

17:16 

Chapter 1521

Sure enough, after being slapped, Yulia touched her cheek, then looked at the other side coldly and said, "I'll keep this in mind and report it to the Public Security Department. You'd better wait for their investigation!"

"As for the surgery, I've already blacklisted you. No matter what the circumstances are, I won't perform the surgery on Mandell."

"You..." Hearing her words, Adele was so angry that she was going to beat her again.

But at this moment, Yulia continued in a cold voice, "By the way, let me remind you. According to my observation, Mandell's injuries are very serious. If the surgery starts within half an hour, there might still be a ten percent chance of recovery. If it's after half an hour, all four of his limbs will be paralyzed and there's nothing you can do about it."

"What..." Hearing this, Felix and his wife's expression became even more upset.

They glanced at each other, and then looked at Oldric with questioning eyes.

Oldric was afraid, yet respectful and careful towards them. He whispered, "Director Xu, Madam Han, Dr. Qin is the most skillful in the Department of Orthopedics in Southzobe City. Since she said so, I'm afraid that it's true!"

"What!" Adele was so angry that she glared at Yulia. She waved her hand and said, "Grab her. No matter what, she has to perform the surgery even if she doesn't want to."

At that moment, Felix also said in a low voice, "Oldric, the doctor of this hospital is refusing to treat the patient. If this matter

17:16 

spreads, I'm afraid that the reputation of Genuine Hospital and our whole medical industry in Southzobe City would be at stake."

"Director Xu, this, I..." Oldric was so anxious and didn't know what to do. Nonetheless, there was indeed nothing he could do.

"You can do whatever you want. I won't change my mind." Yulia still looked very determined. Facing the guards of the Xu family, she was like a soldier who was willing to do anything for justice.

"Grab her, beat her up, hit her hard. When she's scared, I don't believe that she won't give in." Adele's face was full of hatred as she gritted her teeth and said.

Just as the Xu family's guards were about to attack Yulia, Fade appeared in front of her in a flash, stopped the guards, and said, "It's not very nice to hit a doctor in the hospital!"

When the guards saw Fade, they couldn't help but be flustered. They immediately shouted angrily, "Brat, who are you? This has nothing to do with you. Get lost!"

Fade was not swayed. He said in a deep voice, "If you want to attack Dr. Qin, then you'll have to get through me first!"

"You... You are looking for death!" The guards shouted angrily and immediately attacked Fade. Their fists and kicks were hard, and their actions were vicious. They looked as if there were going to kill Fade.

However, their attacks weren't even enough to tickle Fade. In less than a minute, with a few crackling sounds, Fade directly knocked the guards down to the ground. All of them were crying in pain and completely lost their ability to fight.

When Felix and his wife saw this, their faces changed and they were surprised. They glared at Fade and said, "Who are you? Do you know what you are doing? How dare you mess with our Xu family?"

17:16 

Fade didn't respond. He just put his hands in his trouser pockets, stood calmly and said lightly, "Whoever wants to hurt Dr. Qin has to get through me first."

"You..." Just when the couple was about to get angry and wanted to ask the others to attack.

All of a sudden, a sound of hurried footsteps rushed over.

Everyone turned their eyes and noticed that it was a middle-aged man and a woman in luxurious clothes.

Among them, the man was Salman, whom Fade knew. The woman who came with Salman was his wife and Felix's sister, Vera.

"Vera, Salman, why are you two here?" When Felix saw the two of them, he couldn't help but be surprised.

Salman looked concerned as he said, "I heard that Mandell was injured and it was serious, thus I came to see him. How is it going now?"

Felix's face darkened as they mentioned this.

Adele gritted her teeth and said, "That b*tch, Yulia, will not operate on Mandell. And this guy, he's stopping us and won't let us do anything."

Salman followed Adele's gaze and looked in the direction. When his eyes saw Fade, he suddenly looked very surprised and said, "What? How could it be him?"

"Salman, what is it? Do you know that guy?" Felix asked.

The expression on Salman's face changed for a while, then he pointed to Fade and introduced, "His name is Fade Chen, and he is the one who injured Keith."

17:16 

"What? That's him!" Adele said in surprise.

Felix's face darkened, even with a hint of suspicion. "He is the one from Long City who is supporting the Moo family, and he is a Martial Arts Master!"

"Yes, that's him!" Salman said, gritting his teeth.

"He's a Martial Arts Master, how is that possible? How old is he?" Adele had an expression of disbelief.

Salman said, "In the beginning, I didn't believe it either, but that's the truth. During the Lantern Festival on the Wavey River, Windley, the semi-master, also had to admit defeat when he faced him."

"This..." Felix and his wife were still in disbelief.

Salman persuaded at the side, "So, against him, we don't have even a chance to fight at all. Let's take Mandell to another hospital as soon as possible. Perhaps, we would still have a chance."

"This..." Hearing this, Felix and his wife couldn't help but hesitate.

At that time, Salman and Vera looked at each other and secretly exchanged a look with each other.

Then, there was a sound of footsteps. The people who came in were a group of young men and women.

When Fade saw this group of people, he couldn't help but frown. This was because these people were the evil friends who were with Mandell in the bar earlier.

Under normal circumstances, since they had just experienced that incident, they would not have appeared there. However, now that they had appeared, things seemed to be a little strange.

17:17

Sure enough, when Felix saw his son's evil friends appear, he felt a little strange. "What are you guys doing here?"

A young man with a bloody nose and a swollen face said, "Mr. Xu, we heard that Mandell's injuries were very serious, thus we came over to have a look. I hope Mandell won't... Oh my God..."

Suddenly, the man let out a cry of extreme surprise.

Felix was so scared and surprised when he asked, "What's wrong?"

The young man pointed at Fade with a frightened look and said while trembling, "He, he's here."

"You know him too?" Felix felt a little strange.

The young man's lips trembled as he said, "Mr. Xu, it's him. He's the one who rushed into the private room and beat up Mandell and us. He's the culprit."

17:17 

Chapter 1522

"What!" Hearing this, Felix couldn't help but be surprised. He looked at the young man and confirmed again, "Are you sure it's him, and that you are not mistaken?"

The young man nodded and said seriously, "I'm sure it's him. If you don't believe me, you can ask the others. They all saw it too." Then, Felix turned his eyes and looked at the other young people.

Suddenly, the group of young people nodded and began to speak.

"Director Xu, it's him who beat up Mr. Mandell. We were all there at the time."

"I have recorded the situation at that time too. You can have a look at it, Director Xu."

"The CCTV in the bar would have also recorded the scene at that time."

.....

Hearing this, Felix could be sure that it was the person in front of him, Fade, who hurt his son.

Suddenly, Felix looked at Fade coldly. Earlier, he was just angry and dissatisfied with Fade, but now he was completely furious.

Adele's reaction was even greater. After knowing that Fade hurt her son, she glared at Fade with resentment, gritted her teeth and said, "You hurt my son? I want you to pay the price."

17:17 

"Grab him, grab him quickly," Adele shouted furiously.

However, the guards, who had just been knocked to the ground, couldn't fight at all. As for the hospital security guards, after witnessing Fade's skills, they did not have the courage to fight as well.

Therefore, after Adele furiously shouted her orders, the scene fell into silence. No one dared to move.

This situation made Adele feel embarrassed and angry. She turned her eyes and was about to lose her temper. "You are all so daring that you don't even listen to my orders. Do you want my Xu family to..."

