Chapter 1051

“Even though I don’t believe it’s true. Today, I accompanied my husband to Wang Mang Mountain again, my husband saw a large black hole, the hole does not know where to go, my husband thought that this hole is what he has been looking for years, but I did not expect, this is a black bear living in the hole, and finally ran out of an incomparably powerful black bear, this black bear strength even overshadowed my husband, fortunately escaped quickly, or have to die in Wang Mang Mountain. Alas, I don’t know if, in the future, I will accompany my husband to die in a certain exploration.”

That was all that was said on this page, and although it contained the information Omi was looking for, there was no useful information at all.

Omi continued to turn the next page.

“Today, I followed my husband again and went to the Baiyue Mountain, and he said that no mountain should be left untouched, and that perhaps a certain mountain hides a path to the other world. Well, I’ll take it as a trip with my husband, and it would be good to travel to any mountain in the world in my lifetime. Today, at the bottom of the Baiyue Mountain, I met a young man, his name is Wanfatian, this child is really quite good, his talent is very high and his comprehension is even more incredible, I was thinking that in the future, this child will definitely be extraordinary, maybe he will become an amazing person in the world. I wanted my husband to take him as a disciple, and Wanfatian is also very interested in learning from him, but unfortunately, my husband is so focused on finding that ethereal passage that he no longer has the desire to take a disciple. Otherwise, if you bring this child back, you might be able to keep Tao Lin as your companion, and Tao Lin’s comprehension of this child will be comparable to Wanfatian’s, so it’s all just fate.”

Omi’s brows furrowed.

“Brother Omi, did you find anything?”

“No, but I saw Ten Thousand Fa Tian’s name in the Island Master’s wife’s notes.”

“Ah, no way, they’re unrelated people.”

“No, they were fortunate enough to have met, in the Island Master’s wife’s notes, at that time, Wanfatian, who was still a young man, wasn’t even the number one strongest person in the sensational world, and also, the Island Master’s wife mentioned Tao Lin, saying that both Wanfatian and Tao Lin were highly comprehended.”

“Ah, isn’t Tao Lin the name of the current Martial Island Master?”

“Right.” First published at m.kanshu8.net

“Wow, it seems that the island master’s teacher’s wife, is very discerning, later, Wanfatian became the world’s number one, and the island master became the world’s number three, hehehe.”

“Well, it’s recorded in the notebook that the encounter with Wanfatian was local to a place called Mount Hyatt, Wanfatian’s hometown, Mount Hyatt. This information doesn’t seem to be known by anyone in the world, so if you want Wanfatian, maybe you can try going to Mount Hyatt. Maybe this guy, he’s hiding at Mount Hyatt for retirement.”

“Ah, then aren’t we going to search for another world passage?”

“Hehe, even though people have searched all over the world Senior Yang Kun has not found it, it is evident that this world passage is not something that can be found just by trying to find it, perhaps, those who are fortunate enough to find it will naturally find it, and those who are not fortunate enough to find it will not find it even after a lifetime of searching. Just as well, let’s carefully look for clues in the Yi Yue Villa, if we don’t find anything valuable, then let’s go to the Hundred Joy Mountain and see if Wanfa Tian is in this place.”

“Mm.”

Omi and Xiao Meng spent half a day rummaging through the graves, but as a result, they didn’t find any valuable clues.

Omi had no choice but to stop, although no valuable clues were found, but at least he had unintentionally discovered Wanfatian’s hometown, and half of the purpose of Omi’s trip out was for Wanfatian.

Omi returned to the Yi Yue Villa.

“Senior Tang, did you find any clues?” Ebony asked.

“No.”

“It’s a shame that all of our grandparents’ belongings are already in the crypt.”

“Well, it’s fine.”

“Then does Senior still need to look elsewhere in the Imoon Villa? I can show seniors the room my grandmother used to live in, she still has her room.”

“No need.” Because, if they really had any clues, they would have already that what, Omi looked over the notes, they seemed to have searched many, many mountains around the world, their search direction was mountain ranges and so on, besides, if there is a fate to reach, if there is no fate how to find it would be in vain.

“Senior Tang, the banquet has been prepared, I hope that senior will appreciate it, and it’s late today, it would truly be an honor if senior could rest for a night in the Yi Yue Villa.”

“Good, then one night’s stay.”

Omi and Xiao Meng stayed at the Yi Yue Villa.

Yi Baishu certainly did his best to entertain them, and it seemed that whatever good food he could find had been sent out to the kitchen to make, sending out the entire mountain village.

