

# King of kings 1013-1014

1013

Two pieces of Wang Qi's corpse fell from the sky, and what killed him was his own cleaver.

"Wow." The people on the ground screamed, watching Wang Qi's corpse fall to a very miserable death on one of the streets on the ground.

"Phew." Omi let out a deep breath, finally, the feud was over.

"Big brother." On the ground, those three brothers of Wang Qi ran towards Wang Qi's corpse in a panic, calling out for big brother.

Omi rushed down and looked at those three remaining brothers of Wang Qi, Omi was going to split them in half with just a few leaves.

"Big brother, ooooooh." Wang Qi's three brothers cried out, when they looked up and saw Omi standing not far away.

Omi said, "The main culprit Wang Qi is dead, your king's mercenary group is completely extinct, but God has a good life, today you kowtow three times to my dead brothers and admit your mistakes, I'll let you go, I'll only give you one chance."

Omi originally wanted to kill all of Wang Qi's brothers and split them all in half, but now that Wang Qi was dead and Omi had killed a dozen of his brothers, let's understand this grudge, besides, Wangjing City was watching him with countless pairs of eyes at the moment, if Wang Qi was dead and Omi was still killing three people who were powerless to fight back, it would inevitably make some people ungrateful. So, Omi told the three of them to kowtow and forget about it, this feud would be over. But if they didn't want to, then don't blame Omi for being ruthless.

Wang Qi's three brothers looked at each other, then knelt down, kowtowed three times to heaven and earth, and said sorry.

Omi saw that they had finished kowtowing three times and said, "From now on, no one is allowed to set foot in the Yanhuang Empire for another half step, get out."

"Yes." The three of them carried Wang Qi's corpse and flew out of Wangjing City in ashes under the eyes of many people, and the crowd sighed, Omi did not drive them to extinction in the end, and also got many people's praise, saying that Omi had the style of a king. Remember the website .kanshu8.net

Omi was about to fly into the palace when he suddenly saw an acquaintance in the crowd.

The Dean of Star Ocean Academy.

At this moment, the Dean of Star Ocean Academy looked at Omi with contempt, he believed that Omi had grown so fast because he had taken the four wondrous treasures of the world, Ten Thousand Year Ginseng, Ice Crystal Snow Lotus, Emperor Bug, and Vermilion Bird Grass.

Omi said, "Dean, long time no see, I didn't expect you to come to my duel, why are you looking at me with such eyes? It's as if I cheated in a duel with Wang Qi."

The president of the Star Ocean Academy snorted, "Senior Tang, others don't know, but I do."

"What do you know?"

"Hahaha, come on less." The Dean of the Star Ocean Academy laughed, taking the four strongest elixirs in the world and pretending not to know, what a shameless thing to do.

“Dean, tell me instead, what do you know?” Omi looked at the Dean of the Star Ocean Academy with suspicious eyes, wondering if this Dean knew something about the memories Omi had been missing for those two years.

The Dean of Xinghai Academy said, “Could it be that you’ve recovered your IQ, but you’ve forgotten about this? Senior Tang, then I’ll be straightforward, you were able to make such a rapid breakthrough, it’s not entirely due to your talent, it’s also because, you took four of the world’s five most wondrous treasures.”

“What

Five wondrous treasures, what did you say.” Omi’s eyebrows furrowed.

“Uh, you actually don’t know?”

“I don’t know, spell it out for me, what treasure did I eat?”

“Omi, about a year and a half ago, Mu Qianji brought you to Star Ocean Academy, at that time, you were like a little child surrounding Mu Qianji’s intelligence. It turned out that you didn’t die in the Forest of Ten Thousand Beasts, I heard that Mu Qianji found you, in order to cure you and let your brain recover, she went to the Moonless Empire and the Heaven’s End Gate successively, and successfully stole the Ten Thousand Year Ginseng and the Ice Crystal Snow Lotus, after that, Mu Qianji took you to the Star Ocean Academy, originally planning to go to the Water Ape Empire to steal the Swift Sacred Brain, unfortunately, the treasure I’ve been trying to open was known to Mu Qianji, she would suck the power and open the treasure, and what was in the treasure was one of the five wondrous treasures, the Vermilion Bird Grass. Together with the Emperor’s Insect that you had already taken, you had already taken four of the strange treasures at that time. After that, Mu Qianji took you to the Water Ape Empire and then, never saw you back again until a year ago, when I heard the news that you and Wang Qi would be dueling in three years, and then ahead of schedule. So, I’m here today too. By the way, where is Mu Qianji? Didn’t you go to the Water Monkey Empire together? Why don’t you see her?”