At that time, Salman and Vera came over and began to persuade her in a comforting tone.

"Adele, I understand how you feel, but Fade is not an ordinary martial artist, but a Martial Arts Master. An ordinary guard can't defeat him."

"That's right. Fighting him now is just like throwing our lives away. It does not do any good to us at all."

"The most important thing right now is to think about how to treat Mandell's injuries. This is the most crucial thing now."

.....

After mentioning Mandell's injuries, Adele finally calmed down a little. Her gaze fell directly on Yulia. She said coldly, "Dr. Qin, I'll give you one last chance, are you going to operate on Mandell?"

Yulia didn't hesitate at all. She said coldly, "I'll give you the same answer as well. Either you queue according to the rules, or you can find someone else."

"You..." Adele was furious. She glared at Yulia. The fury in her eyes was almost like she was on fire.

17:17 

Felix suppressed the rage in his heart and held back his furious wife. Then, he controlled the last bit of rationality in his heart and ordered, "Contact Dr. Zhang of the Wellcare Hospital immediately. He is an expert in orthopedics. Let's transfer Mandell to that hospital."

"Yes, sir!" One of his subordinates proceeded immediately.

Immediately, the Xu family turned around and left. However, when they left, Felix and his wife turned back to look at Fade and Yulia with extremely cold eyes.

Oldric bowed and sent the Xu family away. Then, he came to Yulia with an anxious look and said, "Dr. Qin, do you know that you are in big trouble now? The person you have offended is Director Xu! This time, you and our hospital are all going to suffer!"

Yulia was not interested in listening to Oldric's long-winded words. She said coldly, "Oldric, I still have operations to carry out. If you have anything to say, you can tell me after my operations are over."

"By the way, I'll report to the superior department about what had happened when you forcibly implemented the emergency plan and caused my patient to be in danger." With that, Yulia directly turned around and left.

Oldric was taken aback when he heard this. He froze for a moment, and then angrily caught up with her. It seemed that he wanted to fight with Yulia.

But when he saw Fade's cold eyes looking at him, Oldric suddenly stopped and dared not make any big movements. He shrank back and left gloomily.

Then, Yulia went to Heinz's ward and was prepared to perform the operation on him. However, when she saw that Heinz was already able to walk on the ground with his hands on the railing, she couldn't help but look surprised. "What... what's going on?"

17:17 

Weren't his legs broken just now? How is he able to walk now?"

"Dr. Qin, Dr. Chen cured my cousin," Hailey said.

"He's cured? How did you do it? How can this injury be cured in just an hour? Are you guys joking?" Yulia's face was filled with disbelief.

However, when the two doctors explained the details of the operation, and with the footage of the surgery, Yulia finally believed their explanation.

Immediately, the way she looked at Fade changed a little. It carried some disbelief and admiration. Then, regardless of other things, she pulled Fade over to discuss about the broken bones injuries and treatment.

In the end, it was Moore who helped pull Yulia back from her working mode. "Yulia, it's time to get off work, why don't you talk about work later. Also, I came to find you this time to retrieve the things that I've left here."

When it came to this, Yulia's expression changed. She was silent for a moment before she nodded and said, "I've kept those things at home. Since you are here, let's have dinner at my house tonight. I'll pass it to you then."

"Let's not have dinner, it's too much trouble for you. I'll leave after taking back my things," Moore said.

Hearing this, Yulia looked at Moore and said solemnly, "Are you going to leave after retrieving it? Am I a storage place for you to keep your things and nothing else?"

"Yulia, that's not what I meant. I, I'm just..." Moore got nervous and wanted to explain, but he didn't know what to say.

When Yulia noticed this, she waved her hand and said, "Alright, there's no need to explain. It's a done deal then. You shall stay for

17:17 

dinner and treat it as a compensation for keeping your things."

Moore couldn't refuse such a determined attitude. He could only nod his head in agreement.

Then, Yulia changed her clothes and was about to get off work. Hailey and Clara stayed in the hospital to take care of Heinz. Fade, Moore and Joey went to Yulia's house together.

Yulia and Moore were walking in front. The two of them were chatting from time to time, and the atmosphere was a little awkward.

Joey and Fade walked behind and chatted with each other. During the chat, Fade finally understood. It turned out that the thing Moore said he wanted to retrieve in Southzobe City was at Yulia's house.

However, judging from their tone and reaction, it seemed that they were not just simple friends who had helped store things for each other.

17:17 

Chapter 1523

At that moment, Moore, who was walking side by side with Yulia, felt as if a ray of light was shining on his back. He felt very uncomfortable.

After chatting for a while, he could only change the topic with a smile. "Yulia, so sorry about today. The Xu family is very powerful in Southzobe City. If you offended them, I'm afraid you will be in danger."

"I'm already used to this kind of thing. If they want to take revenge, I'll be ready. The worst case scenario is that I just have to work somewhere else. It doesn't have much impact on me," Yulia said faintly. She was used to these things. However, when she reached the end of her sentence, she suddenly turned to look at Moore and said with a slight sigh, "Anyway, I'm all alone. It doesn't matter where I go. No one cares."

Hearing this, Moore's body stiffened and he didn't have any expression. He glanced at Joey. Then, he let out an awkward chuckle and didn't dare to comment on Yulia's words.

Yulia sensed that something was strange about Moore. She looked in Joey's direction and then lowered her voice, "You've changed a lot. It's because of that girl, right?"

"Is she your new lover?" Yulia raised her eyebrows as she looked at Moore.

Moore quickly explained, "Of course not, she is my..."

17:17 

Not waiting for Moore to finish his explanation, a few people suddenly appeared on the dark street in front of them and blocked their path.

"Who are you all?" Noticing that something was strange, Moore immediately shouted sternly.

Suddenly, a middle-aged man with a flattop haircut in his forties came out. His name was Downie. Behind him, there were seven or eight gangsters.

Downie stared at Yulia and said with a smile, "Dr. Qin, you got off work early today! I'm sure you have time. Mr. Kou wants to invite you to dinner. Hence, he sent me here to pick you up. I would appreciate it if you follow us."

Yulia was obviously very familiar with this group of people. She raised her brows and said coldly, "I'm sorry, I'm not free today. About having dinner together, we'll talk about this next time!"

After saying that, Yulia took a few steps forward and was about to walk past them.

However, Downie waved his hand and his men once again blocked Yulia's way.

Downie looked at Yulia with a sneer and said, "Dr. Qin, Mr. Kou has been asking you out for about a month. You always say that you are not free. That's not so nice of you to reject him!"

"I really have something to attend to. I don't have time!" Yulia said.

"Are you not free?" Downie sneered, then pointed to Moore and asked Yulia, "What about this guy? Dr. Qin, you don't have time to eat with our boss, but you have time to be with this man. What does this mean? Are you looking down on our boss?"

"That's not what I meant! Moreover, Mr. Chen is just my colleague. It's nothing like what you are thinking," Yulia explained with a

17:17 

frown.

Downie said, "Colleague? Haha, Dr. Qin, are you trying to lie? You just mentioned that you are taking him home for dinner. Do you think that I didn't hear it?"

"You don't want to have dinner with our boss, but you are bringing this man home for dinner. Dr. Qin, you are not doing this right! Is this young gigolo just handsome, or is he good at that sort of thing?" Downie began to approach Yulia, and his tone became unkind.

Moore was a handsome man. After getting back together with Joey, he didn't need to hide himself anymore. He looked even younger in his outfit. Therefore, Downie called him a 'young gigolo'.

