

King of kings

Chapter 1641-1645

"You know that guy from earlier?" Don Zimmer asked.

"Know."

"How do you know him, who is he."

"He's a member of the Yun Family of the Four Seas, called Yun Tian, he's on good terms with a young master of my family and often comes to my Lv Family to play. I'm afraid he'll tell the Lü family about me when he returns this time, young minister."

"Which so what."

"Minister Young Master, although the Lu family doesn't care if I live or die, but if they know that I'm working for you as a maid, they will definitely feel that I've disgraced the Lu family, then they won't be able to ignore it."

"Then what?"

"And then my Lu family will definitely come looking for me and bring me back, or, kill you."

"Hahaha." Omi laughed.

"Young Minister, I'm serious."

"Don't worry, Yu Xi, no matter what Lu Family or Yun Family, I don't have any eyes on them. You have to believe in Ben Shao, this level is not worthy of being Ben Shao's enemy." One second to remember to read the book

"Oh, I'm relieved then."

Although Omi said so, his heart wasn't as pointless as his mouth.

In fact, Omi was mad as hell, but he would also consider some of the consequences, what it would take to avoid unnecessary, or enemies that he couldn't face yet.

For example, just now, if Omi was really that indifferent and directly stomped on Yun Tian, where would he let him live, as for giving Xia Xiaoxin a face, it was just an excuse. In the end, it was still Omi who didn't want to have an undying feud with the Four Seas family for the time being.

Of course, if the other party wanted to have an undying feud with Omi, then don't blame Omi, although Omi was unable to rival the Four Seas family for the time being, in his heart, Omi didn't consider them as an opponent. Because Omi had the greatest aid, the Nine Daoist Demon Immortal Qi, if Omi was given time, he could trample down the spirit world.

"Grandfather, grandfather."

“Grandpa, come out quickly.”

Xia Xiaoxin helped Yun Tian back to a mountain nest, this mountain nest was where Xia Xiaoxin and her grandfather lived.

“What’s wrong?” Xia Xiaoxin’s grandfather was busy coming out, only to see that Yun Tian, who had just been alive and kicking, now had only one leg, the other leg being carried on his own shoulders

“This.” Xia Xiaoxin’s grandfather could hardly believe it.

“Grandpa, hurry up and help Brother Yun Tian pick up his leg.”

“Xiaoxin, what’s going on here?”

“Grandpa, you can help Brother Yun Tian pick up his leg first.”

“Okay.”

Soon, Yun Tian’s leg was connected.

“Now you can tell me who cut off Yun Tian’s leg, I will definitely not let him off lightly, with Yun Tian’s strength, the person who can cut off his leg must be at the level of an elder of the Flying Cloud Sect. As an elder of the Flying Cloud Sect, bullying the small with the big is really outrageous.” Xia Ming was furious, if Yun Tian’s grandfather found out, he wouldn’t be able to explain, so the elder who had cut off Yun Tian’s leg, he would definitely not let go.

However, Xia Xiaoxin was embarrassed at the moment because the person who cut off Yun Tian’s leg wasn’t bullying the small with the big at all, but the small with the big, and she didn’t know how to speak at the moment.

“You guys, tell me, which elder made the move? Or, which Vice Patriarch.” Xia Ming spoke out.

Xia: “Grandpa, the person who cut off Brother Yun Tian’s leg wasn’t an elder or vice sovereign of the Flying Cloud Sect.”

“Then who was it?”

“It’s the Flying Cloud Sect a just

The disciple who entered the inner circle, his name is Omi, he’s the same age as me.”

“What? How is that possible.” Xia Ming was shocked.

At this moment, Yun Tian was just gnashing his teeth, that Omi was even younger than him, he was inconvenienced to say anything other than silently gnashing his teeth and secretly fuming.

“Grandpa, that Omi, at thirteen years old, has at least reached the third stage of heart illumination.”

“Heavens, this is the One Heavy Sea, how could there be such a genius? At thirteen years old, reaching the third stage of heart illumination, even at four seas, this is already a top ten ranked genius.” Xia Ming was full of disbelief.

“Grandpa, let’s not talk about him, brother Yun Tian is unhappy.”

Xia Ming turned his head to look , and sure enough, Yun Tian was very unhappy.

Xia Ming sighed and said in his heart, “Yun Tian, since you were beaten by one younger than you, I can’t do anything to help you, if the other party killed you, I can still seek revenge on him, but the other party didn’t kill you, I can’t shamelessly beat him up.”

