

## Chapter 4339

Adam said helplessly: "Dad, this time we can not blame our intelligence personnel,"

"Mainly because the kidnapers are too cunning, they really did not leave a single clue,"

"Intelligence officers are good at following the vine to find the melon,"

"To strip the cocoon, but the premise is to have a vine to feel,"

"There are silk to draw, not to mention our intelligence personnel,"

"Even the officials have no clues about the case so far ....."

Dawson suddenly remembered something, said off the cuff:

"Right! What did the police say? That Duncan Li is not a Chinese detective?"

"He has also been investigating, why is there no movement so far?"

"This ....." Adam said resentfully, "I didn't contact Duncan, I can't piss in the same pot with this guy."

Dawson coldly asked, "Duncan seems to be very close to Marshal of the An family?"

"That's right." Adam nodded and said, "He has a good relationship with Marshal."

Dawson instructed: "Make a phone call to ask him, see if the police have any findings,"

"If the police can find the kidnapers, then everything is okay,"

"But if not, we want Randal to live,"

We must first give out the two hundred billion dollars that the kidnapers want,"

"If the money is really handed over, and can not catch those people,"

"Then the money, to recover it will be difficult, that crypto thing completely anonymous,"

Adam said, "I know dad, I'll give Duncan a call later."

Dawson looked at him, hesitated for a moment, and said in a serious tone,

"Adam, this matter has developed to this point,"

"You and I should be prepared mentally enough."

Adam expression stunned, busy asked, "Dad, what do you mean ....."

Dawson also did not cover up, said seriously: "Be prepared for Randal not to return."

Hearing this, Adam's face instantly became miserable white, his lips trembled slightly, and said,

"Dad ..... The other party is only seeking money, it shouldn't be enough to harm lives, right?"

Dawson sighed and didn't answer his question, instead, he looked at him and opened his mouth to ask,

"Adam, do you know what is the biggest negative impact on the Fei family,"

"Caused by your grandfather being in power for too long?"

Adam didn't know why his father was asking this and shook his head blankly.

Dawson lamented, "The biggest negative impact, from me to you, and then to Randal,"

"Our grandchildren's business ability is far from keeping up with the rhythm of this huge family,"

"If everything is running smoothly, it is the same as an airplane on autopilot,"

"I only need to sit in the pilot's seat to ensure that it moves forward normally,"

"But once the unexpected events, even I do not have a good ability to cope with it....."

Speaking of which, he looked at Adam and said seriously:

"The question you just asked me is completely inconsistent with your identity,"

"Think about it, if you are a robber, you kidnapped for ransom to the tune of two hundred billion dollars,"

"And the whole process of your kidnapping is handled seamlessly,"

"And the cryptocurrency in hand can be slowly realized without risk, in this case, you will release the hostage?"

Adam was speechless for a moment.

Dawson looked at him and could not help but sigh:

"Still have to admit the gap ah ....."

"If your grandfather were here, he would not be so passive as we are ....."

Adam let out a lament and said, "Dad ..... Grandpa and Stella are still missing,"

"We have invested a lot of manpower and resources to find them,"

"But we have not found a single clue ..... I used to think that the overall strength of the Fei family,"

"Now can it be ranked in the top ten in the world, almost all-powerful,"

"But these two times in a row made me realize that our overall strength may still be far from ....."

Dawson said with a serious expression, "When this matter passes,"

"No matter what the result is, we must improve ourselves as soon as possible,"

"Otherwise, it is difficult to ensure that the Fei family can be everlasting ....."

Adam asked carefully, "Dad ..... Then what do you think, what is the probability of Randal coming back safely?"

Dawson thought about it and said seriously, "Frankly speaking, it won't be more than 10% ....."