Yulia frowned and said coldly, "Downie, be careful with your words. You are insulting me."

"Be careful? Yulia, you really think that you are that important!" Downie said with a sneer, "Let me tell you, you should be honored that Mr. Kou likes you."

"Our boss is being respectful and he didn't do anything to you yet. Just because he gave you flowers and invited you to dinner everyday with great sincerity, do you really think we don't dare to do anything to you?" Downie said in a sharp voice, "Let me tell you, before I came here today, our boss gave us orders. If you still refuse today, I'll have to take you to him no matter what."

"You..." Hearing this, Yulia's expression changed and she took a few steps back.

With a grim smile on his face, Downie waved his hand and led his men to approach Yulia. "Are you trying to run? Do you think in Southzobe City, you can run away from Mr. Kou?"

"Mr. Kou has run out of patience. Today, he has booked a room in the hotel and is waiting for us to bring you there. Mr. Kou must

17:17 

meet you today and have a taste of such a beautiful doctor like you."

"Of course, Mr. Kou had said that if he is satisfied, perhaps he could let us have a good time as well." Downie licked his lips and approached Yulia with a perverted look, "Dr. Qin, I am looking forward to this night!"

"Don't, don't come near me. Otherwise, I'll call the police." Although Yulia was strong and calm, she still couldn't help but feel nervous when faced with such situation. She stepped back and took out her phone as she tried to call the police.

However, Downie stepped forward, grabbed Yulia's phone, and crushed it into pieces.

Then, he approached Yulia with a grim smile.

Behind him, Fade and Joey noticed this. Joey could not help but say to Fade, "Fade, this is the chance. Don't you want to be a hero and save the beauty? Haven't you always liked this kind of thing?"

Fade rolled his eyes at Joey and said, "What do you mean that I always liked this kind of thing? I was just saving people all this while, and nothing more."

"Besides, Dr. Qin is already thirty-seven or thirty-eight years old. How can I..."

"Why not? Dr. Qin looks like she's in her early thirties, and she is no different from a girl in her twenties. Besides, men like you love Dr. Qin's face and body figure, right?" Joey said like she understood Fade very well.

Fade was speechless. He quickly changed the subject and said, "I don't have to do anything at all. Master Chen and Dr. Qin are obviously very close. He will definitely do something."

However, just as Fade finished his words, Moore ignored Yulia. Instead, he ran to Fade's side and said, "Fade, quickly, help Dr.

17:17 

Qin."

"Oh, this..." Fade was really surprised. He said doubtfully, "Master Chen, you are right beside Dr. Qin, why don't you help her instead? Downie is only at the Black Level. He is no match for you!"

"Well, about this. It's not appropriate for me to step up instead." Moore couldn't explain, thus he urged Fade and said, "Don't ask so much. Go and save her, or they will hurt Dr. Qin."

17:17 

Chapter 1524

Fade glanced at him and found that Downie was about to grab her. He knew then that he couldn't delay any longer. Therefore, Fade rushed towards the group of men. "Stop!"

Hearing the shout, Downie turned his eyes and saw Fade. Then, he shouted with disdain, "Who are you? Get out of my way. Don't interfere with our work."

However, before Downie could even finish his words, he heard a series of crackling sounds around him, accompanied by a series of wails.

When he turned his head, he noticed that Fade had knocked down all eight of his followers to the ground and they could not move.

"You..." Downie was shocked and looked at Fade.

But before he could finish his words, Fade punched directly at Downie's lower abdomen and kicked him away.

Downie spat out a mouthful of blood, and his face was full of pain and shock.

When he saw Fade approaching him step by step, he couldn't help but be nervous, and his eyes were full of fear. "You, don't you come any closer. I'm telling you, I'm Mr. Kou's subordinate. If you dare to hurt me, Mr. Kou won't let you go..."

Fade did not pay attention to Downie's threat at all. He kicked him directly and knocked him out. Then, he dusted his hands and

17:17 

walked back. He said to Yulia, "Dr. Qin, it's done."

Yulia looked at Fade in surprise. She had heard from Salman that Fade was a Martial Arts Master when they were at the hospital, and she also saw the scene where Fade defeated the Xu family's guards.

However, when she saw how easily Fade defeated Downie in front of her, Yulia could really feel Fade's power.

"Dr. Qin, are you all right?" Fade couldn't help but raise his voice when he saw Yulia in a daze.

Only then did Yulia come to her senses. She quickly shook her head and said, "I'm fine. Let's go!"

And then, they continued on their journey home.

On the way, under Joey's questioning, Yulia finally told them the whole story regarding Maldrick Kou.

It turned out that a month ago, when Yulia went out to tend to patients, she treated a wounded worker in the factory. The factory owner happened to be at the scene. When he saw Yulia, he was fascinated by Yulia's good looks, mature character, and exquisite medical skills.

Therefore, the factory owner immediately began to pursue Yulia. He sent flowers and gifts to her every day.

However, Yulia had gone through this many times. She didn't even give any reaction at all. It was just like usual and she rejected him directly.

She had thought that after being rejected many times, this pursuer would give up in the end like her previous admirers.

But to her surprise, after she turned him down, his pursuit did not slow down. On the contrary, it became fiercer, and his actions got more and more daring.

17:17 

After a brief investigation, Yulia found out that the factory owner was not an ordinary person. Besides the mechanic factory, he owned more than 30 companies, more than 20 factories, dozens of mansions and villas. Thus, he had assets worth more than billions.

Moreover, Maldrick Kou was a good martial artist as well. He came to Southzobe City alone more than 30 years ago, and relied on his own martial arts to earn his current value.

The assets under his name were just a part of his identity as a businessman. His real power was based on him having the highest position of the underground world in Southzobe City.

Some people even said that in Southzobe City, the day belonged to the Xu family, while the night belonged to Maldrick.

Being pursued by such a gangster, Yulia was also shocked at that time. She was a little worried and scared.

However, in the days that followed, even though Mr. Kou's pursuit was intense, he did not go overboard. Hence, Yulia gradually got used to it and thought that this was all Mr. Kou would do.

She didn't expect that after Maldrick had lost his patience, he would immediately reveal his gangster side as the underground boss and directly play tough.

If Fade and Moore hadn't been there on this day, Mr. Kou would have ruined Dr. Qin that night.

Thinking of this, Yulia couldn't help but express her gratitude to Fade again. At the same time, she gave a scornful look at Moore, who had just ran away earlier.

Moore could only shrink his head and pretended that he didn't see anything.

17:17 

When it was getting dark, they finally arrived at Yulia's home. It was a high-end community in the Southzobe City with an incredible housing price of 51,000 yuan per square meters.

However, for a doctor at Yulia's level, this price was naturally nothing to her.

After returning home, Yulia immediately changed into her casual clothes. Then, she rushed into the kitchen and began to get busy.

About an hour later, a table full of hot and fragrant dishes were served, and they began eating dinner.

Fade tasted the dishes cooked by Dr. Qin and couldn't help but be surprised. He didn't expect Yulia, a successful career woman, to be able to cook such delicious food. Her cooking standards could even be compared with a chef from a hotel.

Instantly, forks and spoons started moving, and everyone ate excitedly.

When Yulia saw this, a smile appeared on her lips. Then, she seemed to have thought of something. She turned around, went to the wine cabinet and took out a bottle of wine. "Come, let's have a drink."

With that said, Yulia volunteered to pour everyone a glass of wine.

