

## When His Eyes Opened by Simple Silence Chapter 1329

After the bodyguard finished speaking, he walked out quickly. He came out of the restaurant and strode up to catch up with Hayden.

“Hayden! Your parents are looking for you. The two of them found you at two in the morning last night.” The bodyguard wanted to take him to see Avery.

“Let go of me.” Hayden is already determined to let Cristian finish.

The bodyguard slammed him a little and said, “your mother asked me to see you and brought you to her. Otherwise, she will fire me.”

Hayden: “If you don’t let go, I can also ask my mother to fire you. Squid!”

The bodyguard immediately released his hand: “Hayden! Don’t go now! Your parents mean that Cristian is more dangerous, so don’t provoke him. Otherwise, you will fall into his hands.”

“I won’t fall into anyone’s hands. Before I get rid of Cristian, don’t look for me again.” Hayden shouted at the bodyguard and also said, “Trust me, okay!”

The bodyguard: “...”

Hayden’s facial features are similar to Elliot, and his arrogant, proud and hot temper should also be very similar to Elliot.

The bodyguard was conquered by the confidence and leadership that radiated from him.

The bodyguard only shook his head, and Hayden ran away and disappeared.

The bodyguard returned to the hotel in despair, just in time to meet Avery coming out of the elevator.

“You went to find Hayden with Elliot?” Avery asked. She was completely asleep, so she is in good spirits now.

“I saw Hayden just now, but let him go again.” The bodyguard lowered his head, ready to be scolded, “Boss, I’m really afraid of him.”

Avery said, “Then you’re not afraid of me?”

The bodyguard said, "I thought about it, I seemed to be more afraid of him. Even if Elliot saw him, he would have no choice. Only you could subdue him."

Avery was annoyed: "I shouldn't have overslept."

"Don't think like that. You look much more normal today. Hayden let us believe him. He said he would solve Cristian as soon as possible, and then come to see you."

"He Really?" Avery felt that things were getting more and more out of control.

"Well. I believe in him, boss, you believe in him too. He is not 100% sure, and he will not rashly take action."

....

Jobin's Villa.

Rebecca lay in bed for a few days and couldn't lie down any longer.

Through Vice President Lewis, she invited Xander over.

Elliot went out early and returned late almost every day, so she invited Xander to come home, and she was not worried at all that she would be bumped by Elliot.

In fact, Xander didn't want to go to the appointment, but Vice President Lewis treated him well, so he came to meet Rebecca out of Vice President Lewis's face.

"Xander, I checked. You came here on a tourist visa. And you came here after Avery came. You came here for Avery, right?" Rebecca sat on the sofa, she looked at him calmly.

"You invited me here just to ask this?" Xander asked rhetorically.

"Elliot is my husband now, but Avery is here, which has seriously affected the relationship between our husband and wife. Xander, do you like Avery? Take her away. Otherwise... ..Otherwise my brother and my father may kill Avery at any time." Rebecca said and warned him.

Xander frowned, "Miss Jobin, I want to take her away too. But I can't help it. She wants to wake up Elliot's memory. Let's go."

Rebecca: "Does she think that when Elliot regains her memory, she can go back to Aryadelle with him?"

Xander: "Yes. That's what she thinks."

Rebecca analyzed calmly, "She doesn't know Elliot too much. Elliot knew what she wanted and what she was doing from the beginning to the end. Even if Elliot loses his memory and doesn't remember her, Elliot would not be able to remember her. Just found their past from the news. He chose to stay here because there is what he wants here."

Xander was taken aback.

"This is the ticket to leave Yonroeville tonight, and this is sleeping pills." Rebecca handed the ticket and medicine to Xander, "You knock her out tonight and take her away."

## **When His Eyes Opened by Simple Silence Chapter 1330**

Xander was stunned. If he listened to Rebecca and forcibly took Avery away from Yonroeville, he would definitely be very angry when Avery woke up.

—Avery might break up with him.

—If Xander doesn't listen to Rebecca, Avery may be in danger of staying here.

After thinking twice, he accepted the ticket and sleeping pills.

"I knew you would accept it. You must like Avery, so you must understand how painful I am now." Rebecca picked up the water glass in front of him and took a sip.

"Miss Jobin, people's joys and sorrows are not the same. I only understand the pain of my friend and I...I don't understand you, just like you don't understand that Avery and I are not the kind of relationship you think." Xander said this then said goodbye to her.

Before that, he and Avery had not had much contact for several years. How could there be a relationship between a man and a woman? But their relationship with teachers will never change.

"Oh, then think I don't understand. As long as the two of you leave the country, I don't care about the two of you at all." Rebecca put down the water glass and said, "I just want to protect my own one-acre and three-point land."

"I'll take the plane ticket and sleeping pills first. But I won't necessarily succeed." Xander finished and got up from the sofa.

Rebecca said, "Xander, please take my contact information. If you need my help with anything, you can call me."

Xander didn't think he needed her help. In his eyes, Rebecca is like a childish child.

Although he has a childish face, he has been learning the tone and appearance of adults, which is a bit funny.

After the two exchanged numbers, Xander walked out of the villa. Back at the hotel, he pressed the doorbell of Avery's guard room.

The bodyguard and Avery returned to the room after lunch. They made an appointment to find Hayden together in the afternoon.

Seeing Xander standing at the door, the bodyguard was a little surprised: "Dr. Xander, are you looking for me?"

"Well." Xander entered the room and closed the door, "How is Avery today?"

The bodyguard said, "She is fine today. She slept until noon and woke up. Now I went back to my room to take a nap. But I don't think she could fall asleep. She saw me looking for Hayden outside all morning and asked me to come back and take a rest."

"Then Isn't it disturbing your rest?" Xander asked sternly.

"You came to me specially, what's the matter?" The bodyguard looked at him.

Xander was very uneasy, and he didn't dare to talk to Avery directly, so he could only talk to the bodyguard. His purpose is not to talk, but to hope that the bodyguards will join forces with him to take Avery away together. Otherwise, if Avery was given sleeping pills, he would not be able to get her to the airport.

Xander whispered, "Let's get out of here tonight. Rebecca came to me just now and said that her father and brother didn't like Avery. If Avery continued to stay here, it would be very dangerous."

The bodyguard: "I know. My boss knows this too. But she doesn't know how to spell fear."

Xander said solemnly, "Besides this, there was also her illness. She needed surgery as soon as possible. The Jobin family didn't deal with her, and her illness would kill her. This was not a trivial matter. You couldn't follow her with everything."

The bodyguards paced up and down the room, undecided.

"I have sleeping pills here. I'll secretly give it to her at dinner later. Then we'll take her out of here." Xander said the plan.

The bodyguard frowned, "What about Hayden? Let's go and leave Hayden here alone?"

Xander analyzed, "I've thought about this. Let's go first and let Elliot find Hayden. Also, if Hayden knew that Avery was no longer here, he would definitely not stay here. Now there is nothing better than this. It's a good way."

The bodyguard nodded: "You are right. But when she returns to Aryadelle, she will definitely be pissed off."

After that, a compromise was made.

After the two reached a consensus, Xander immediately returned to the room. At dinner time, Xander ordered a sumptuous meal at a restaurant in advance.

Avery and the bodyguard looked around the neighborhood in the afternoon, but did not find Hayden.

When Avery came to restaurant and saw the table full of delicious food, she said, "Xander, why do you suddenly want to treat?"
