

# Chapter: 3118

Ye Junlin shook his head: “What you say is yours, even I am yours. I don’t care, because you are shameless!”

“Ye Junlin, are you courting death?”

The gods of the star kingdom are going crazy.

“I came to you to settle accounts!”

Ye Junlin continued to speak regardless of their reactions.

“Oh? What account?”

Li Chengmin asked.

Ye Junlin smiled: “Some time ago, I released a reward to the world for detoxifying my daughter!”

Speaking of this, Li Chengmin and the gods of the star country changed their expressions one after another.

“At that time, many people and forces all over the world received bounties! Part of it was true! But a larger part came to deceive me! During that time, I didn’t care and was deceived by many, many resources. what…….”

As they talked, the gods of Xingguo were full of discomfort.

This move has it all.

Ye Junlin smiled at first, but suddenly his face became extremely cold, and he said solemnly: “But how can my Ye Junlin’s resources be so easy to deceive? After that, a few of my brothers took the people who cheated my resources and the forces into one. Once you record it! I’ll go to the door one by one to settle accounts later!”

There seemed to be electric light flickering in Ye Junlin’s eyes, he looked directly at Li Chengmin: “So now I’ll settle the account!”

Speaking of which.

Li Chengmin and the rest of Xingguo understood what was going on.

“Unfortunately, there are many people from your star country on the list!”

“The people of your star country have deceived me a total of 1,785 spiritual energy crystals and 1,232 heaven and earth treasures.”

Ye Junlin smiled.

Handed the list to Li Chengmin.

Li Chengmin looked at it, and Ye Junlin continued: “What I didn’t think was that it was you who defrauded me the most resources! You are very smart, not in the name of a star country or a big power, but in the name of a single person. cheat!”

“Although there are many of you, we also have experts, and everyone can be found!”

Just as Li Chengmin was about to say something, Ye Junlin directly interrupted: “Don’t tell me it has nothing to do with you, you don’t know, you don’t know anything, etc. Make a face and admit it!”

What other gods of the star kingdom had to say, Li Chengmin admitted it at once: “Yes, we lied! The people and numbers above are completely correct!”

After speaking, Li Chengmin looked at Ye Junlin like that.

As if to say – yes, I lied, what can you do with me?

Seeing Li Chengmin’s attitude, other star gods, that is, members of the Celestial Clan, all stared at Ye Junlin.

“Yes, we lied! How? What can you do to us?”

“Find us to settle the account? Don’t you really think that our star country is decadent, right? There are only more than fifty gods left, right?”

“Ye Junlin will let you see how powerful my Star Kingdom Celestial Clan is today!”

...

One after another, the gods came out from the base of the Celestial Clan.

one hundred.

two hundred.

...

One thousand four!

No one would have thought that there are 1,400 gods in the Celestial Clan of the Star Kingdom!

Didn’t it say that there were only fifty left?

How come so many come out?

This moment, beyond everyone’s expectations.

Including Ye Junlin.

No one would have imagined that not only did Xingguo become decadent, but instead it developed to such a scale.

Of course, it can’t be compared with War Bear Kingdom.

Except for Zhanxiong Kingdom, everyone thought that Daxia was the fastest growing country.

The rapid development of Tenshin Division is jaw-dropping.

But now compared with Xingguo, it is almost one sky and one underground.

What’s more, the gods of the star kingdom also have matching equipment.

Combat is more terrifying.

These more than 1,000 gods can basically match the more than 3,000 ordinary gods.

This scale was beyond the expectations of everyone present.

Seeing everyone’s shocked expressions, the star gods all smiled proudly.