Seeing this, Moore was slightly surprised and asked, "Yulia, why do you want to drink wine all of a sudden? Didn't you..."

Speaking of this, he shut his mouth and did not continue.

Yulia squinted her eyes. Then, she said, "There's no problem with drinking a little bit. We can also relax a little. Besides, I'm happy today. Let's have a drink together."

They had to drink along. When he drank the alcohol, Moore was shocked again and asked, "What alcohol is this? It's so strong!"

17:17

Then, he grabbed the bottle in Yulia's hand and looked at it. "Yulia, what are you doing? This has 60 percent alcohol? Are you out of your mind? Change it, forget it. Stop drinking, stop drinking."

With these words, Moore was about to take the alcohol away.

However, Yulia snatched it back and gulped down a mouthful of it. "I want to drink. Don't worry about me. Why do you even care?"

Perhaps, it was because she was not used to drinking, or perhaps it was because the alcohol was too strong. After taking a huge gulp, Yulia immediately started to cough.

Moore quickly snatched the bottle away and shouted, "What are you doing? You are drinking such a strong alcohol. You are just abusing yourself."

"That's right, I want to abuse myself. It's none of your business!" Yulia became agitated. She stared at Moore with a red face and said, "Since you've rejected me, you are no one to me and it's none of your business. Give me the alcohol. I want to drink it. Give it to me!"

"I won't give it to you!" Moore said firmly.

"Give it to me. Quick, give it to me!" Yulia extended her hand to snatch it.

"No!"

"Give it!"

.....

17:17 

Chapter 1525

In the midst of the fight, the two of them lost their balance. Yulia's body swayed and she was about to fall to the ground.

At this critical moment, Moore couldn't care less about anything else. He turned around and hugged Yulia to prevent her from falling down.

Immediately, Yulia felt a warm embrace. She suddenly calmed down and lay in Moore's arms. Her face was blushing as she looked at Moore with teary eyes. She said, "Why, why did you reject me? Is it because I'm not good enough? Tell me, I can change!"

"Yulia, no, it's because I..." Moore said.

When Fade and Joey saw this, even if they were amateurs in love, they could see that there must've been some kind of relationship between the two of them.

Therefore, both of them took the initiative to leave the table and hurried out.

"We are full. You guys can continue!"

"The night view outside is nice. We'll go out for a walk."

.....

As they spoke, the two of them dashed out of the room and went downstairs.

17:17 

Moore and Yulia were the only ones left in the large room. Moreover, at that moment, they were hugging each other intimately. Even the air seemed to have become warm.

"Moore, can you please accept me?" Yulia asked.

Moore's throat felt dry. Finally, he shook his head and said, "I, I... I can't!"

Immediately, Yulia looked disappointed. Tears almost gushed out of her eyes, but Yulia gritted her teeth and held them back. In the end, she asked in a tearful voice, "Can you tell me the reason?"

"This, I..." After pondering for a moment, Moore finally nodded and said to Yulia, "I will tell you everything."

"It all started twenty years ago, at that time, I..."

.....

After strolling outside for about an hour, Fade and Joey returned to Yulia's house.

When the two of them knocked on the door and went in, they saw the two people sitting opposite of each other on the sofa with smiles on their faces. Fade and Joey's eyes could not help but be filled with curiosity.

"Dr. Qin, you..." Joey asked cautiously.

However, before she could even finish, Yulia was very enthusiastic. She got up, grabbed Joey's hand, pulled her to sit down beside her, and said, "So you are his daughter. You are so beautiful. Your mother must have been very beautiful back then as well."

"Dad, you..." Hearing this, Joey couldn't help but look at Moore in surprise.

17:17 

Moore laughed and said, "I've told Dr. Qin everything about our relationship."

"Then, Dad, you and Dr. Qin..." Joey's eyes looked at the two people, and she asked carefully.

Moore looked at Yulia with an inquiring expression. When he saw Yulia nod her head, he let out a soft sigh and started explaining, "Actually, Dr. Qin and I knew each other..."

Joey and Fade finally figured out the relationship between Moore and Yulia.

In fact, things were almost the same as what they had guessed.

A few years ago, when Yulia was out treating patients, she faced difficulties and Moore rescued her when he walked past the area. After that, Yulia expressed her gratitude to Moore and the two of them became acquainted with each other.

At first, Moore, who was fleeing back then, didn't want to make more acquaintances. However, Yulia who had just returned from studying abroad, was someone who dared to love and didn't mind at all.

In the beginning, she just wanted to thank Moore for saving her life. After meeting each other for several times, she was surprised to find that Moore was not a gangster like her first impression of him. Instead, he was a very handsome man and even better looking than movie stars.

Moreover, in terms of personality, Moore was clear-minded, firm and brave, which made Yulia like him even more. Therefore, Yulia, a beautiful doctor who had never fallen in love with anyone, admired Moore and then pursued him boldly and aggressively.

Moore was fleeing for his life back then, and he was very worried for his wife and daughter. He was still thinking about how to take revenge on the Chiang family. Naturally, he wasn't in the mood to accept Yulia's pursuit. He had rejected Yulia's confession several times without hesitation.

17:17 

But to his surprise, Yulia's patience and determination exceeded his expectations. For almost half a year, Yulia kept expressing her love towards Moore.

Even if Moore was like a rock, he would also have a soft spot for her. Moreover, Yulia was a beautiful woman with a good figure and appearance.

Indistinctly, Moore also had a good impression of Yulia. However, because he was constantly thinking about his wife and daughter, Moore was able to control himself and didn't go any further. The two of them had become close friends since then.

Yulia had also changed her strategy. She wanted to use this long-term companionship to slowly build up the relationship between Moore and herself, so that in the end, they would be closer and could be together for the rest of their lives.

Initially, if everything went well and continued like that, Yulia's idea might've really succeeded.

However, at that moment, the Dragon Mausoleum matter happened. For the sake of finding his wife and daughter, as well as to take revenge, Moore still went to the Dragon Mausoleum to explore. Thus, a series of events happened, and now the situation was like that.

After finding his daughter and knowing that his wife was likely to be still alive, Moore's heart, which had fallen for Yulia, was shut away from her. Moreover, because he didn't want his daughter to know, Moore deliberately distanced himself from Yulia. This was also the reason why he didn't personally rescue her earlier. Instead, he had asked Fade to help instead.

At the end of the story, Moore looked at Joey with a somewhat uneasy expression. He was very worried that his daughter who he had finally found would leave him again.

Joey's reaction took Moore by surprise. With an emotional expression, she looked at Yulia and said, "Madam Qin, if it weren't for

17:17 

the fact that you are pursuing my father, I would have supported you."

Hearing this, Moore was speechless, and he almost fell to the ground.

Later on, when he noticed that Yulia and Joey were so close that they began to talk about him, Moore really didn't know whether he should be happy or sad.

The two girls were so excited that they talked for more than an hour. Finally, Joey suddenly thought of something, thus she looked at Moore and said, "By the way, Dad, didn't you say that you left something in Madam Qin's place? What is it?"

When they heard this, they came to their senses and remembered the purpose of their visit to Yulia's house.

After that, Yulia took out the items that Moore had left behind. It was just a simple metal box. When they opened the box, there were some bank cards, keys, and other stuff on the top.

Below these items was a letter, a posthumous letter that Moore had written himself.

He knew that it was dangerous to explore the Dragon Mausoleum, thus he made preparations in advance and left all these things with Yulia.