Xia Ming patted Yun Tian’s shoulder and said, “Yun Tian, your leg was just connected, you should rest well first, don’t get up and move for the next few days, so as not to leave some trouble.I’ll go see that Omi now.”

Yun Tian busily said, “Grandpa Xia Ming, are you going to take revenge for me?”

“Uh.”

“Grandpa Xia Ming, after you go find Omi, can you not kill him yet and drag him here so I can kill him.”

Xia Ming said in his heart: “Yun Tian, why is this the best you can do.”

Xia Ming didn’t answer Yun Tian, to Xia: “Xin, take me to find Omi.”

“Oh.”Xia Xiaoxin took her grandfather and headed straight to Omi’s Light Cloud Alliance.

On the way.

Xia Xiaoxin was busy, “Grandpa, are you going to kill Omi?”

“Xin, do you think he shouldn’t kill?”

“Grandpa, that Omi is arrogant and unreasonable at all, but all the heavens have good virtues, and he wanted to kill Brother Yun Tian, he gave me face and didn’t, so let’s spare him this time.”

“What? You even pleaded for him, aren’t you very close to Yun Tian, you’ve been playing together since you were little.”

“Grandpa, although I’m angry for Yun Tian brother when his leg was chopped off, but, that Omi is younger than Yun Tian after all, if this matter is spread out, the one who will lose face is Yun Tian brother instead.”

“Alright, grandpa isn’t going to kill Omi, grandpa hasn’t been so careful, besides, Yun Tian is Yun Tian after all, not my grandson, he’s not as good as others himself, but he’s still coming to the Flying Cloud Sect to provoke him, so he’ll be taught a lesson even if he suffers a loss.”

“Oh, then what are you doing there?”Xia Xiaoxin was busy asking.

“That Omi, the same age as you, with a higher realm than you, such a genius appeared in the Flying Cloud Sect, how could I not verify it, right, if he’s such a genius, then why isn’t anyone mentioning the Flying Cloud Sect’s Sect Master and Vice Sect Master or whatever?”

“I don’t know about that, that Omi is new to the inner gate, I don’t think anyone knows about it yet.”

“If that’s the case, then this kid is not bad, I might as well cultivate him as well.”

“Ah, grandpa, you.”Xia Xiaoxin was delighted.

"Xiaoxin, why are you looking a bit happy."

"Where am I, I hate him to death, how could I be happy for him, you don't even know how arrogant he is."

"Hahaha, is that so, then I want to see it even more."

Said the man, to the Light Cloud Alliance.

1642

"Omi come out." Xia Xiaoxin shouted.

Omi was in the hall, and Little White Dragon was on the side.

At that moment, Xia Xiaoxin and an old man walked in.

Omi knew it was Xia Xiaoxin by the sound of his voice.

Xia Xiaoxin saw Little White Dragon and was shocked, "Little White?"

It was just that the little white dragon was obviously much bigger than it was in the beginning, so Xia Xiaoxin couldn't be sure that it must be her little white dragon anymore.

The little white dragon seemed to have heard someone calling him and immediately hid behind Omi.

"Little White, it's me, don't you recognize me?" Xia Xiaoxin was busy.

At this moment, Xia Ming stared at Omi, and sure enough, he found out that Omi's realm was the third step of heart illumination. (Actually, Omi was at the ninth step of heart illumination, Omi hid it just)

Xia Ming was filled with shock, God is real, no wonder it could make Yun Tian so miserable.

Xia Ming looked at Omi with a look like he had found a treasure. The first website m.kanshu8.net

Omi also looked at Xia Ming, Omi was startled and said inwardly, "He's actually a strong person who surpasses the YuanYing."

Xia Xiaoxin was busy asking, "Omi, is he my little white dragon?"

"No." Don said without even thinking about it.

"Don't you lie to me, it must be my Sebastian."

"You call him, and if he answers you, it's yours."

"Xiaobai, Xiaobai, it's me." Xia Xiaoxin called out several times, but the little white dragon ignored it, Xia Xiaoxin was filled with disappointment.

At this moment, the little white dragon suddenly jumped into Xia Xiaoxin's arms, mouths uttering not very clear human words, "Mother, mother."

"Ah, Xiaobai, you finally recognized me, great." Xia Xiaoxin was so happy that she was so excited that she wanted to cry.

Omi was a bit depressed, what a white-eyed dragon, raising him for a year for nothing.

Omi snorted, "Little Bai, you disappointed me, in that case, go with her, I won't recognize you in the future."

As soon as Little White Dragon heard this, he immediately abandoned Xia Xiaoxin and threw himself at Omi, blurting out, "Daddy, don't, Daddy, don't."

