

Chapter 625

Qin Ming was surprised, how did Huang Shutong come back to his school? It was already night time at this hour, thanks to him bumping into it, if it was in the dormitory, wouldn't it be unexplainable?

"Who is she looking for? To me, right? But" Qin Ming was very curious.

Bai Jingchen's car stopped Huang Shutong, and the two of them made a big fuss on the unoccupied roadside.

"What a disgrace." Qin Ming looked at the two, in fact he didn't quite understand what their relationship was, when he was hospitalized in a car accident, Huang Shutong seemed to have left him to go to a party to find Bai Jingchen.

But Huang Shutong seemed to care about her fiancé, who didn't say a few words a year, and Qin Ming remembered that Huang

Shutong was the one who spent the money on the caregiver he hired for the hospitalization and bought a pair of glasses.

Huang Shutong angrily broke away from Bai Jingchen's hand and said, "I told you, I have nothing to do with you anymore."

Bai Jingchen shouted frantically, "Why didn't you give me proof? You were there at the charity party that day, you should know how that punk operated in secret, right? As long as you can testify, I'll let your father participate in our Bai family's latest bio-pharmaceutical technology. Haven't you always been interested in that?"

Huang Shutong said, "No, I'm not interested anymore. I won't be a witness for you either, I left very early on the day of the charity party, and what happened afterwards, I only heard about it."

Bai Jingchen's expression froze and he was very angry, snarling, "No way. That trash colluded with the Sun family to plot against me. I just wanted to find someone to beat him up, but it turned into me trying to rob him? He's the one who robbed me. Oh, you still

don't know, right, that guy has other women with him, not the Nie Haitang from before, but another one, Huang Shutong, don't let him fool you, that scum doesn't care about you, so what if you help me?"

"If you help me, I'll use a thousand needles from it, so that our Bai family's latest bio-pharmaceutical, that one medicine for male diseases, will cooperate with your father to promote it, your family has so many channels, no worries about selling it, how about that? The profit here is not low."

"We've been friends for so many years, but we're not as good as that loser? He was born inhumane, he's not even a man. He can't give you happiness."

Huang Shutong's face was gloomy as she looked at Bai Jingchen, her beautiful sweet face was very cold, Qin Ming looked away and felt a little strange, did Huang Shutong need to worry about the family's business, that?

Huang family in or life is also good, Huang Shutong child star debut, their own size can earn money, why for a business, deliberately close to Bai Jingchen?

But now look, two people and do not want to have ambiguous look ah, just now Huang Shutong also said no relationship words.

"Is this a relationship break up?" Qin Ming watched the good show silently from the side.

Huang Shutong was silent for a moment and said, "That's enough, Bai Jingchen, I remember I started contacting you two years ago, right? At that time, during another gathering with my friends, I heard you talking high and low, and said that your Bai family had pulled in a pharmaceutical project to set up a pharmaceutical laboratory and factory, pulling in hundreds of millions of dollars in investment, and that you were the one who made it happen."

"At the time, you said that it was for male diseases and that it only needed to be combined with some surgery and could be a very powerful cure for congenital impotence and dyspareunia, right?"

"I approached you to get the latest news on that new drug. The success of that drug, the corresponding medical system and the success of the follow-up trials are all of great concern to me."

"Even though more than a year has passed and that drug of yours has not been developed successfully, it was definitely not to introduce business to my father, but simply because I wanted to get the earliest treatment for my fiancé. Now, you have no more use for it, get lost."

Huang Shutong's final vicious word "get out", his phoenix eyes wide with disgust, this look of disgust and impatience deeply stung Bai Jingchen, who had been brought up with a high standard of living and carried the heavy burden of his father's explanation.

"You, you shameless woman!!!" Bai Jingchen was so angry that his jaw dropped, all along, he had thought that he was so charming that he attracted the goddess of the Northern Shadow, but whenever he attended parties, events and evenings, Huang Shutong would also attend.

He had always thought that Huang Shutong was unwilling to marry that wastrel Zhao Zhengyin and would have no happiness for the rest of her life, and wanted to find a new backer and ask the Zhao family for help.

The Bai family had always been at odds with the Zhao family, and he would have been proud to have taken Huang Shutong from the Zhao family.

But as it turned out, she had been playing as she wished, calculating for Zhao Zhengyan, and now seeing that there was little chance or hope, she had dumped him like a burden.

Bai Jingchen growled angrily, "I'm just asking you to testify for me, to prove that I've been cheated out of my money. Why are you telling me this? Do you know that I have now been reduced to a laughing stock in the capital's gentry circles? Even if you are using me, we are still considered friends, right?"

Huang Shutong sneered contemptuously, "Friends? Don't laugh at me, don't you just crave my body? Your desire betrayed you long ago. I asked myself that my acting skills are not bad, I have won the Golden Rooster Newcomer Award, I have been fooled, right? Ah ah, you wouldn't take young Bai seriously? Oh."

Huang Shutong stopped paying attention to Bai Jingchen and walked straight towards the school gate.

Bai Jingchen was left by the side of the road, he was furious, he was the youngest of the Bai family, and now he was reduced to such a state?

His father had given the word that if he couldn't handle this, he would be punished, and that punishment was no joke.

"Bitch!" Bai Jingchen could not bear it any longer and suddenly covered Huang Shutong's mouth from behind, then clamped down on her hands and dragged them towards the grass of the green belt by his roadside.

Huang Shutong, a woman, was not strong enough to struggle desperately, and the moment she broke free she was frightened and afraid and asked, "Bai Jingchen what are you doing?"

Bai Jingchen said angrily, "I want you to pay the price for cheating me! Aren't you the Goddess of Northern Cinema? Aren't you pretty? I'll slash your face a few times and see if you're still a goddess, a female ghost, right?"

Huang Shutong was so frightened that her face was pale and she struggled vigorously, trying to cry out for help, but her mouth was covered by Bai Jingchen again and she was dragged all the way.

Clang, Bai Jingchen pulled out a knife and was about to strike when suddenly a man sprang up next to him, holding a mobile phone and shooting at his face.

Bai Jingchen's heart trembled with fear, why was there someone here? After taking a look just now and confirming that no one was there, and that it was that punk Zhao Zhengyan, he subconsciously asked, "What are you doing?"

Qin Ming said honestly, "Filming evidence, the young man of Beijing City, Bai Da Shao, ambushed a young girl at night and dragged her into the grove with the intention of raping her."

Bai Jingchen's pupils shrank and his heart beat even faster, this unwarranted planting of evidence seemed to be the second time, he just wanted to scare Huang Shutong, why was this guy's mouth made into something else again?

Moreover, he had even taken a video?

Bai Jingchen was already on the verge of collapse, and when he saw Qin Ming's calm and relaxed appearance, he became even more furious. You scum, if you don't give me back my money, I'll kill your woman."