17:17 

Chapter 1526

After taking these things out, there was an old and simple folder at the bottom.

Moore carefully picked up the folder and opened it. There were some photos, notes and some other things in the folder.

After taking a closer look, they noticed that the person in the photo was a beautiful girl with a sweet smile. The note was also written with concerned greetings and reminders, and even some small complaints.

There was no need to say further. Fade and the others understood it at a glance.

The photos and the notes must be the belongings of Joey's mother, Daisy Luo. These were also the treasures that Moore cherished the most, and they were carefully kept.

Looking at these old belongings, Joey seemed to be sad.

On the other side, when Yulia saw Moore looking at the old photos, she sighed lightly. She knew that if a man was looking at a woman with those eyes, she wouldn't have a chance.

.....

Just as Fade and the others were talking about the past in Dr. Qin's house.

Meanwhile, in the Wellcare Hospital of Southzobe City, Dr. Zhang, an expert in orthopedics, walked out of the operating room with sweat all over his head. He shook his head to Felix with regret and said, "Director Xu, I'm really sorry. Mr. Mandell's injuries

17:17

are too serious. I've tried my best but failed to save his arms and legs. Now, the best solution is amputation."

Upon hearing this, before Felix could even speak, Adele who was next to him suddenly shouted. She grabbed Dr. Zhang and said angrily, "What did you say? Amputate my son? Are you kidding? I'm telling you, I don't care what methods you use, you must cure Mandell no matter what."

Dr. Zhang looked helpless, "Madam Han, Mr. Mandell's bones have been completely broken. Even the doctors from Micovia can't cure him. There is nothing we can do!"

"What do you mean there's nothing you can do? Yulia said that there's a ten percent chance. Why can't you do it? You..." At this moment, Adele was starting to make a fuss.

Dr. Zhang was speechless. He only could bow his head and accept Adele's anger.

Felix was quite calm. He pulled back his wife who was ready to do something, looked at Dr. Zhang and asked, "Is there really no other way, Dr. Zhang?"

Dr. Zhang shook his head and said, "Director Xu, we have tried our best. Just now, we have also contacted the experts of orthopedics in the Capital City for a video consultation, but there is still no way to cure him."

"..." Felix was silent for a while and then sighed. He nodded to Dr. Zhang and said, "Dr. Zhang, thank you for your hard work. I'll place Mandell in your hands then."

"Director Xu, don't mention it. This is my job," Dr. Zhang said in a hurry and then took the initiative to leave.

"Why did you let him go? Why didn't you let me teach him a lesson? Felix, are you just going to give up on our son? You..." Adele almost lost control at that moment.

17:18 

Felix's face was pale, and he shouted at his wife, who was going crazy, "Enough, can you please calm down."

"Calm down? Mandell is going to be amputated, and he will be disabled for the rest of his life. How can I calm down?" Adele said furiously.

Felix gritted his teeth and said in a low voice, "Old Master is about to arrive. Is it appropriate for you to act like this? Moreover, things are already set. Since the outcome can't be changed, then we must make that guy pay the price."

Hearing this, Adele gritted her teeth and said, "I will tear that Fade into pieces!"

At that moment, there came the sound of footsteps. The couple looked up and saw an old man coming over with a serious face. It was Pascha.

Behind Pascha, the couple, Salman and Vera, had also followed him.

"How is Mandell?" As soon as Pascha came in, he immediately asked with concern.

Felix shook his head and said in a deep voice, "Dr. Zhang has tried his best to treat him, but there is no other way. Amputation is the only way."

"What? Amputation?" When Pascha heard these two words, his expression suddenly became cold. "Why didn't you go to Genuine Hospital to let Dr. Qin treat him? She is an expert in orthopedics."

"This..." Felix sighed again, "We were transferred from Genuine Hospital. Dr. Qin refused to treat Mandell."

"What? Where did Yulia get the guts to refuse our Xu family?" Pascha shouted furiously.

Then, Adele told Pascha in a crying voice about what had just happened at Genuine Hospital.

17:18 

After listening to her, Old Master's face was gloomy and his eyes were red. He clenched his fists and said, "This is too much. This Yulia really thinks highly of herself. How dare she disrespect the Xu family. Call Morgan from the Health Bureau right away and ask him to handle this matter."

The secretary behind the Old Master nodded and immediately went to make the call.

"Fade is the most hateful one. Not only did he obstruct Mandell's treatment at the hospital, but he is also the culprit who broke Mandell's legs. We must punish him severely," said Adele.

On the side, Vera couldn't help but add, "That guy broke Keith's legs as well."

Pascha's face was full of anger, and he said in a low voice, "That Fade should be killed. Contact Mr. Wang from the Public Security Bureau and ask him to file an arrest immediately. I want to see Fade inside the police station within an hour."

The secretary nodded again and was ready to make the call.

But at that time, Salman said, "Dad, I'm afraid ordinary police can't deal with Fade."

"Tsk... Does he dare to fight against the police as well?" Pascha said in a deep voice.

Salman said, "Dad, Fade is a master of martial arts, and he has reached the level of a Martial Arts Master. He is more powerful than Windley, a semi-master in Southzobe City. If we let the police deal with this kind of martial artist, I'm afraid they won't be able to catch him at all."

"Martial Arts Master?" Even if Pascha didn't know much about martial arts, he knew what it meant to be a Martial Arts Master. Instantly, his face darkened.

17:18

At that time, Salman got an idea. He suggested, "Dad, the ordinary police can't deal with Fade, but there is someone who can."

"Who?" asked Pascha.

Salman said, "The Stealth Team."

Speaking of this, Pascha suddenly realized and nodded. "I almost forgot that the Stealth Team was specially developed in our country to deal with martial artists who violate the law. Let's leave this matter to Stealth then."

Salman immediately agreed and said, "Dad, that's exactly what I meant. On the other hand, the Stealth Team represents the dignity and reputation of the government. Even if Fade is a Martial Arts Master, he will not dare to oppose the government. At that time, we will definitely be able to arrest him and send him to the military court."

17:18 

Chapter 1527

"It would be too forgiving to have him sentenced at the military court. I want him dead instead!" Adele said while gritting her teeth.

"Adele, as long as that boy is under our control, with father's power, the way we kill him would be up to us," Salman said.

Pascha said, "That's it, take control of that kid first before anything else. Let's make sure he can't escape."

"Give me the phone. I'll call Afton of the Stealth Team of Southzobe City personally. Those days, when he came to study in Long City, I was his teacher. He may still give me some respect."

After that, Pascha dialed a phone number himself.

"Hello, good day. May I ask who is this speaking?" The tone on the other end of the line was somewhat polite, and he did not recognize that it was Pascha on the line.

This voice suddenly made the faces of Felix and Vera, who were standing on the side, darken. They seemed to be a little unhappy.

However, Pascha didn't care about it. Instead, he relaxed his tone and said, "Is this Director Afton of the Stealth Team in Southzobe City? I am Pascha Xu, the former deputy minister of the Ministry of Commerce."

Hearing Pascha's introduction, the person on the other end of the line immediately changed his tone, "Master Xu, oh. I drank too

17:18

much today and I'm feeling dizzy, thus I didn't recognize your voice. I'm really sorry. Master Xu, please forgive me."

"Director Afton, you are too kind. I have retired, and now I am just a worthless old man. You can call me Mr. Xu," Pascha said politely.

"No, of course not. You've retired, but in my heart, you are still Master Xu," Afton said quickly.

