

King of kings 1065–1066

Omi first went to look for Nan Shan Yun, one of the five surviving peaks, but alas, pounced, and Nan Shan Yun had already fled and was nowhere to be found.

Then, Omi went to look for Old Lord Heshang, but also pounced on nothing.

Then he went to Liu Qian's house and also pounced on nothing.

Omi finally went to look for Gao Fengshui, who was at the farthest end of the line.

Omi reckoned that Gao Fengshui had also long since escaped.

However, what Omi didn't expect was that when he arrived at Gao Feng Shui's house, he found that Gao Feng Shui hadn't run away.

"Brother Tang." Gao Feng Shui saw Omi and came up in a panic, however, Omi's face was not too good and Gao Feng Shui did not dare to get too close to Omi.

Omi said, "Along the way, Nan Shan Yun, River Elder, Liu Qian, all escaped, why didn't you escape? Aren't you afraid of Mu Qianji coming to kill you?"

Gao Feng Shui laughed furiously, "Come on, I, Gao Feng Shui, am waiting for her."

"Have the guts to rather die than run away, so Mu Qianji hasn't come looking for you yet."

"Right, but I've gotten word that Mu Qianji will be coming to me in the next few days, I didn't expect that Brother Tang would come first. Dare I ask Brother Tang, where have you been all this time? Why did you just show up now." One second to remember to read the book

Omi said, "I'm going to look for Wanfatian."

Gao Feng Shui said, "Brother Tang, to tell you the truth, I received news the day before yesterday that Wanfatian has been found and has died by Mu Qianji's hands."

"What." Omi and Xiao Meng were both greatly shocked, Omi had only returned to Wangjing City all the way from Hundred Joy Mountain, taking more than ten days, but he didn't expect that Mu Qianji had immediately found him as well and killed Wanfatian, it was almost as if he had just left the day before and Mu Qianji had gone the day after.

"Brother Tang, now that even Wanfatian has died in that witch's hands, what are you planning to do?"

Omi's eyes were complicated, "Of course, fight her."

Gao Feng Shui shook his head, "No, this will only lead to death, not even Wanfa Tian is a match for this witch, and you are definitely not a match either."

Omi's eyebrows furrowed, listening to Gao Fengshui's meaning, what was his plan?

"Do you have some kind of plan?" Omi asked.

"Hahaha, Brother Tang, truth be told, we do have a plan to deal with the witch, in fact, Nanshan Yun, River Elder, Liu Qian, and I conspired and planned it a month ago. Because we knew that we were no match for the witch, and it was impossible to fight her head-on, so we only had to outwit her, and now, we were just waiting for the witch to come to our door, when she would turn herself in, she would surely die. Also, it's not true that I'm not running away, I'm just here as bait, waiting for that witch to come, hahaha." Gao Feng Shui let out a crazy laugh.

Omi broke out in a cold sweat, not knowing why, suddenly very worried about Mu Qianji.

Omi was really torn inside, he had obviously come to kill Mu Qianji and stop this catastrophe, but when he saw that Gao Fengshui and the others had already laid a trap, he was worried about Mu Qianji. This showed that Omi was so determined to come and kill Mu Qianji, but in his heart, he didn't really want her dead at all.

Gao Feng Shui smiled, "Brother Tang, now that you're here, with you joining us, I think it's not a problem at all to get that witch killed, and I'm even more confident."

Omi busily asked, "Brother Gao, dare I ask what your plan is? Are you sure you can handle the witch?"

"Don't worry, it's foolproof, we're just waiting for that witch to come.

"

"What, you're not going to let me in on your plans?"

"Brother Tang, you're the second strongest in the world, how can you not be welcomed to join us, let's go, I'll take you to Nanshan Yun, River Elder, and Liu Qian now and tell you our plan."

"Good." Omi nodded and busily followed Gao Feng Shui to fly away.

Omi just blindly followed, always conflicted inside.

Ten minutes later, Omi flew to the bottom of a high cliff, this cliff was very, very high and difficult for birds to cross.

“Brother Gao, what are you doing here? I don’t see anything special about it, except that it’s a tall mountain? You deal with witches and you plan to be here?” Omi asked puzzled.

Gao Feng Shui smiled, “Brother Tang, do you know what is behind this mountain?”

“Uh, I don’t know.”

“Hahaha, Brother Tang, at the back of this mountain is the world’s number one extinct place, Thousand Mountain Twilight.”

