

Chapter: 3085

No one ever believed what Ye Junlin said!

It was the first time those people in the Apocalypse Empire heard it.

Yes.

Who doesn't know there are abundant resources in these places!

But are you capable of taking it out?

Once or twice, you may not be able to encounter powerful beasts by luck!

But you can do this every time?

Can't touch it?

How unlucky you are!

That is impossible!

Judging from the resources that Ye Junlin has, he has entered the first-

level forbidden area more than once or twice.

He has to enter the first-level forbidden area several times a day in

order to have this scale of resources.

Just so many times, can you succeed?

Absolutely impossible!

For example, now Ye Junlin has said his own way and came here to get

resources.

But all the beasts in this area have come.

...

“One, two...”

The people of the Olympic Empire began to count silently according

to the breath of the beast.

Two hundred and thirty-eight beasts comparable to gods? ??

fear!

It's terrifying to the extreme!

This is definitely the most terrifying first-level forbidden place they

have ever seen.

They had encountered the most terrifying first-level forbidden area

before, and there were only one hundred and twenty beasts comparable

to gods.

This is almost double today.

And the aura in this area is too strong.

It also caused these beasts to go against the sky.

Stronger than the god-level beasts they have ever seen.

The larger the number, the stronger the combat effectiveness.

How is this done?

In this case, can Ye Junlin get the resources out?

What about dreaming?

They concluded that Ye Junlin was playing tricks on them!

There is absolutely no way that this is his method of obtaining

resources!

But it's pointless for them to discuss it now.

It doesn't matter whether Ye Junlin plays with them or not.

The question now is whether they will survive...

They didn't have any foreign aid, and the people of the Olympic

Empire didn't even know they were here.

What about Ye Junlin himself?

Forget it?

What strength can take them out!

Escaped under the eyes of more than 200 god-level beasts?

impossible!

They will all be fresh food, and they will all be eaten by these beasts.

None will survive.

They had anticipated their tragic end.

No bones left.

Even the bones will be eaten by the beasts...

All blame Ye Junlin for playing with them!

If I had another chance, I would never come here with Ye Junlin.

Just when they were struggling with inner conflict.

Those vicious beasts have already approached this small area, and the

water surrounding it is blocked.

There are even those flying in the sky, which are also obscuring the sky.

Don't give them any angles.

There are dead ends everywhere.

Don't even think about leaving alive!

One of them was not popular, and shouted at Ye Junlin: “Okay! Now I

want to see how you bring resources out?”

“Didn't you say that this is how you get resources? I want to see now,

how did you take all the resources from these beasts?”

...

This is the voice of everyone else.

All stared at Ye Junlin, wanting to see him laugh.

Since everyone can't live.

It can only be seen how Ye Junlin fulfills what he said.

But after hearing this.

Ye Junlin and Doctor Dark all laughed.

The smile was mocking.

Looking at them is like looking at fools.

This made everyone even more angry.

Are they making fun of us for being stupid?

But this is the case.

How else can they solve it?

They really can't think of any way!

Ye Junlin smiled: “Isn't it very simple?”

“Simple?”

Everyone is more confused.

“Isn't it enough to kill them all? If anyone stops you, you will kill

them!”

Ye Junlin put it lightly.

But when they heard the stormy waves in the hearts of everyone.

so easy?

Just blow it!

Who won't talk big?

Such a powerful beast!

tell me how to kill?

At this time, a vicious beast moved directly...
