

# Chapter: 3112

After all this time.

Except for the father, these people also helped.

They are all busy detoxifying themselves.

They have all the credit and hard work! This is the result of our joint efforts! “Brothers, I, Ye Junlin, owe you a favor! And the senior who gave us the ancient book of Tianji, I must repay when I have a chance!”

Ye Junlin bowed deeply to everyone.

“I can’t! I can’t!” Everyone immediately stopped Ye Junlin.

During this process, everyone regards Junjun as their own daughter or sister or something.

Junjun detoxifies, everyone is relieved.

As a result, these people from the dark doctor have no target at once.

Since the recovery of the spiritual energy, their goal has been to detoxify Junjun.

Detox, I really don’t know what to do next.

“What’s going on outside now?” Ye Junlin asked.

Doctor Dark and the others told Ye Junlin what happened in the outside world.

Moreover, during Ye Junlin’s retreat, Black Hawk agents had secretly sent messages several times, telling Ye Junlin the current situation of the War Eagle Kingdom.

“The big summer has also changed a lot, and the scale of the Heavenly God Division is comparable to the previous forces! Especially your good brother Qinglong has improved by leaps and bounds.

It is the most terrifying god I have ever seen!” Doctor Dark said with a smile.

“Huh? That means that this system is very suitable for them now!”

Qinglong and the others are good, Ye Junlin is also very happy.

“That’s right, what gods are being pulled from Zhanxiong Nation is because of the excellent root bones.

If the root bones are strong, there will be super gods! I feel that the five Qinglong are all super gods!” Others said.

“That’s good.

In the future, Daxia and the others will still be on their own!” Ye Junlin was very pleased.

“I didn’t expect such a big change this month? Zhenmosi and Tianshifu have completely appeared?” Ye Junlin was a little surprised to hear that these two have completely appeared now.

“So what about Yan Zangsheng and the forces behind him? Is there any information?” Ye Junlin asked.

“After you disappeared, they also disappeared.

At first, they were still looking for the whereabouts of the magic medicine.

Later, they disappeared when they could not be found...

As for Yan Zangsheng’s identity, I couldn’t find out...

” “It seems to be with Baolong.

The secret guarded by the clan has something to do with it, I recently set my sights on the Baolong clan...

It will take a while for the result!” Huoyun Evil God said.

“Okay, everything is not in a hurry now! Don’t spread the news of Junjunji’s detoxification at that time! Then it’s time for me to calculate the general account!” Ye Junlin smiled.

The others also cheered up.

Finally, the day of reckoning has come.

Who doesn’t look forward to it? Doctor Dark even brought a list to Ye Junlin: “Mr.

Ye, this is the list, you can settle accounts one by one!” Ye Junlin flipped through the list and said with a smile, “Okay.

” “Where’s the organization that takes revenge on Hydra? I should have come a lot after I retreated?” Ye Junlin asked while watching.

“Well, I’ve come four times! I’ve taken away a lot of resources!” Doctor Dark smiled.

It seems that they are at a loss, but in fact this is life-saving money.

“And what is the scale of the gods of the War Bear Kingdom? Has the super god come out? I hope to be stronger, don’t let me down!” Ye Junlin is most concerned about this.

“It should be terrifying...

their first super gods have appeared!”...

That’s right.

As early as five days ago, the first batch of the super god plan of War Bear Country was successful.

Create forty-eight super gods that are comparable to five hundred ordinary gods.

This one just hits the base standard they want.

But after the first batch was successful.

Five days later, that is, today, the second batch of super gods appeared.

Only twenty this time.

Each of them is a super god that can rival the eight hundred gods.