Xia Xiaoxin saw Little White Dragon calling him daddy, and said depressingly, "Little White, don't call him that, or I'll get angry."

However, Little White Dragon ignored her.

Omi stroked, "Little White, ignore this woman from now on."

"Squeak." It was as if Little White Dragon was reluctant to leave, but had to obey.

"Little White, come here, have you forgotten, I'm the one who brought you here."

Omi said, "Xia Xiaoxin, don't waste your energy, it's impossible for the little white dragon to listen to you, alright, don't talk nonsense. I'm sure this is some old banker from the Flying Cloud Sect."

That old man said, "You must be Omi."

"Yes, why does everyone like to ask questions knowingly?"

"Oh, Omi, do you know that even the Feiyun Sect's Sovereign isn't able to see me just because he wants to."

Omi said, "Senior is nothing more than a stranger to me, and I don't want to see you, you're the one who wanted to come to me."

"You really are as arrogant as that."

"My tone to senior at this moment is the gentlest tone in my life, if you don't believe me, ask your granddaughter."

Xia: "Grandfather, the tone right now is indeed the gentlest."

"So much so, I'd rather know what you look like when you're arrogant."

"Alright, senior, if it's alright, please go back, I still have to practice, sorry, I don't have time to entertain you, when

Ran, if you don't mind, you can stay for tea, I'll just have my men pour it for you." Omi said.

"Alright, kid, I just came over to confirm if you really have such a strong talent. Now that I've confirmed it, you do have a high talent."

"Thank you senior for the compliment."

"Omi, are you really a one-sea man at birth? Or are you not from the One Heavy Sea at all? What family is it from?" Xia Ming asked.

If Omi didn't have a family and was born with a heavy sea, then Xia Ming didn't mind bringing Omi into his family, whether it was a disciple or a marriage, there was always no loss.

Omi smiled and said, "Does Senior think that this is possible?"

"Uh, what do you mean, do you have another origin? Well, then, what family are you from? Which place?"

"You wouldn't know if I told you, so why say it."

"It's fine, go ahead and say it."

"Do, do I have to tell you that I'm from the One Heavy Sea?"

"Oh." Xia Ming smiled, Omi's bragging ratio wasn't drafty either.

"Alright, I won't push you, but I'm looking for you today, not because of Yun Tian's matter, but instead, it might be good for you."

"Yeah? What good thing."

"Omi, are you willing to be my disciple? Or, marry with my Xia family, which is one of the powerful families of the Four Seas." Xia Ming looked at Omi with inquiring eyes.

Omi looked at Xia, "If you want me to marry Xia Xiaoxin, do you at least want me to like Xia Xiaoxin, I'm sorry, so far, Xia Xia Xiaoxin hasn't made me like her."

"Omi, who wants to get married to you." Xia Xiaoxin snorted in depression.

Xia Ming smiled, "Omi, you misunderstood, the marriage I'm talking about is not with my granddaughter, my granddaughter already has a name."

"Oh, then with whom."

"There are many beautiful girls in my Xia family, just choose as you like when the time comes."

"No need, thank you for your kindness."

"What? You don't fancy my Xia family."

"Maybe so."

"Boy, the tone is indeed wild."

"I can't help it, who let your family be just a family of the Four Seas, and I'm a maid."

"Is that so."

Just at this moment, Lu Yuxi came out.

Omi said, "Her name is Lu Yuxi, from the Four Seas Lu family."

Xia Ming's eyebrows furrowed as he asked, "You're the granddaughter of Lv Shanhe?"

Lv Yu Xi was stunned and nodded her head.

Xia Ming sighed and said, "In the past, Lv Shanhe and I, we had a good relationship, but I never expected that he would fall early, only to lose your father's power in the family."

"Thank you for your senior's concern."

Xia Ming looked at Lv Yuxi for a few seconds and asked, "Even though you're now down and out of the family, you're at least a son of the Lv family, so how could you have fallen to the level of being a maid for Omi?"

Lu Yuxi bit her lip and didn't say anything.

Omi said, "That's a good question, I'll answer it for her, Yu Xi being my maid is her wisest choice."

Xia Ming said, "Lu Yuxi, did you see Omi's talent early on and attempt to use his hand in the future to return to the Lu family?"

"Right." Lu Yuxi nodded.

Xia Ming didn't say anything else and looked towards Omi and said, "Omi, you might want to consider the proposal I just made."

1643

"Don't think about it, I can't be your disciple, if you are truly sincere in befriending me, I can worship you as my big brother."

"Haha." Xia Ming laughed, his heart seemed to be a little annoyed, Omi was so ungrateful.