And Yi Yue Villa, ever since Omi came in, the entire mountain village was in a state of excitement, because, having the world’s number one big man come was simply the most important day in all of Yi Yue Villa’s years.

Moreover, many young children were eager to be summoned by Omi because Omi had said that he would choose two people to take with him, so, this afternoon, the children of the Yi Yue Villa were in a state of madness, but Omi had been in the grave and didn’t know it.

After dinner, Omi was drinking tea in the main hall, and Yi Baixiao said, "Senior Tang, I have selected twenty of the most promising children of the Yi Moon Villa, and they are outside at the moment."

"Mm, good, let them in." Omi sipped his tea and nodded his head.

At this moment, outside the main hall, twenty lucky children seemed to be excited, as if the time to decide their fate had arrived, of course, their luck was only twenty chances to meet Omi, and in the end, who would be the lucky one to be one of the two taken away was another story.

Yi Baixiao walked to the door and said, "You all come in, remember, behave in front of Senior Tang."

"Yes, Villa Master." The twenty people were busy nodding, they were about to meet the big man, their heartbeats were racing. They had all heard about it, Senior Tang inside, the world's number one powerhouse, could they not be excited and have their heartbeats speed up.

Twenty people slowly walked in, lined up in two rows.

When everyone saw Omi, they were stunned.

Because, they didn't see the old man with white hair in their imagination, but, instead, a young man whose grade was equal to theirs, this, what was going on? They imagined that the strongest man in the world was a very pale man.

For a while, everyone was looking at each other in discussion.

Yi Baixiao was busy shouting, "Be quiet, in front of Senior Tang, one is still yelling endlessly, what a disgrace."

Omi smiled, "It's okay, I'm very different from what they imagined, it's normal for them to be surprised, relax, hehe."

Only then did everyone quiet down and looked at Omi, they really didn't believe that this person in front of them, who was the world's strongest man, how could he be so young.

1052

Yi Baixiao was busy saying, "Senior Tang, don't take offense, these children are only seventeen or eighteen years old, my grandchildren's generation, and even the Xuangsun generation's children, have never seen the world."

"Oh, normal, I also came here from the age of seventeen or eighteen."

At this time, a bold boy asked, "Senior Tang, are you really the world's strongest person?"

"Oh, what, don't I look like one?"

"But why are you so young? It looks like it's as old as me."

Yi Bainiao snapped, "Yi Jinchao, who told you to talk nonsense, does he have to be an old man, Senior Tang? Senior Tang was the world's number one genius and reached his current level at the age of only thirty."

"Wow." Hearing that Omi had reached the world's number one at the age of only thirty, all twenty people couldn't help but cry out.

"Oh." Omi just laughed, these children were actually only twelve or thirteen years younger than Omi.

Omi sized up the twenty people, and suddenly saw a girl standing in the back row, a little surprised, so pretty and shy in her temperament.

Yi Baixiao saw Omi's gaze on that pretty girl, busy saying, "Senior Tang, her name is Yishan'er, she is exactly my granddaughter."

“Oh, Yisan’er.” Omi looked at Isan’er and smiled slightly. Remember the website .kanshu8.net

Of course, Yi Baixiao wanted his own granddaughter to be chosen by Omi to take away, after all, people have selfish intentions, and said, “Senior Tang, my granddaughter is the most outstandingly gifted among the children of this generation.”

“Mm.” Omi understood Yi Baixiao’s meaning of recommending his granddaughter and only nodded.

Yi Baixiao was a little disappointed to see that Omi didn’t seem to be enthusiastic about it.

The other nineteen children were all a little worried that Omi would choose Yisan Er because she was the Zhuang Lord’s own granddaughter.

Yishan’er was now lowering her head slightly, very nervous, not sure if she could be taken away by Senior Tang, her talent was actually not the most outstanding among the descendant children of this villa, barely in the top three.

Just at this moment, a guard outside suddenly ran in.

“Villa Master, Villa Master, it’s not good.”

“What’s wrong? No big, no small, can’t you see Senior Tang is here?” Yi Baixiao was furious.

“Villa Master, it’s bad, Thousand Knives Town Pan Yang’s son is here.”

“Pan Yang’s son, what’s he, what’s he doing here.” Yi Hundred Worries looked depressed for a while.

“Zhuang Master, didn’t I tell you before, a few days ago, when the children of the Mountain Villa were gathering in Thousand Knives City, they accidentally let Pan Yang’s son meet your granddaughter, Pan Yang’s son said that he wanted to marry Miss Yisan Er, this, this is here.”

