

# The Invisible Rich Man – Chapter 2449

Watching as immensely powerful lightning bolts filled the sky, Master Trilight who was still playing the flute couldn't help but widen her eyes in shock.

‘Was this heavenly tribulation...?! How was he actually able to trigger a heavenly tribulation at his level of cultivation...?!’

Though she was now terrified, she quickly snapped out of it. If she lost focus now, things would truly be over. With that in mind, she quickly began playing the angelic flute again, making sure to maximize its power!

To her shock, a deafening roar of thunder suddenly filled the sky and shortly after, five lightning bolts broke the ancient angelic flute's seal! To make matters worse, the lightning bolts then converged before flying toward her!

With how powerful the lightning bolt now was, her purlicues were torn even before the attack got to her...!

Completely frozen in fear, Master Trilight could only yell, “N-no...!”

Right before the attack hit her, however, a wisp of black smoke suddenly appeared and blocked the giant bolt of lightning. Following that, it wrapped around Master Trilight before disappearing without a trace.

Sensing that, Gerald quickly wobbled to his feet again before looking in the direction of the black smoke. However, it had completely vanished.

Gerald, for one, knew that the demonic spirit that had saved the woman was far stronger than that demonic scorpion. After all, this unknown individual was not only able to block his fully powered up Thordifussion Method, but he had even been able to save Master Trilight! With that in mind, it was evident that this black magic user possessed power that was way beyond his as well.

‘Could that person have been master...? Even if that wasn’t, I may as well head back to discuss things with the others. We’ll surely get to know who he really is soon enough!’ Gerald thought to himself before transforming into a beam of golden light and disappearing without a trace.

As for pale faced Master Trilight, she soon found herself lying on the floor of Trilight Church. Once she was done Spurting out blood, she eventually managed to exclaim in horror, “W-what a powerful lightning bolt..! Not only his attack was able to break my ancient angelic flute, but it also injured my primordial spirit..!”

Though she hadn’t suffered the worst possible scenario, at least ten years’ worth of her cultivation had been scraped off by that attack! With that in mind, had that attack managed to directly hit her, she would’ve surely been completely eradicated!

Her train of thought was cut short when she heard an angry yell coming from beside her, stating, “You absolute fool...! Why didn’t you flee when you saw him readying the Thordifussion Method?! To think you’d actually try to deal with that attack, head-on...! Had I not sensed it in time, not even your soul would have remained!”

Immediately sitting up, she then turned to look at the very center of the church where a stone statue stood. Though the statue's appearance was hideous, there were many offerings surrounding it.