Pascha said, "Director Afton, I'm touched that you still care so much about me!"

"I had once learned from you, Master Xu. Come to think of it, I am still your student, right? A student should always remember his teachers. This should be the right way," said Afton.

"Director Afton, I'm so honored that you still think of me as your teacher!" Pascha said.

"Master Xu, you are too polite. You can just call me Afton. In front of you, how dare I call myself a director!" Afton said politely.

Pascha smiled and said, "Since I'm older, allow me to address you as Afton then."

"Master Xu, please, go ahead," Afton said. After exchanging polite greetings, he finally began to bring up the topic. "Master Xu, what can I do for you since you called me so late at night?"

When it came to business, Pascha's tone couldn't help but get deeper. He sighed and said, "Actually, something happened in my family. It's a little troublesome, thus I need your help for something."

"Your business is my business, Master Xu. If you have any orders, just let me know. I will do my very best without hesitation," Afton said in a firm tone.

"This is what happened. My grandson, Mandell, was at a bar today..." Then, Pascha told him about how Mandell had been beaten

17:18

until he was paralyzed.

Of course, from his perspective, it was natural that Mandell was abiding by the law. Fade, on the other hand, was ferocious and had broken Mandell's four limbs without a reason.

After Afton on the other end of the line had heard this, he immediately said in a harsh voice, "He actually hurt Mr. Mandell. Our Stealth Team will not tolerate this unreasonable, arrogant and domineering attitude. I will immediately organize my team to investigate and arrest him."

"Afton, he seems to be a professional martial artist, and has reached the level of a Martial Arts Master. Will it be too difficult for your team?" Pascha asked with concern.

When Afton heard the word 'Martial Arts Master', he couldn't help but be flustered. However, he immediately patted his chest and said, "Master Xu, you can rest assured that no matter who he is, even if he really is a Martial Arts Master, our Stealth Team will not let him go. This is the law of the country, and no one is allowed to violate it. We must arrest the criminal as soon as possible and give you and your family an explanation."

"Then, I'll thank you on behalf of the Xu family," Pascha said.

"Master Xu, you are too polite. This is my job," Afton said. After chatting for a while, he hung up the phone.

Pascha put away his phone, smiled and said, "It's settled. Afton of the Stealth Team is going to arrest him."

"That's great!" Felix and the others gritted their teeth, and their faces were full of excitement.

.....

17:18 

At the same time, Afton, who was in the Stealth Team of Southzobe City branch, hung up the phone. He immediately convened his subordinates to discuss the case of Mandell's injury.

At the meeting, Afton quickly finished his story, and then without discussing, he ordered directly, "Benzo, file the case immediately, and then lead a team of men to arrest Fade."

Hearing this, Benzo was taken aback for a moment and then said with some worries, "Afton, Master Xu mentioned that Fade is a Martial Arts Master. It seems that a team of people would not be enough."

"Are you stupid? What Martial Arts Master? A young man in his twenties is actually a Martial Arts Master, how is that possible?" Afton asked.

Benzo said, "But Master Xu said..."

"It's obvious that Master Xu is deliberately making it sound serious so as to attract my attention and urge me to handle it as soon as possible. Don't you get it?" Afton scolded.

"I see!" Benzo suddenly realized.

"Now that you've understood, why don't you get going?" Afton ordered.

Benzo was about to lead the team to set off, but at that time, someone in the office suddenly exclaimed, "Oh, how could it be?"

Hearing that shout, Afton frowned and looked at him. He stared at the person who shouted and said coldly, "Caius, why are you shouting? Where's your discipline?"

At that moment, Caius had no time to care about discipline. He rushed to Afton with his phone and said excitedly, "Afton, look at

17:18

this."

"What's there to see? You..." Afton frowned and scolded him. But when he saw the content on Caius' phone, he was also surprised and cried out, "Fade is the number one martial artist on the Dragon List. It means that his strength has reached the peak of the Black Level."

"What? Number one on the Dragon List?"

"Well, I think I heard about this. It seems that there was a mysterious competitor this year and he defeated Faxon."

"Besides, he seems to have a strong background."

.....

Hearing this, Afton couldn't help but shiver. He quickly waved his hand to stop Benzo, and then said seriously, "Use all your means to investigate Fade's information."

"Yes, sir!" Everyone immediately busied themselves with work.

Afton walked to his desk, turned on the computer and clicked into a special website. Then, he entered a series of passwords, and began to search for Fade's related information.

17:18 

Chapter 1528

Half an hour later, in the Stealth Team of Southzobe City branch, Afton put down his cell phone and his face looked displeased. He murmured, "Fortunately, we checked it beforehand. Otherwise, I would have caused a big disaster."

"Benzo, stop all operations against Fade and retreat immediately," Afton ordered.

Benzo was also frightened at that moment. He nodded quickly and then began to give orders.

After making sure that the operation was stopped, Afton looked at the information he had found on the website earlier. His heart still couldn't help beating quickly and he was scared. "I didn't expect him to be that famous man. Fortunately, we didn't proceed with the operation. Otherwise, I would definitely be in trouble."

Just as Afton was sighing, his phone rang.

When Afton saw the familiar phone number, his face suddenly changed. "It's Pascha, Master Xu calling."

Thinking for a while, Afton adjusted his posture and cleared his throat. Then, he picked up the phone and said, "Hello, Master Xu."

"Afton, I'm sorry to trouble you on Mandell's matter. How's the operation? Have you arrested him yet?" Pascha asked directly about his main concerns.

When Afton heard this question, he couldn't help but be flustered. He almost cursed in his heart.

However, he obviously couldn't say these words, and Fade's identity was confidential. He couldn't expose it and of course, it

17:18 

shouldn't come from Afton's mouth.

Hence, Afton paused for a moment and came up with an excuse. He said, "Master Xu, it's a little complicated. We need to carefully investigate this matter first."

Pascha was experienced in dealing with official affairs. When he heard Afton's tone, he immediately realized that something was wrong. Suddenly, his voice sank and he asked, "Afton, is something wrong? Or, is there any problem?"

Afton explained, "Master Xu, this, this matter is indeed a little troublesome. I'm afraid that we can't simply arrest the person that you mentioned."

Hearing this, Pascha's expression became even more gloomy, "Why can't he be simply arrested? Why? The Stealth Team should be the one in charge in dealing with martial artists who committed crime."

"In theory, that's true, but this case is a little special," Afton was still explaining.

However, Pascha, who was on the other end of the line, was already a little unhappy. "Special? How special? Or, is it cause that person is more powerful and you no longer have any respect for me."

Hearing this, Afton knew that Pascha was angry. He quickly explained, "Master Xu, that sounds too extreme. No matter what, I dare not to disrespect you!"

"If you still have some respect for me, then send someone to arrest Fade and charge him for his crime," Pascha said coldly.

Afton looked hesitant, and he said, "Master Xu, I'm afraid this is really impossible for me!"

"Why can't you do it? You are the director of Stealth Team and also a Black Level martial artist, aren't you? What's there that you

17:18 

can't do?" Pascha was obviously angry.

Afton couldn't explain it. He could only repeat, "Mr. Xu, I'll tell you the truth. We can't do anything to Fade, thus you'd better not harm him as well. Otherwise, it will do no good to us and the Xu family."

"We shouldn't do anything to him?" Hearing this, Pascha couldn't help but be shocked. Then, he said, "We shouldn't do anything just because he is a Martial Arts Master? Even so, the Stealth Team is an official department of the state, I'm sure a Martial Arts Master like him would not dare to resist."