“What a jerk.”

That Isaner was also nervous.

Omi sipped his tea and asked, “What’s so alarming, Villa Master?”

Hearing Omi’s shout, Yi Baixiao just remembered that Omi, the world’s number one, was here, so what was he afraid of.

“Back to Senior Tang, there seems to be trouble in the Yi Yue Villa.”

“Oh, such a coincidence, I’m here but I’m bringing trouble, is it because I’m bringing trouble.”

“Senior Tang misunderstood, this trouble has nothing to do with Senior Tang, it’s like this, a few days ago, my Yi Yue Villa sons and daughters went to Thousand Blades City to see the world, unexpectedly, they encountered Pan Yang’s son, he saw that Isaner was beautiful and wanted to marry her.”

“Oh, who is Pan Yang?”

“Pan Yang is an overlord of an 8,000-kilometer radius, and is considered an emperor of an 8,000-kilometer radius. Back then, this eight thousand kilometer radius’ emperor was our Yi Yue Villa, and now that Pan Yang has become the strongest person in this radius and has stepped into the pinnacle of the Complete Unity Realm, he has taken over this overlord’s position.”

“So that’s how it is.”

Yi Hundred Worries knelt down and said, “Senior Tang, I implore Omi to be gracious and save my granddaughter.”

Omi smiled, "Marriage between a man and a woman, that's the way it is, now that your Yiyue Villa is in decline and Pan Yang has become the overlord of this side, reaching the peak of the Unity Realm, it's reasonable that his son wants to marry your granddaughter, it's not like you're at a disadvantage."

"No, Senior Tang, that son of Pan Yang has a very average talent, if it was a son with a strong talent, I would be happy instead, but he is Pan Yang's famous waste of a son, he spends every day and hangs out in brothel houses, how can I marry my granddaughter to him. However, Pan Yang already despises our Yi Yue Villa and has repeatedly suppressed us, we are really helpless."

Omi nodded, "So ah, well then, get up first."

At that moment, a man from the early Houtian stage flew in at the entrance, looking to be over forty years old.

Only training to the early Hare Krishna stage at forty, there really wasn't much of a future to be expected at the Innate Realm.

"Hahaha, where's Isaner." The man came in and shouted.

"Insolent." Yi Baixiao shouted.

That middle-aged man looked at Yi Baishen and smiled, "You are Yi Baishen, right, the owner of the Yi Yue Villa?"

"Yes."

"Okay, let me introduce myself, my name is Pan Jian, son of my Thousand Blades Land Overlord, Pan Yang, it's okay if you don't know me, you just need to know my father. My dad is at the peak of the Unity Realm Perfection, and there's still hope of stepping into the Unity Realm Perfection, so you'd better be sensible. Now, I'll cut to the chase, I was in Thousand Daggers Town that day, I saw a beautiful woman, and upon asking around I found out that she was from your Yi Yue Villa, hehehehe. I want to marry her, hey, it's here." At this time, Pan Jian suddenly saw one of the twenty children standing in the main hall, one of the beauties was the one he saw that day. Pan Jian was overjoyed and immediately wanted to go up and hug her.

"Bold, Pan Jian, today you dare to try messing with me in my Yi Yue Villa." Yi Baixiao shouted, appearing furious, the world-famous mountain village back then was now being bullied like this, his heart was hot and sore.

Pan Jian snorted, "Yi Baishao, you are sick, do you think that today's Yi Yue Villa is still the same Yi Yue Villa of a hundred years ago? Don't forget, this Thousand Daggers Land is now my father, not your Yi Yue Villa. Do you believe that my father will destroy your Yi Yue Villa with a word? I can tell you this, if it wasn't for the fact that the Martial Island Lord was so slightly involved with your Yi Yue Villa, my father would have exterminated you and still be arrogant in front of me. Now if you are sensible, marry this beauty to me, and then find a few more beauties from the villa to come and serve me. That way, later on, when the Martial Island Lord dies, if my father wants to do something to you, I will plead for you. Understand? Old man."

"You you you!" Yi Baixiao's angry beard was trembling.

No wonder Pan Yang had been suppressing the Yi Yue Villa all these years, but he didn't dare to really do anything to it, so Pan Yang was afraid of the Martial Forest Island Master, the Martial Forest Island Master's former mentor was at least someone from the Yi Yue Villa. If he really exterminated the Yi Yue Villa, the Island Lord would definitely come out, but if the Island Lord died, Pan Yang was afraid that he would have no worries and could freely dispose of the former overlord of this place, the Yi Yue Villa.