Xia Xiaoxin snorted, "Omi, you don't have to insult my grandfather."

"I kindly proposed to befriend your grandfather, and you even consider it an insult, fine, forget it, but I can assure you that someday in the future, someone more powerful than your grandfather might not be qualified enough to be me.

"You."

"You."

Xia Ming and Xia Xiaoxin were both about to get angry at Omi's words.

Omi said, "Senior, I didn't mean to offend you, I'm just stating my point of view, you're free to disagree with me, it's your freedom."

Xia Ming took a deep breath and said, "Omi, I now finally believe that the tone of voice you just spoke to me is the gentlest you've ever had."

"It's good that Senior knows, I usually don't treat people so well, you are Xia Xiaoxin's grandfather, and Xia Xiaoxin, who is also considered my person, doesn't look at the monk's face to see the Buddha's face."

"Uh, your people? How does it make sense that my granddaughter is one of yours?" Remember the URL .kanshu8.net

Xia Xiaoxin said in anger, "Omi, don't talk nonsense."

Omi said, "This is a little secret between Xia Xiaoxin and me, I think it's better not to tell you."

"Ha, Omi, I finally know your madness, you're so arrogant that even I'm enraged by it."

"Senior's words are not good enough, Senior thinks I'm crazy, but only from your perspective, because Senior thinks I'm lowly and weak, while thinking from my perspective, I think I'm very promising myself, in time, the whole spirit world will be trampled under my feet, what with the four seas, I guess I don't feel worthy of my identity even if I shit there."

"You, hahaha, hahaha." Xia Ming laughed, not sure if he was laughing from anger or amusement.

Xia Xiaoxin was also busy saying, "Omi, you're really hopeless."

"Oh, I just said, this is just my opinion, you guys can disagree."

Xia Ming sighed, "I really don't know how you're so well endowed for someone so ignorant, it's reasonable to say that someone as ignorant as you should be living at the bottom of the heap."

"Senior, I can only say that your vision is limited."

"You." Xia Ming was almost infuriated again by Omi, actually saying that he had limited vision, God, he still thought Omi was insane.

"I'm sorry, I'm offended."

"Just, Xin, let's go." Xia Ming turned around to leave.

Xia Xiaoxin was a bit sorry, "Omi, you idiot, do you know what opportunity you've missed." In fact, Xia Xiaoxin was quite fond of Omi in her heart to pay homage to his grandfather, or, to marry with her family.

Omi smiled, "Anyway, thank you, Xia Xiaoxin, since your grandfather doesn't want to befriend me, then why don't you be my sister, I have a good impression of you, you're a kind girl."

"You Hugh." Xia Xiaoxin snorted in depression, being his sister, what an advantage to take advantage of.

"Since you don't want this opportunity, then let it be, it's not me who has the most to lose anyway."

"Ahhhh, I beg you not to be so presumptuous, okay." Xia Xiaoxin was so angry that she was going crazy.

&nbs.

p; "Oh, slow down, by the way, I gave you permission to visit Sebastian."

“Sebastian was already mine, I’m just letting you take care of it now.”

“Oh.” Omi turned around and went into the back hall, and Xia Xiaoxin followed her grandfather.

Walking into the back hall, Lv Yu Xi was not looking too good, perhaps thinking of her relatives.

Omi hugged Lv Yuxi and said, “Don’t worry, one day, you’ll save your parents with your own hands.”

“Mmhmm, thank you, Minister Shao.” Rain Stream said touched that Omi was hugging her for the first time.

“Although I claim you as my maid to the outside world, but in my heart, I treat you as a family member.”

“Mmhmm.” Lu Yuxi was moved to tears.

Yan Xinyi came up.

“Master, why don’t you pay homage to that strong man just now, if you can pay homage to him, your position in the spirit world will be more secure in the future.”

Omi said, “I only have one master, his name is Ding Ru, and I only have one teacher.” Omi looked at Yan Xinyi.

Yan Xinyi sighed, “The past is the past, why bother about it, one should look forward, the world is changing every day, clinging to the old, how can the heart of Tao move forward.”

Omi smiled, “Alright, although Xia Xiaoxin’s grandfather is very strong just now, my befriending him is the lowest bottom line. Those who think that I should worship him are all manifestations of their own lowliness, of thinking themselves inferior. But I, Omi, have never felt inferior, so why do I need to worship him as my master. I, Omi, will certainly surpass him someday, and I’m afraid it won’t take long for me to surpass him, and by then, he may not even be qualified to be my subordinate in my eyes, and yet I have to call him my master, so you say you are not aggrieved. I know many of you don’t agree with me, but that’s okay, you just need to remember that in the future, I want this heaven and earth to creep beneath my feet.”

