

# Chapter: 3126

And they also issued a warning, asking Zhanxiong Nation to quickly hand over the Hydra!

Or the Hydra obediently come out and surrender!

Nearly 200,000 people in their organization want revenge!

It will definitely make Hydra pay the price!

We must destroy the Hydra!

...

After the group spoke out, the world boiled again.

Ye Junlin's previous warning, everyone thought it was stupid and crazy.

But now there is someone who supports Ye Junlin and stands with Ye Junlin.

Not to mention the organization of revenge Hydra.

From their voices, it can be seen that they are determined to kill the Hydra.

Everyone concluded that this is a group of guys who are not afraid of death.

Ye Junlin is not alone!

There are so many people behind him...

The effect of this effect all over the world reverberated far beyond the expectations of the Revenge Hydra Organization.

This means that the whole world knows that they are on the same front as Ye Junlin.

Everyone else believed it.

How could Ye Junlin not believe it?

Isn't this effect achieved?

Next, they only need to find Ye Junlin, and then have a long talk with Ye Junlin.

Describe how to hate Hydra, how to take revenge, how to support him...

In this way, Ye Junlin was easily taken down.

What's more, Ye Junlin is so easy to deceive!

They had succeeded over and over again before, which was enough to see this.

The best way to deceive Ye Junlin is to be on the same front as him, hate Hydra, seek revenge for Hydra, and speak ill of Hydra.

Ye Junlin believes in you unconditionally and gives you what you want.

This time, they are publicly speaking to the world against War Bear Country and Hydra.

This is more perfect.

Everyone believes that they are bent on seeking revenge for Hydra, right?

Why does Ye Junlin not believe it?

It may have been just lip service before, but now it's time to take action.

It was still at the most difficult moment for Ye Junlin!

Not long after the revenge Hydra organization made a statement, War Bear Kingdom and Hydra also responded-they must kill everyone, and they will do it after their super god plan is completed.

This response further tied the organization of the revenge Hydra with Ye Junlin.

Everyone has to believe it.

But it's a perfect plan to avenge Hydra and the others.

They are all colluding.

Just to deceive Ye Junlin again!

Think their plans are flawless.

No flaws in every way.

It does.

Now the whole world believes that the organization of revenge Hydra is standing with Ye Junlin.

Never doubt that this is a plan.

But when Ye Junlin knew about it, he immediately recognized it.

This is the plan of the Revenge Hydra.

They dared to speak out like this and publicly target Hydra and War Bear Kingdom. In fact, they had already discussed it with others.

As for why?

Of course you are going to lie to yourself!

When I heard this plan, I recognized it at a glance.

Ye Junlin was also directly happy: "I didn't think that we didn't go to them for revenge! This group of people actually came to such a plan?"

Not wrong.

After removing all the targets who cheated him of resources.

Ye Junlin's next target of revenge is the organization of revenge Hydra.

Just thinking about getting revenge.

Never thought they would come up with this plan.

Ye Junlin smiled directly.

"What should Mr. Ye do?"

Doctor Dark and they began to ask.

"It's still a few days before the War Bear Kingdom's super god plan is completely completed. In order to avoid boredom, let's play with them?"

"It just so happens that people have spent a lot of time making such a big show? We must not accompany them to act well?"

When Ye Junlin said this, everyone laughed.

They thought they didn't know anything,

can deceive them.

As everyone knows, Ye Junlin knew their plan from the beginning.
