

Chapter: 3107

Just now, the dark doctor told him that Hydra found them with five thousand gods, but then left.

Although I don't know exactly what happened.

But Hydra left with 5,000 gods, and if this group of people died, there was a problem.

This is the person who takes revenge on the Hydra. According to the brutal nature of the Hydra, how can they be allowed to survive?

There is only one reason for them to survive – they defected and became the lackeys of Hydra.

However, we will see you in detail.

See what are they going to do?

Should it be to deceive its own resources?

Last time it was a quiet deception, this time it was an upright deception.

After a simple analysis by Ye Junlin, Ye Junlin casually analyzed the thoughts of this group of people.

Just know almost.

But he wanted to see what the group was going to do.

Thinking of something, Ye Junlin said to the dark doctor: "Old Hei, go and prepare a batch of resources, I will wait for them to cheat, no, come and get..."

Doctor Dark immediately arranged for a hidden batch of resources to come over, and the place was piled up again.

Soon after, the five came again.

This time they looked embarrassed and tattered.

And there are still many wounds on the body, and blood is still flowing.

It looks like it's been a battle.

"Mr. Ye is not good, the big thing is not good!"

"We were attacked!"

...

Several people staggered to Ye Junlin.

Ye Junlin pretended to ask, "What's wrong? What's wrong with you all?"

"It's Hydra, they led five thousand gods to attack us!"

"Our organization has sacrificed nearly tens of thousands of people. If we hadn't left a way to save our lives, it is estimated that the entire army would have been wiped out!"

"Hydra bastards! We swear to avenge him!"

...

Several people's acting skills are top-notch, and they express their hatred for Hydra to the extreme.

Probably because they don't share the sky with Hydra!

Either you die or I die!

...

Several people continued to act again: "We are developing a powerful organization to seek revenge on Hydra, and it has always been the case! We are not taking revenge for the time being, it is forbearance, and we will take revenge after we strengthen ourselves!"

"It's just that we overlooked a problem – if we don't find Hydra, Hydra will find us! We thought we were safe! But it's not!"

"Ten thousand brothers died in their hands, in order to cover our retreat, to save our strength to avenge! They all sacrificed..."

The acting is so good.

Ye Junlin and the others must take it seriously.

Ye Junlin would have believed it if he hadn't known that this was not a group of good birds.

The performance brought tears to my eyes and was moved.

And these people also deliberately hide their breath, they are obviously gods.

He also deliberately hid his breath.

But Ye Junlin knew it just by feeling it.

These guys are gods.

It seems that the organization, in the name of revenge Hydra, they did not benefit themselves!

"Damn, Hydra!"

Ye Junlin also clenched his fists tightly and accompanied them in acting.

"After this battle, Mr. Ye, we have suffered heavy losses! We will not only develop our strength in a more low-key manner, but also incorporate more combat power like you!"

"Mr. Ye, our revenge for the Hydra is imminent, you must agree, we kneel down and beg you!"

...

This time, the group changed their tactics.

He even had to kneel down and beg Ye Junlin.

Completely different from before!

Ye Junlin deliberately showed an embarrassed look: "This, I..."

"Mr. Ye, we know that you want to detoxify your daughter, and you don't have time to worry about other things!"

"We don't ask for anything else, we just ask you to contribute to the revenge Hydra!"

...

"We made it clear, can Mr. Ye sponsor us some resources?"