“Ahhhh.” At this moment, Omi felt like his brain was about to explode.

Omi seemed to have remembered so much, from after the spirit revolt in the Forest of Ten Thousand Beasts, to when he turned into an IQ as a baby, entering a sheep pen in a small town to steal goat's milk and then running into Mu Qianji, Omi called her sister and seemed to have sucked Mu Qianji's milk, everything was in Omi's mind.

Omi covered his head and squatted on the floor in pain.

Everything that had happened with Mu Qianji in those two years came to mind, and Omi couldn't believe that he had happened with Mu Qianji.

Mu Qianji took care of him in every possible way, and he was very naughty, disobedient, crying and having a temper.

In order to cure him, Mu Qianji ran all over the world, first going to the Moon Never Falling Empire, thrillingly stealing the Ten Thousand Year Ginseng, and then going to the Heaven's End Gate, not seeing the light of day in the underground river for more than ten days, just for the Ice Crystal Snow Lotus. The first thing you need to do is to take a look at the ginseng, and then you'll see that the ginseng has been removed.

Later on, she went to the Star Ocean Academy and was lucky enough to get the Vermilion Bird Grass.

However, when going to the Water Ape Empire, the Supreme Emperor of the Moon Never Falling Empire and the Heaven's End Gate Master were waiting for the rabbits. At the moment of crisis, Mu Qianji rushes into the seabed with Omi, Mu Qianji tricks Omi into playing a game in order to distract the enemy, and Omi has to win in order to be with her forever.

Right now, Omi remembered profoundly that in order to be with his 'sister' forever, he had remained motionless at the bottom of the sea, even if he couldn't hold his breath.

“Ahhh!” Omi roared, understanding everything, Omi felt very painful, no wonder when he woke up after half a year of being unconscious on the island, he always felt inside that there was an important person he had forgotten, but could never remember.

It turned out that it was Mu Qianji.

Omi felt like collapsing right now, because, it had been almost a year and a half since he had parted from Mu Qianji, and Mu Qianji hadn't come looking for him for so long, so he must be in mortal danger.

“Sister.” Omi burst into tears, his mind seemed to recall what he had once said, that little minister would always be with his sister.

1014

At that moment, the island master and others flew over.

“Omi, what's wrong with you?”

“It's fine, let's enter the palace first.”

Omi leapt and flew into the palace, in full view of the public, Omi's sudden disposition would definitely cause an onlooker.

Omi stood at the entrance of the palace, and the Island Lord and the others immediately flew over.

“Omi, what the hell happened to you? Why are you crying in the street? So devoid of image.”

“I, Island Master this matter has to start from before I met you.”

Omi said on the spot about the two years after his Ten Thousand Beast Forest.

It was only then that Xu Mei Qian and the others knew that Omi had been with Mu Qianji for those two years, and I'm afraid that they had built up a deep relationship in those two years, as one could tell by watching Omi cry in the street. So, Xu Mei Qian and the others were quite envious inside, wishing that the person who had experienced so much with Omi was them. Unfortunately, it was impossible for them to steal the world's top five wondrous treasures, this matter was a legendary story even now, after all, the Supreme Emperor of the Moon Never Falling Empire and the Master of the Heaven's End Gate were both among the top ten strongest in the world, and Mu Qianji was able to steal the wondrous treasures from them, this had to be said that Mu Qianji was too awesome.

However, at the moment, Omi didn't have the heart to think about her being so powerful.

“I'm definitely going to find her, whether she's dead or alive.” One Second Remember to Read the Book

Moe said, “But it's been almost a year and a half since you and her were last together, where are you going to find her? If she was still alive, she would have heard about your duel with Wang Qi and would have come to find you long ago. And she didn't come, which means that she has most likely been killed, after all, the ones who were chasing her were two top ten ranked peak powerhouses, even if you were now, I'm afraid you wouldn't have the confidence to face these two powerhouses.”

The Island Lord also said, “The Supreme Emperor of the Moon Never Falling, and the Heaven's End Gate Master, are both from the same era as me, if the two of them were to join forces, even I would definitely not be a match, so I'm afraid that Mu Qianji has been dead for quite some time, Omi, you have to mourn.”

