

Chapter: 3123

Soon Ye Junlin and his party packed up a few lackeys from the War Bear Kingdom and killed them to pieces.

The last person to be targeted was a superpower in the Siberia Union, called the Night Watch.

It means the hero who guards the darkness!

They used to be the most powerful organization in the ancient times of the War Bear Country, and they have always guarded the War Bear Country.

But for some reason, the night watchman withdrew from the stage and evacuated from the War Bear Country.

However, the night watchman has gathered a large number of masters, and is still the king in this area of Siberia.

It is an independent entity active in the War Bear Country region.

Because the War Bear Kingdom actually has many such power organizations, but they are all independent entities.

It can be said that they have nothing to do with each other.

However, after the aura recovered this time, they all joined the Siberia Alliance and were controlled by the War Bear Country.

And some of them were selected by the War Bear Kingdom to join the Star of Siberia and carry out the super god plan.

There are only a few hundred night watchmen in total, but all of them are gods.

After all, following the War Bear Kingdom can eat and drink spicy food.

They also deceived Ye Junlin a lot of resources before.

When Ye Junlin appeared at the base of this faction, they were shocked.

“Is Ye Junlin you?”

The Night’s Watch organization was surprised.

They all got the news of what happened this day and night.

A lot of people are said to have died.

But I don’t know what happened, and I don’t know who shot it.

They are still wondering if it will spread to their surroundings.

As a result, Ye Junlin came.

This made them suspicious of Ye Junlin...

“I came to you, I want to settle accounts!”

“When I placed a bounty before, you lied to my resources! I’ll settle the account!”

Ye Junlin put it lightly.

Doctor Dark added: “Of course you have something to do with Hydra, and you will also be punished!”

“Instead, I will give you a way to survive – as long as you release the announcement to break away from Hydra and War Bear Country, consider letting you go!”

The Brain of God also smiled: “Actually, this is good for you. I will tell you quietly that Hydra and the War Bear Kingdom will be finished soon. If you don’t leave, you will all die.”

“Ha ha ha ha.....”

As a result, everyone in the Night’s Watch organization laughed.

Everyone felt ridiculous when they heard this.

This seems to be the biggest joke they’ve ever heard...

As mentioned earlier, it is normal to know that they have defrauded the resources.

As a result, it was said that the Hydra would be destroyed, and the War Bear Kingdom would also end.

Isn’t this bullshit?

Who in the world does not know that the War Bear Kingdom has become so powerful that it is unimaginable.

Not to mention at least 100,000 gods, there are still super gods born one after another.

Does this tell me how to die?

Isn’t this a big joke?

Everyone looked at Ye Junlin and his party and thought they were lunatics and fools.

Run here to be wild?

And let them leave?

Such a good opportunity to get them out?

Ye Junlin glanced at the two doctors and said: “You are good to others, but they don’t take it seriously. Is it possible to let them get rid of Hydra and get rid of the Siberia Alliance?”

Everyone in the night watch laughed: “Yes, impossible! Hahaha...”

The expressions of the Dark Doctor and the Brain of God changed.

They are sighing even more.

Why are some people not listening?

Listen carefully, okay?

Too bad everyone is stubborn!

What do you ask him to do, he just does the opposite and won’t listen to you at all.

“Ye Junlin, didn’t you detoxify your daughter? How can you still come here? Did you have nowhere to go to ask the Hydra?”

“Hahaha, that’s right, we just lied to your resources, but what can you do with us?”

Ye Junlin smiled and said, “So don’t talk nonsense with them, just kill them!”