“Uh, Thousand Mountain Twilight?” Omi’s body trembled, not expecting that Thousand Mountain Twilight was behind this mountain now, Omi had said it several times before, but it had never come. Unexpectedly, today, he came by mistake.

Thousand Mountain Twilight was famous for being a Jedi, anyone who entered and didn’t come out alive, and even if they did come out alive, they were already mentally insane, a place that no strong person in this world would dare to step into.

At this time, Gao Feng Shui pressed on the stone wall, opening a mechanism, then pushing, a stone wall moved to one side, then revealing a passage, the passage was about twenty meters high.

“Brother Tang, go, follow me into the secret passageway.”

“This secret passageway is?”

“This secret passage naturally leads to the depths of this mountain, an important place to deal with Mu Qianji, now Nan Shan Yun and the three of them are inside this secret passage, I’ll take you to meet with them.”

“Oh.”

Omi followed Gao Feng Shui and entered the secret passage.

The deeper he went, the more Omi felt an inexplicable sense of panic.

“Why would it move an inexplicable panic?”

“Nonsense, of course it’s because of Thousand Mountain Gloom, the other side of this mountain is Thousand Mountain Gloom, and the deeper you go, the thicker the terror of Thousand Mountain Gloom becomes, and naturally the more panicked your heart becomes. This secret passage leads to the other side, the

other side of Thousand Mountain Kure. Our plan to get rid of the witch this time will guarantee her death."

Not long after, Omi entered the secret passage, which had a small hole, and right now, there were three people working on something in this small hole.

Those three people saw someone coming in and were busy stopping what they were doing.

"Omi?" The three of them were taken aback when they saw Omi.

Gao Feng Shui smiled and said, "Brother Tang, let me introduce you, this is Nan Shan Yun, this is Old Lord Riverside, and this is Liu Qian. Our plan this time, Old Lord Riverside is the most crucial one, because, not only is he a peak powerhouse, he is also a top-notch master of organs, and his organs are unmatched in the world today."

"A master of organs?" When Omi thought of organs, he thought of the top-notch chest made by a master organist at the bottom of the Star Ocean Academy, which contained Vermilion Bird Grass, which Mu Qianji helped Omi to get at the hands of the Dean of Star Ocean Academy.

Omi didn't really know much about this world's master organist.

Nan Shan Yun, River Elder, and Liu Qian were busy coming up to greet Omi.

"Hello, hello, Omi, I've heard a lot about you."

"You're welcome." Omi nodded and asked, "Who can tell me, how do you plan to deal with the witch?"

The master of the mechanism, Old Lord River, smiled, "Let me tell you, first of all, we have to lure Mu Qianji here, this link will be completed by Gao Feng Shui, Gao Feng Shui's main task is to lure the witch here. Then, Nan Shan Yun, Liu Qian, and the two of them will each master the two mechanism locks, and when Mu Qianji enters this cave, they will immediately activate the mechanism. However, the organs couldn't be combined all at once, and it would take almost five minutes for the organs to complete from activation to complete completely. After five minutes, the organ lock is completely combined, at that time there will be a strongest and deadliest strike, I guarantee that the witch will die in the organ, even if she doesn't die, she will be seriously injured, then, send her to Thousand Mountain Twilight, double insurance, to keep her alive or dead."

Omi asked, "What kind of organ lock, so powerful? Able to kill Mu Qianji?"

"Don't worry about that, it's a mechanism lock handed down by our ancestors, anyway, just wait and see what happens, hahaha."

Omi held a skeptical attitude.

Nan Shan Yun said, "Now that Brother Tang has joined, this is really great, Brother Tang is so strong, in case anything happens, we'll be more confident."

"Brother Tang, what do you think?"

Omi clenched his teeth and said with a fierce heart, "I was originally here to find her, what reason is there to refuse."

"Hahaha, that's great." The four of them laughed. The first website

However, Omi couldn't laugh.

After that, Gao Feng Shui continued to return to his home not far away.

And Omi and the others were waiting at the bottom of that cliff.

All things were ready except for the east wind.

But Omi's heart was in a state of complete chaos.

Omi kept telling himself, "I originally came here to kill her, so why should my heart be messed up."

After a day of Omi's chaotic life, in the distance, Gao Feng Shui fled in panic.

