

# Chapter: 3132

When they heard that Ye Junlin needed four or five days to gather resources or something, everyone was stunned.

How many resources does this take?

Unbelievable!

Hundreds of times more than last time!

They're going crazy!

However, it can also be seen that Ye Junlin sacrificed his life for this.

Willing to give everything.

Ye Junlin is like this, then they don't have to be impatient.

Too hasty, but it will reveal something.

"Then, Mr. Ye, let's go back and tell the brothers the good news. We have also begun to unite all parties!"

"Mr. Ye, you should prepare resources well. If you need anything, we will definitely help! Especially the hard work of digging and transporting! We are better at it!"

Several people said excitedly.

Ye Junlin pointed to Jiao Tianyu and the others behind him: "Just have them!"

This is equivalent to exposing all his cards to this group of people.

This made the No. 5 people even more worried.

Ye Junlin is not small now, and there are many strong people around him.

But this is equivalent to exposing everything to them.

It seems that Ye Junlin took them seriously and regarded them as his own.

nothing left.

told them everything.

Including his real hole cards.

No. 5 and No. 7 are very thieves, they silently wrote down all the people like Jiao Tianyu.

So I can tell them to Hydra and the Bear Country.

In this way, Ye Junlin will not have any threat.

These hole cards are also useless.

They looked at Ye Junlin and really held back their laughter.

How can there be such an idiot?

They didn't do anything, and Ye Junlin explained everything.

They really treat them as people who live and die together.

Funny!

Ye Junlin, just like you, still wants to seek revenge from Hydra?

You have to let Hydra play to your death!

"Then, Mr. Ye, we will go back! We will help you if you need anything! We are waiting for your good news! We are waiting for you to send all the resources!"

Number five and number seven went back happily.

Now it seems that Ye Junlin treats them as a family.

That way they feel at ease.

So many resources can definitely be returned to the hands.

These people leave.

Everyone couldn't hold back.

They all started laughing!

"A bunch of idiots! Think they lied to us? I can't hold back! I'm dying of laughter! Hahaha..."

Everyone started laughing.

In particular, several people from Doctor Dark laughed back and forth.

Seeing the excitement on the faces of the five and seven people, they wanted to laugh.

The key point is that these people thought that they had really deceived Ye Junlin.

How does this keep them from laughing?

Originally thought they deceived Ye Junlin and controlled everything.

Never thought the clowns were them.

"I have to say, Mr. Ye, your acting skills are really good. It's too natural, right? You can't see the slightest trace of acting. Even if I know what's going on, I'll believe it!"

Doctor Dark couldn't help but praise Ye Junlin's acting skills.

Ye Junlin smiled: "It's not how good I am in acting? It's because they are too confident! They think they are in control of everything, they think everything is seamless! They deceived themselves!"

Ye Junlin was right.

Indeed it is.

When these people returned to their base, they immediately told everyone the "good news" one by one.

"Really? Ye Junlin will send all the resources? And tell us all the secrets of the resources?"

Everyone was surprised and a little disbelieving.

When Number Five finished speaking, everyone laughed.

This definitely deceived Ye Junlin.

Ye Junlin was really fooled.

"Not only that, we also know Ye Junlin's trump card. There are quite a few masters around him, but we have written them down! Next, let's tell Zhanxiong Nation and Hydra all this?"

...

They were fast and told everything to Hydra and War Bear Kingdom.
