

# Chapter: 3099

Everyone nodded immediately: “And the last magic medicine auction, we were also present, in order to prevent Ye Xuan from getting the magic medicine!”

“I see, it’s you! Who am I talking about?”

“You guys are very bad. In order to prevent Ye Junlin from detoxifying his daughter, he will do whatever it takes!”

The two heads laughed.

“Yeah, we’ve been stopping Ye Junlin! Recently, we’ve been trying to get his idea and get resources from him...”

The seven decision makers and others shouted.

“Hahaha... Not bad! As long as we target Ye Junlin, we have to talk!”

Several heads of Hydra laughed.

Previously, their thinking was that no matter what the other party said or offered, they would be massacred.

But it never occurred to me that this organization had been targeting Ye Junlin all the time.

whatever their purpose.

As long as they target Ye Junlin, they are friends.

This is what the organization did not expect.

Never thought that after Ye Junlin was proposed, the heads of the Hydra leaders actually softened.

It looks like they are not ready to target them.

It’s something to talk about!

The seven decision makers took the opportunity to continue their climb. They pointed to the extremists led by No. 8 who were bent on revenge, and said: “There is a group of us who want to seek revenge against Hydra! We have stopped it over and over again.!”

Their direct descendants, the five who invited Ye Junlin at the beginning, also immediately echoed: “Yes, we have stopped it many times!”

“you.....”

This made No. 8 and them all pissed off.

Never thought that these shameless guys would even sacrifice them.

The key is to sacrifice to the Hydra with a blood feud to protect them.

They can’t stand it!

...

The seven decision makers ignored them at all and continued to kneel and lick the Hydra.

“So we have no idea of revenge at all, so this is all a misunderstanding! We don’t need to fight each other!”

“It is very easy for you to slaughter us all. Five thousand gods do it, and we can’t even hold it for half an hour!”

“But if we don’t die, the value is even greater! It won’t pose any threat to you!”

...

Looking at the enemies who have a monstrous blood feud with him, he kneels and licks them thinking of the law.

They really want to laugh.

Strength is king!

Have the power to change the laws of this world!

Obviously everyone who hates you is going to die, but they want to kneel and lick you, and keep saying that they have no hatred for each other. They don’t dare to admit that they have hatred, and they even plead with them.

Cool!

How refreshing!

These guys in front of the key are also madly targeting Ye Junlin.

This is more refreshing.

“My lord, let’s have a good discussion, we are friends, not enemies!”

The seven decision-makers pleaded frantically.

The head of Hydra smiled and said, “Negotiate? There is indeed room for negotiation!”

“But after all, there is a deep blood feud between us? We all admit this! Every one of you present has hurt your relatives and friends!”

“How can you guarantee that you won’t take revenge on us?”

“This.....”

The words of the chief executive made the seven decision makers and others stunned.

They got it too.

This is Hydra to make them show their loyalty.

Find a way to let Hydra dispel their doubts.

No. 8 led the crowd and shouted: “Yes, no matter how you kneel and lick, there is a bloody vengeance! Everyone will take revenge!”

They want to drive everyone to a desperate situation where they can only take revenge.

Even if we die, we should all be together.

Nobody wants to live.

At this time, the nine heads of Hydra smiled and said: “I don’t believe you when you say that you don’t take revenge! Unless you all kneel and kowtow, we will believe it!”

“Hahaha, this can be done!”