"Master Xu, I can't explain this further. I can only remind you to not be in conflict with Fade," Afton said.

Hearing this, Pascha snorted coldly and said, "It seems that after my retirement, no one respects me anymore. Some people just won't listen to me. In that case, I won't bother you, Afton. I will think of a way myself."

"Master Xu, that's not what I meant. I..." Afton still wanted to explain, but Pascha already hung up the phone.

Listening to the buzzing sound from the phone, Afton's face was very upset. He sighed and said, "I have reminded you and done what I could. Whatever happens to the Xu family will depend on your choice."

.....

At the same time, on the Xu family's side, Pascha hung up the phone with a serious look, and his face was obviously filled with anger.

At that time, Felix, Adele, Salman and Vera all came over and looked at the Old Master as they asked him.

"Dad, how is it going? Is there any news from the Stealth Team?"

17:18 

"Did they arrest him?"

"Do we need to go there now?"

.....

Pacha's face was totally upset. He snorted and said, "Afton cancelled the operation because he doesn't want to help me."

"What? The operation was cancelled?"

"What is wrong with that Afton guy? Does he not respect us, the Xu family?"

"Since he became the director of the bureau, he really thinks that he is powerful. How dare he even look down upon our Xu family!"

"We can't let him go. We have to teach him a lesson. Otherwise, everyone will think that our Xu family is easy to bully."

.....

With a cold face, Pascha said in a deep voice, "We must do something to the Stealth Team. However, that is not the priority. Right now, the most important thing for us is to capture Fade and take revenge for Mandell."

After a pause, Pascha looked at Salman and Vera, and then added, "Of course, for Keith as well."

"But, Dad, the Stealth Team didn't take action and Fade is also a master of martial arts, how can we catch him? The ordinary police and the Xu family's guards are no match for him!" Felix said hurriedly.

Pascha snorted coldly with a hint of evilness in his eyes. He said in a cold voice, "If an ordinary person is no match for him, then we should invite someone extraordinary."

17:18 

"Someone extraordinary, who?" Felix asked.

Pascha said a name in a low voice, "Maldrick Kou."

Hearing this name, the Xu family couldn't help but be taken aback. Then, they began to discuss it.

"Maldrick Kou, the boss of the underground society."

"Well, he is indeed a martial artist, and he seems to be quite powerful."

"He does have some tricks, and also some strong men working under him. It's a good choice."

.....

"However, Maldrick's martial arts strength seems to be only around the Earth Level, and there is still a certain gap between him and Windley, a semi-master. I'm afraid that he would be no match for Fade. Can such a person fight against Fade?" Salman reminded him.

Hearing this question, Felix and the other people's faces darkened.

When it was silent, Pascha said, "It's not necessary for us to fight one-on-one. Sometimes, a strong martial artist would not necessarily be the final winner. In order to win, besides fighting face-to-face, there are many other tricks to use."

17:18 

Chapter 1529

Upon hearing the Old Master's words, Felix and the others suddenly came to a realization, and it seemed like they were enlightened.

"Indeed, that's right. Maldrick is involved in the underground society and doesn't need to compete with Fade face-to-face. He knows all sorts of tricks such as assassination, sneak attacks, and poisoning. There must be a way.."

"Adding to that, although a martial artist is powerful, in the end, the only weapon he could rely on is his body. Now, it's the era of using physical weapons. I don't believe that by using guns and cannons, that so-called Martial Arts Master can still be safe and sound."

"Speaking of guns and cannons, I have a way to get some good stuff."

.....

"Alright, that's settled then. Contact Maldrick and get him to do something. I'll give him three days. If he fails, then Maldrick will be kicked out of Southzobe City. Convey this message to him clearly, understand?" Pascha ordered.

The secretary nodded immediately, then took out his phone and contacted Maldrick.

.....

In the downtown of Southzobe City, in the second basement floor of the most prosperous mall, there was a bar called 'Darkmal

17:18 

Bar' and its ambience was very happening. The loud heavy metal music was shocking, and people who danced were almost sticking to each other. They danced enthusiastically, venting their own desires.

Behind the enthusiastic dance floor, in a luxuriously decorated private room, a buff and strong looking middle-aged man, who was nearly two meters tall, was sitting on the sofa. He was holding a beautiful, sexy looking woman in his left arm with his palm touching and moving around her intimate area. His right hand was holding a bottle of alcohol while drinking it very wildly.

At that moment, a man came in from the door and reported in a panic, "Mr. Kou, Downie is back!"

"He's back? Why is he not coming in then? Did he bring her back?" Maldrick asked excitedly and directly stood up from the sofa with an expectant look in his eyes.

After all, he had been pursuing Yulia, the cold-hearted beautiful doctor, for a long time. He used all kinds of ways to pursue her, but still failed in the end. Maldrick, who couldn't wait any longer, could only ask his subordinate to bring her to him by force so that he could have a good time.

He had played with a lot of beautiful women. Some of them were younger and more beautiful than Yulia, but they couldn't make him feel particularly excited and overwhelmed like how Yulia could.

When Maldrick was extremely excited and was thinking about how he could play with Yulia, his subordinate said in a panic, "Mr. Kou, Downie and the others, they are all injured."

"What? How could they be injured? Who dares to do that to Downie and my men?" Maldrick shouted while he glared with widened eyes.

The subordinate immediately said, "It was a young man who went home with Dr. Qin. He's very good at martial arts. In less than

17:18 

three minutes, he injured Downie and the others. Moreover, Downie is so seriously injured that he can't even get up now."

"What? A young man went home with Yulia? What's going on?" Maldrick asked furiously.

The subordinate quickly told Maldrick what had happened and even took out some photos and videos from the scene.

When Maldrick finished watching, his eyes immediately turned cold and his expression was furious. On one hand, he was angry that his men was beaten, on the other hand, he was angry that Yulia and Moore were looking at each other with a different gaze.

The strong anger made Maldrick's fist crack. He gritted his teeth and punched on the table in front of him. He said in anger, "Go now and catch all of them. I want to tear them into pieces."

"Yes, Mr. Kou!" The subordinate received the order and was about to turn around to leave.

But at that moment, another man rushed in with a phone and said, "Mr. Kou, there's a phone call. It's an emergency."

"What call? Who is it? Just say I have something to do and can't answer the call!" Mr. Kou was furious and had no mood to answer the phone.

"Mr. Kou, it's, it's from the Xu family. He said that Master Xu has something to discuss with you," the subordinate hurriedly said.

When Maldrick heard about this, he was shocked and his facial expression immediately changed. "Xu family, Master Xu. Quick, give me the phone!"

Maldrick grabbed the phone and said in a respectful tone, "This is Maldrick speaking. Master Xu, what can I do for you?"

On the other end of the line, Pascha's secretary told Mr. Kou everything that happened in detail, and finally told him exactly what Pascha said.

17:18 

After hearing this, Maldrick respectfully said, "Please ask Master Xu not to worry. I will definitely accomplish this task and he would be very satisfied."

After hanging up the phone, Maldrick sat back on the sofa with a serious look on his face.

When his men saw this, they immediately gathered around with curiosity and asked one after another.

"Mr. Kou, what's the matter? Why did the Xu family contact us?"

"Is it good or bad news? Does the Xu family want to attack us?"

"Mr. Kou, don't scare us. If the Xu family wants to hurt us, we'll be in real danger."

.....

