

# Chapter: 3098

At the critical moment, the seven decision makers immediately shouted: “Wait!”

“Huh? What’s wrong? What’s the matter?”

Several heads of Hydra looked at them.

“Can we negotiate?”

“The seven of us are the founders and decision makers of this organization! We want to talk to you!”

Organization No. 1 said.

“Oh? Negotiations?”

Several heads of Hydra were stunned.

This is beyond their expectations.

This also stunned those who were bent on revenge.

What is this for?

“How do you say? Don’t you want revenge? Isn’t your organization founded to seek revenge on us?”

asked the head of Hydra.

The seven people smirked and said, “No! It was like this at first! But then we didn’t even think about revenge at all. We wanted revenge, but we didn’t have the strength!”

“Yeah, don’t say that there are already more than 100,000 gods in the War Bear Kingdom to protect you. Even the five thousand gods in front of you are definitely not something we can take revenge on!”

“In the beginning, we sent people to assassinate you! But then we realized that we have no strength for revenge! We gave up long ago!”

“You have also seen that now we only want to develop our own strength! How can we dare to take revenge?”

...

heard here.

Those who were bent on revenge immediately shouted: “What are you talking about?”

“You’ve been lying? You’ve never thought about revenge?”

They questioned immediately.

The seven decision-makers sneered: “Are you fools? To be honest, can revenge be successful?”

“But you have been talking about strengthening your power and seeking revenge for the Hydra!”

People who are bent on revenge are a little unbelievable.

“If you don’t, will you develop this organization wholeheartedly? With this as your goal, all of you will be willing to grow and develop the organization!”

At this time, the seven decision makers did not dare to hide.

Tell the truth directly.

In this way, it is possible for Hydra to let them go.

“you!!!”

Exploded!

Everyone who wanted to take revenge did not know that they were used.

Or that they noticed it, but the other party said it directly, which made them all angry.

Several heads of Hydra discussed with each other.

“This is indeed the case! After the establishment of this organization, there were several symbolic assassinations at the beginning, but not once after that.”

“Yeah, I have observed them, but they are developing madly now! All of them are for their own selfish desires, in the name of revenge, and take the opportunity to expand their strength!”

...

The seven decision makers also said: “My lords, not only did we not want to seek revenge on Hydra, we also took revenge on Ye Junlin!”

“Huh? And this?”

Everyone in the Hydra was stunned.

“That’s right! We have been targeting Ye Junlin since he issued a bounty order! For example, we sent someone to destroy the blood exchange record of the Empire where the sun never sets!”

Seven decision makers immediately said.

“Huh? Hahaha...”

Hydra and the others were stunned for a moment, and then they all burst into laughter.

In fact, they have been wondering, who is the one who destroyed the blood exchange record?

Never thought it was this organization.

Now that I think about it, it’s totally clear.

“Not only that, but also we were the ones who cheated him of resources with the 100,000-year-old snow lotus last time!”

The seven continued.

“Hahaha... So it’s you! We’re still wondering who the big liar is!”

The heads of the Hydra are very happy now.

After all, Ye Junlin had a blood feud with them.

Now as long as they hear that it is aimed at Ye Junlin, they are very refreshing.

The second head of Hydra guessed something and asked, “So, with the two bounty orders, it’s you who killed a lot of those who took the bounty orders, right?”

“Yes, yes, we will stop Ye Junlin’s daughter from detoxifying at all costs!”
