and negotiate with the Yu Clan today.

The person at the next table said, "In our entire Four Seas, there are almost fifteen families that have people who reached the Merging Stage and then entered the Five Seas. However, after they reached the Combination Stage, they all entered the Five Heavy Seas to go, so currently, in the entire Four Heavy Seas, there is no Combination Stage, and the strongest are only at the ninth stage of Exaltation."

Another person said, "I don't know what Omi's strongest strength is, and whether he can defeat Yu's Third Ancestor, otherwise, if Omi isn't afraid to scare, then Yu's will be in real danger."

"Omi wouldn't dare to provoke Yu, after all, people have two Merging Stage Ancestors in the Five Heavy Seas, if Omi is sensible, he should make peace with Yu."

Just then, a man walked in at the door and said, "Gentlemen, I am a child of the Yu Clan, our family ancestor has sent word to negotiate with Omi in person, five days from now, at the Hong Banquet House. I hope you all will help spread the word and pass this news to Omi's ears, thank you all."

After saying that, the man went to the next inn, as he couldn't find Omi, and had to use this method to inform Omi.

Omi and Mu Qianji returned to the room.

"Omi, what to do now, no wonder Yu's Third Ancestor dared to be so arrogant, and no wonder no one dared to mess up Yu's auction house, but it turns out that Yu's ancestor and Second Ancestor are strong in the Combination Stage. This would be a bit of a slap in the face if we didn't dare to take any action against the clan. If word gets out, everyone will laugh at us."

Omi said, "Don't worry, I'm not afraid of the Combination Stage at all, as long as I have enough sixth grade spirit stones, the Combination Stage is nothing."

"But we have to break through to the Combination Stage, the amount of spirit stones, it's impossible to measure."

"How unmeasurable, give me another 3,900 sixth-grade spirit stones and I'll be able to ascend to the first stage of the combined body."

Mu Qianji rolled his eyes, "Three thousand nine hundred pieces, you have the nerve to say it. Three thousand nine hundred sixth grade spirit stones, what kind of concept is this, I'm afraid that all the families in the entire Four Seas have scoured the entire sea, and they may not be able to raise it."

Omi said, "Then let's scour the entire Four Heavy Seas once, didn't that person just say that in the hall? The Four Heavy Sea doesn't have any Combination Stage people in it, and the strongest is only at the ninth stage of Exaltation. So, I need to improve my strength as soon as possible, until I can defeat the ninth stage of the out-of-body stage, by then, the entire Four Heavy Sea will be trampled under my feet, and I'll have scavenged the entire Four Heavy Sea for all the sixth grade spirit stones, I think it should be enough to allow me to step into the Combination Stage, even if I can't, it's not far off. Although there are 15 families in the Four Heavy Seas, and there are strong people in the Five Heavy Seas, as long as they don't come out, then I'm the one in charge here. And once I reach the Merging Stage, hmm, then I may not be afraid."

"Good, I support you, it's too difficult to obtain sixth grade spirit stones, relying on individuals, it's only possible if you scour the entire Four Seas."

Omi nodded his head and smiled, "Right, one does not kill for one's self, as long as I can achieve my goal, it's fine, besides, I have no intention of killing, just scavenging. Hahaha."

Five days later, Omi arrived at the Hong Banquet House.

Today, the entire Four Seas knew about the negotiations between Omi and the Yu Clan.

Therefore, when Omi arrived at the Hong Banquet House, he found that it was full of customers.

Omi let out a curse, "I didn't expect people in the Spiritual Realm to be so fond of spectating, but I'm afraid that all these customers are there to watch."

"You must be Omi, all the ancestors of the Yu Clan, you've been waiting on the third floor." As soon as he entered the Hong Banquet House, the shop owner welcomed him, obviously recognizing Omi.

Omi walked up to the third floor step by step.

In the hall on the third floor, there were no other customers, only a table placed right in the middle, and at the moment, a few of the Yu Clan's Knack Stage ancestors were sitting there, waiting for Omi.

"Yoho, they're all here." Omi smiled.

A few of the Yu Clan's ancestors immediately looked at Omi.

Yu's Third Ancestor said, "Omi, sit down, today, we should negotiate."

"Yeah, I was just about to negotiate with you guys as well." Omi said, that was why Omi was here, except, their terms of negotiation were definitely different.

Omi sat down opposite Yu Clan's Third Ancestor.

Yu's Third Ancestor said, "Omi, let's start negotiating. Previously, your cousin, Liu Fan, came to our auction site to auction off a middle-grade superior flying sword, right."

"Right."

"After that, we followed the rules, and also broke the rules, and gave him a 19 percent share, right."

"Right."

"Then, your cousin Liu Fan, who was very ambitious, wasn't satisfied and thought that we found all sorts of unwarranted names to screw him over, right."

"Right. Alright, now it's my turn to say that you have pitted my cousin and seriously disgraced my Tang, so I'm going to negotiate with you now, and if we don't get it done today, I'm afraid there's going to be bloodshed here." Omi said.

"Hmph, blood will be shed, it's your blood that will be shed." One of Yu's out-of-the-box fifth stage ancestors snorted, Omi said that blood would be shed as if he was threatening them, making them very upset.

Omi laughed, pointed at that ancestor and said, "Right, if we can't talk later, first shed your blood."

"Omi, you." That old ancestor of the 5th stage out of the tricks stared, his body was still shaking with anger, Omi's tone really didn't have the feeling of putting Yu in his eyes, didn't he, didn't he hear the news that Yu's old ancestor, the second ancestor, was coming back?