The old ruler of the river said, "Everyone take your places, the witch is being drawn here by Gao Feng Shui."

The next moment, Gao Feng Shui arrived at the cliff and shouted, "The witch is coming, with her speed, she'll probably be here in a few tens of seconds, quickly, get ready, take your positions."

Sure enough, a few tens of seconds later, Mu Qianji came like a killing god, her terrifying aura was far more terrifying than a month ago.

Just now Mu Qianji arrived at Gao Feng Shui's doorstep, and was told by Gao Feng Shui's servant that Gao Feng Shui fled in this direction and that there was a cave where several peaks were hidden, Mu Qianji immediately chased after her, and she found traces of Gao Feng Shui all the way here, or else she wouldn't have been so precise in guiding this one point.

"You're all going to die." Mu Qianji said coldly, and after that, the Burial Moon Sword in Mu Qianji's hand slashed at the stone wall.

"Boom." One of the stone walls collapsed, revealing a secret hole.

However, when the dust dissipated, a person was seen standing at the mouth of the secret tunnel hole, it was Omi.

When Mu Qianji saw Omi, he was stunned, and the sword in his hand

began to shiver.

"Omi." Mu Qianji smiled coldly.

Omi's eyes were red as he looked at Mu Qianji, pained and pitying, Mu Qianji's appearance at the moment was completely different, Omi felt saddened, but when he thought of his eight or nine dead relatives, Omi hated it very much.

And Mu Qianji, who seemed to be completely emotionless towards Omi, called out coldly to Omi.

"Omi, you're here, last time in Wangjing City, you were allowed to escape, this time, you'll be dealt with together."

Omi looked at Mu Qianji, Mu Qianji completely disowned him, making him collapse in tears in an instant. Omi said painfully, "Why."

"Hahaha, what an infatuated seed, unfortunately, today's me is no longer the same as in the past, you think I still fancy you, hahaha."

Omi raised the sword in his hand and said, "Mu Qianji, I don't care if you're possessed or not, whether it's excusable or not, but the crime you committed is unforgivable, come on, make an end with me."

"With you, do you deserve it?" Mu Qianji snorted with disdain.

Omi's heart ached like a knife when he saw her indifferent face, it was completely different from the woman who called her sister when she was with her, turning so strange and indifferent.

"Buzz!" With tears in his eyes, Omi bounced on both feet and killed Mu Qianji with a single slash.

A cold smile sprang up in Mu Qianji's mouth, and the Burial Moon Sword in his hand waved with a single slash, the demonic energy rushing towards Omi like a black dragon.

"Boom." The sword in Omi's hand suddenly turned into pieces, unable to contend with the Burial Moon Sword at all, moreover, Omi's entire body was suddenly hindered, unable to move forward methods, constantly backing up, all of a sudden backing up to the stone wall, relying on the stone wall to make himself stop and unload the power of Mu Qianji's slash.

Mu Qianji snorted coldly, "Worthy of being the famous Omi, in this world, I've killed so many people, except for Wanfatian, there's not a single person who

didn't die with a single slash, but you, not only didn't die with a single slash, you were able to unload the might of my slash. That's wonderful, my sword loves to drink the blood of a strong man like you, hahaha." Mu Qianji let out a wild laugh.

Omi was feeling uncomfortable at the moment, he felt like his body was going to collapse from this encounter just now, it was too strong, but, Omi was still able to resist.

And now, in the cave, the old ruler of the river and the others were depressed, "This Omi, why didn't he follow the previous agreement, he even fought her outside by himself, if he disrupts the plan, then it's all over, everyone is finished."

"Boom!" Omi was once again blasted into the stone wall.

Omi discovered that he really wasn't a match for the demon-possessed Mu Qianji.

Although, this was within Omi's expectations, when he actually fought her, Omi realized that she was too strong and powerful.

"Omi, you are no match for me at all, the weak do not deserve to live, let my sword drink your blood." This time, Mu Qianji's entire body turned into a streak of light and charged over to Omi, the killing intent, so strong that I'm afraid her killing intent, over a thousand drops, twice as much as Omi's, plus a divine weapon, the Burial Moon Sword, completely invincible. It was almost impossible for Omi to defeat her, but it wouldn't be difficult for Omi to escape, but Omi wouldn't escape.

Omi shouted and cast the Ghost Wheel Determination, his body as a sword, not caring about his life at all to meet her.
