

# Chapter: 3125

not only.

Soon Ye Junlin added another warning——

If the War Bear Kingdom does not hand over the Hydra within a week, then they should be buried with them.

This war bear country is full of rage!

Is Ye Junlin crazy?

\*\*Naked provocation?

However, after the high-level leaders of the Titan God of War heard it, they just smiled indifferently.

Because now they are too strong.

The power they control is invincible.

Naturally, Ye Junlin was not an opponent at all in their eyes.

They are not qualified to kill them once.

Hearing Ye Junlin's provocation, they were too lazy to step out of Zhanxiong Country.

After all, ants from thousands of miles away provoke you, will you kill them specifically?

Will not!

They are super gods, gods of gods.

Would you care about a mortal Ye Junlin?

“This is a matter of Hydra. After the super god plan is over, let them solve it by themselves! We don't even bother to care about this nonsense!”

“Take it as a reward for them!”

After all, they didn't take Ye Junlin's warning as a thing, and directly pushed the matter to Hydra.

However, Hydra is still working on a super-god plan.

In this way, they directly ignored Ye Junlin's warning.

...

“Huh? What's the situation? Ye Junlin went to warn Zhanxiong Kingdom and Hydra again?”

“I can't get rid of my daughter's poison, so I'm going crazy?”

When the organization of revenge Hydra heard the news, it almost went crazy with laughter.

From their point of view, warning the War Bear Country now is tantamount to a brain-damaged behavior.

I didn't know the strength of Zhanxiong Nation before, so it's okay to warn you casually.

But now that the War Bear Kingdom has become so strong, you still ran to warn?

Is your brain pumping?

“By the way, I think this is a good opportunity for us!”

Organization No. 5 suddenly said.

Everyone looked at him: “How do you say?”

“Now Ye Junlin warns Hydra and War Bear Kingdom that he is actually lonely, because no one is standing with him on a united front! This is the best time for us to take advantage of it!”

“As long as we express that we are on the same front as him and hate Hydra at the same time, at this critical moment, he will definitely treat us as his own!”

“At that time, isn't everything we want in one sentence?”

Number five said so.

Everyone just felt empowered.

Yes indeed!

That's it!

Who dares to fight with Ye Junlin now?

Anyone who speaks out and is on the same front as Ye Junlin will definitely be regarded as a brother by Ye Junlin.

If you want his resources, he has to double it.

Another good opportunity to deceive Ye Junlin!

“But there is a premise! We are on the same front as Ye Junlin. If we speak out against Hydra, we must talk to Hydra and War Bear Country in advance – we lied to Ye Junlin. Don't let people mistakenly think that we are with Ye Junlin. King's Landing cooperates and destroys us!”

Cautious Number One added.

“Yes, it's just to deceive Ye Junlin together! How dare we target Zhanxiong Kingdom and Hydra!”

The others laughed.

“Then contact the contact person of Zhanxiong Nation and Hydra immediately and tell them the plan!”

Just do it.

They immediately contacted the people from War Bear Country and Hydra.

After saying the plan, the other party naturally agreed.

Ye Junlin's provocative warning has long violated their inverse scales.

However, in their opinion, killing Ye Junlin directly means nothing.

Why don't you just have fun?

Just like this, it would be fun to deceive Ye Junlin to the point of collapse.

One-time kill, where does so much fun come from?

They are very happy with this plan.

Strongly support them to deceive Ye Junlin like this.

After obtaining consent, the organization of revenge Hydra made a public voice all over the world——

Fully support Ye Junlin's warning!