“No, she won't die.” Omi yelled, Omi couldn't accept this outcome, he would always remember that he was at the bottom of the sea, even if he had to suffocate to win the game, that was to always be with his sister.

The Island Master patted Omi's shoulder and didn't say anything else.

Omi said, "I'm going to find the Supreme Emperor of the Moonless Empire, and the Heaven's End Gate Master, I'm going to ask them face to face if they killed Mu Qianji."

Everyone was shocked, "Omi, you're crazy, you already ate someone's Ten Thousand Year Ginseng and Ice Crystal Snow Lotus, and now you still dare to go to their door and ask them, I'm afraid they'll chop you to death."

The Island Lord also advised, "Omi, I'm afraid you're a bit impulsive to go to them and ask them now, you're not strong enough to face these two, or even to say that you're no match at all."

Omi said resolutely, "I don't care so much, I just want to find Mu Qianji, even if I die, I still want to find her."

Xu Mei Qian, Liona, Simran, and Samira were all a little lost inside when they saw Omi's determined gaze, and from Omi's such a determined look, they could tell that Mu Qianji's position in Omi's heart might have surpassed theirs. However, they were also convinced that if something were to happen to them, Omi would definitely come to their rescue regardless of anything. They didn't either.

There were any complaints, after all, in terms of door-to-door, only Mu Qianji was indeed worthy.

Omi had already made up his mind to travel to the Moonless Empire and the Heaven's End Gate to inquire about Mu Qianji's information.

However, the matter at the moment in the Yanhuang Empire must also be dealt with, although Mu Qianji's matter was very important, it had been a year and a half, not a day or two behind.

The outsiders in Wangjing City were gradually leaving, and Omi's killing of Wang Qi had once again stirred the world, and Omi's name had spread to the ears of every Unity Realm powerhouse in the entire

world. Why was it just the Unity Realm, and not the Innate Realm and the Houtian Realm below, it was because, the Innate Below was too weak, everyone wasn't on the same level, and they didn't pay attention to the same things, and there might not be a way to pay attention to the Unity Realm powerhouses.

"Omi, now that there's no king in the Yanhuang Empire, are you going to be king?" Yang Yijian and the others asked.

Omi called everyone together for a meeting.

"Guys, now that I have killed Wang Qi, tell me what I should do next? This Yan Huang Empire cannot be without a king, am I now serving as the king of the Yan Huang Empire, or?"

Wang Xing was busy saying, "Nonsense, of course it's becoming an emperor, even if you're a peak powerhouse, you still need a home ah, the Yan Huang Empire is your home, since you have the ability, you should take control of this place."

Omi said, "What about the opinions of the others?"

Yang Yijian smiled, "I don't have to say anything, of course I hope you will be the king, so I can follow you to eat and drink."

Liu Yue said, "Haha, me too."

Xu Mei Qian Dao: "I don't mind."

Simran asked, "Omi, if you become a king, do you also want a harem of three thousand beautiful women?"

Liona said, "If it's going to be like how it's played out in the TV drama, where the women in the harem fight over favorites and fight to the death, then I don't agree with it."

Xiaomeng said, "Brother Omi, I think, let nature take its course, the situation has pushed you to the edge of the throne, even if you don't become the emperor, the strongest people from all over the world, inwardly they all think that you are the strongest person in the Yanhuang Empire, the emperor. No matter who you make the emperor, he will be under you, unless you are defeated one day in the future."

The island lord smiled, "Yes is correct, you are already the strongest in the Yan Huang Empire, you are not a king, you are also a king in the eyes of outsiders, so let nature take its course."

Omi nodded, "In that case, I'll be the emperor of the Yan Huang Empire."

"Yay." Wang Xing and the others immediately cheered, Omi would be the emperor from now on, the owner of the entire Yanhuang Empire.

At this time, Omi said, "Don't be happy either, no one can be in a high position all the time, the higher you climb, the more painful the fall. If one day, I am surpassed by another rising star, then he will likewise come looking for me, and at that time, I will end up with that rising star, just like countless Yan Huang Empire emperors in the past. Those of you who follow me will inevitably be affected as well, I hope you all understand. However, for the sake of all of you, I will ensure that I will try not to be surpassed by any rising star."

Liu Yue snorted, "Omi, you're such a genius, I don't believe you'll be surpassed, everyone rest assured, Omi will never be surpassed, any rising star that rises, just go and exterminate him and see who still has a chance to be surpassed."