Hearing the discussion, Maldrick came back to his senses and waved his hand, saying, "Don't think too much. It's not what you think. There's something that Master Xu wants me to do. If we do it well, the Xu family will reward us. If we don't, then we won't get to stay in Southzobe City anymore."

"Master Xu has something for us to do! What is it?" The men asked.

With a gloomy face, Maldrick said, "He wants me to teach a person a lesson."

"Who is that?" The subordinate continued to ask.

"Fade Chen!" Maldrick announced his name.

Hearing this name, several of his men were taken aback and said, "Fade Chen? There is only one guy named Fade and he was with Dr. Qin earlier. He is the brat who injured Downie!"

17:18

"That's exactly him!" Shouted Maldrick in a deep voice. "Besides, the Xu family said, that kid isn't someone ordinary. He's a martial artist, and he might even be a Martial Arts Master."

"What? Martial Arts Master?"

"Then, how can we defeat him?"

"Isn't the Xu family giving us too tough of a job? He asked us to deal with a Martial Arts Master, isn't that just like sending us to our deaths?"

.....

Maldrick waved his hand to stop the discussion among his men and said in a low voice, "Don't panic. It doesn't matter whether that guy is a Martial Arts Master or not. Even if he is, we may not necessarily lose. Remember, fighting face-to-face is not the only way to kill someone. Besides, the Xu family will also help us this time."

"Mr. Kou, what should we do then?"

"How is the Xu family going to help us?"

"No matter what, our opponent is a Martial Arts Master. We must be more careful."

.....

In the midst of the discussion, Maldrick led a group of people to investigate some information and came up with a plan.

.....

17:18 

Chapter 1530

Fade and the others, on the other hand, stayed in Dr. Qin's home until nearly ten o'clock at night. They got up and said goodbye to each other, and returned to Clara's cousin, the Choo family's house.

The next day, Fade went to the hospital again and continued to treat Heinz. Since Heinz's broken leg was completely healed, he was discharged from the hospital immediately and they went back home together.

The Choo family's parents prepared a grand thank you party at home. They warmly expressed their gratitude for Fade's help to their family.

After the party, Fade, Joey and Moore went to the hotel. They planned to stay for another day to say goodbye to Dr. Qin and the others, then only would they leave Southzobe City.

After all, the purpose of them going to Southzobe City was to take back the things they had left with Dr. Qin. Now that they had done their task, they naturally had to leave.

However, just as they arrived at the hotel, they received a phone call from Clara.

"Clara, what is it?" Fade answered the phone and asked.

Clara said anxiously, "Brother Chen, bad news. My cousin is in trouble!"

"What's going on?" Fade's face darkened and he immediately asked.

17:18

Clara said, "Brother Chen, just now in the afternoon, after we finished eating, both my cousins recovered, right? Hailey was worried about her bar, thus they both went to the Forest Bar together and were preparing to tidy up the bar so that it could reopen as soon as possible."

"But no one expected that there would be gangsters causing trouble in the bar. They had an argument with my cousins. Now, they are about to fight."

"What? Is it the Xu family?" The first thing Fade thought of was the Xu family. After all, Hailey and Heinz's injuries were all caused by Mandell.

"I, I don't know." Clara said anxiously, "I'm heading to the bar with my uncle and the others right now."

"Don't worry. Wait for me, we'll go in together!" Fade ordered. He was afraid that the Xu family had arranged for those gangsters to take revenge. If so, Clara would be in danger if she went in directly.

"Okay, Brother Chen. I'll wait for you. Come here quickly," Clara said anxiously.

"Okay, I'll be there in ten minutes." Fade hung up the phone and was ready to head out.

Seeing this, Moore and Joey couldn't help but ask, "Is the Choo Family in trouble?"

"Yes, someone is causing trouble at the bar. I'm afraid that it is the Xu family who sent them. I'm going to have a look," Fade explained quickly.

"Fade, I'll go with you," Joey said.

Moore stood up as well and was ready to go together.

17:18 

But at that time, Moore's phone rang. When he looked at the number, he noticed that it was Yulia. He froze for a moment and then picked up the phone, "Yulia..."

As soon as he said her name, Yulia's panicked voice came from the other end of the line, " Moore, they came again, and this time, there are more people. They have surrounded the hospital. I dare not go out."

"What? Who came? Are they Maldrick's men from last night?" Moore asked in a serious tone.

Yulia replied, "Yes, it's them. They blocked the entrance and interfered with the hospital's operation."

"Call the police first, and then stay in the hospital. Don't go out. I'll be right there," Moore said. After that, Moore stood up and was ready to head out.

At that time, Joey didn't know what to do. Should she follow Fade or go with her father to Dr. Qin?

While hesitating, Fade said, "Joey, stay in the hotel. We will come back soon after dealing with everything."

"But... Alright then!" Joey wanted to go with them, but then she thought of something and nodded in agreement.

Then, Fade and Moore rushed out of the room one after another towards their respective directions.

The hotel was not far from the Choo Mansion. Fade soon met up with Clara and then they headed to the Forest Bar together.

When they arrived, a group of gangsters with tattoos surrounded the bar's entrance, clamoring noisily. Although they looked very scary, it wasn't like how Fade had imagined. They weren't causing trouble and beating people up.

"Fortunately, they are fine!" Fade breathed a sigh of relief, then directly broke in, pushed the gangsters away and rushed straight into the bar.

17:18 

Inside the bar, Hailey and Heinz's expressions looked terrified. After all, they had just recovered from their injuries, and now that something like this had happened again, they couldn't help but feel a sense of fear in their hearts.

"Mr. Chen, you are here!" The two people said together. When they saw Fade, they could not help but let out a sigh of relief.

Fade nodded and then asked, "What's going on? Did they do anything?"

Hailey shook her head and said, "We've just arrived at the bar this afternoon and these gangsters have already surrounded us. We were worried that they would attack us, thus we informed Clara. However, after that, they only surrounded the bar and didn't do anything else."

"I see!" Fade felt a little strange and asked, "Do you know who they are?"

"I asked, but they didn't say anything. I also called the police, but the police haven't arrived yet," Heinz added.

Fade nodded, then turned and walked out of the door. "I'll go and see what's going on."

The group of gangsters at the bar's entrance were bustling with noise. They were swinging the steel pipes and baseball bats in their hands, and their mouths were making loud noises.

"All of you, shut up!" Fade shouted, which startled the gangsters and made them quiet down.

However, they immediately shouted loudly and cursed at Fade. All sorts of vulgar and threatening words surged towards Fade.

Fade wasn't fazed at all. He said coldly, "Who are you people? Why are you causing trouble here?"

"Young man, it's none of your business. Get out of here now!"

"We just don't like this Forest Bar. Is it any of your business?"

17:18

"I like the boss here and want to sleep with her. Therefore, I brought some people here to propose my feelings. Haha!"

.....

Fade looked at the group of gangsters who looked like they were fooling around and he frowned again. He felt even more strange.

Fade smiled and he let out a cold snort. Fade grabbed the leader of the gangsters from the crowd, who looked the happiest, and asked coldly, "Answer my question."

The head of these gangsters stared at Fade and threatened him, "You brat, how dare you touch me? Do you want to die? Let me go at once."

"Let our boss go!"

"You brat! Let go now!"

"D*mn, don't you understand human language?"

.....

Fade grabbed the leader's neck and lifted him up directly. Then, he said in a cold voice with a serious face, "Answer my question. Otherwise, you will die here."