“Alright.” Yan Xin Yi nodded, Wind’s personality had changed greatly compared to the mortal realm, his gaze had become very lofty and his heart was extremely high, it seemed that he was deeply influenced by the Nine Daoist Demon King’s Immortal Qi in his body.

At this moment, on the way back, Xia Ming looked depressed.

“I’ve really never seen how arrogant people are.” Xia Ming pronounced.

“Grandpa, don’t be so familiar with him.”

“Xiaoxin, don’t you know that what he says will really make people angry, and if it were anyone else, I’m afraid he would really be unable to resist killing someone. I thought he should be grateful that I took him as my disciple, but he actually refused, which is just as well, he actually wanted to befriend me.”

“Grandpa, I told you long ago that he is a very arrogant person.”

"Indeed a very arrogant person, far beyond my imagination, I really don't know where his bottom line is, what makes him think he's bound to become a great man in the future."

"Grandpa, young and arrogant, didn't you say that when you were young, you were also defiant and arrogant."

"No, no matter how high-minded and arrogant I was when I was young, I didn't reach his level, he's simply hopeless. I'd like to see if he's really that successful in the future now."

"Mmhmm."

"Little Xin, why do you always look like you're always towards him?" Xia Ming looked at Xia Xiaoxin in confusion.

"Grandpa, what do you mean, I actually dislike that arrogant and boundless person of Omi, it's just that I feel sorry for him because I saw that he's really quite a genius. I'm now all worried about how long he can live with such arrogance, what if he runs into a super strong person."

1644

"Alright, let's leave him alone."

Xia Xiaoxin and her grandparents returned to the valley.

"Grandpa Xia Ming, where's Omi? You didn't bring him in for me to kill?" Yun Tian saw Xia Xiaoxin and her grandfather returning and asked in a panic.

Xia Ming snorted and ignored Yun Tian, going into his cultivation room.

"Xiaoxin, what's going on with your grandfather?"

"Brother Yuntian, don't ask, my grandfather is in a bad mood."

"Why?"

"Alright, let's not talk about it." Xia Xiaoxin was also in a pretty bad mood, she had hoped that Omi would pay homage to her grandfather, but she didn't expect that Omi would be so arrogant.

"Xiaoxin, you have to tell me, what's wrong?" Yun Tian pursued the question.

"Alas, when my grandfather saw how talented Omi was, he wanted to take him as a disciple, but Omi was so arrogant that he didn't even want to, he was only willing to befriend my grandfather."

"I'll go." Yun Tian's entire body exploded, mother, Omi was so arrogant in front of Xia Ming, who gave this product so much self-confidence? One second to remember to read the book

Yun Tian Dao: "If I were Grandpa Xia Ming, Omi would have died a hundred times already."

Xia: "Actually I'm also depressed, this time fortunately the person I ran into was my grandfather, my grandfather wouldn't have killed him for no reason, if it was someone else, I really don't know if Omi would have been killed."

Yun Tian was delighted inside, secretly saying, "Omi is so arrogant, if my grandfather knew, he would definitely destroy him, haha, I must tell my grandfather about this as fast as I can. Grandpa Xia Ming

doesn't kill Omi, that's because Xia Ming is kind, but if he runs into my grandfather, let him die a few thousand times."

Xia: "Brother Yun Tian, you take care of your injuries, I'll go see my grandfather."

"Good."

After Xia Xiaoxin left, Yun Tian immediately took out an item like a bamboo tube from his spatial ring, this item was called a jade slip, it was a very expensive item, ordinary people couldn't afford to own it.

Yun Tian opened the transmission jade slip and then said to the jade slip, "Grandpa, I'm in the One Heavy Sea Flying Cloud Sect, I had a leg chopped off, I'm in this Flying Cloud Sect, there's a man named Omi." Yun Tian spread the word about what happened today, and of course, told him that Omi was very crazy in front of Xia Ming, but told Omi to the worst anyway.

After using that Transmutation Jadeite, it was scrapped, and a Jadeite could only be used once.

And now, in the distant Four Seas, an old man who looked to be about the same age as Xia Ming suddenly moved his eyebrows and quickly took out a jade slip from his spatial ring, he opened the jade slip and there was a transmission from his grandson Yun Tian.

This old man, called Yun De.

Yun De was filled with rage after hearing it, his grandson actually had a leg cut off, and that person was so arrogant that he didn't even give face to Xia Ming.

"Whew, it's really been years since I've been so angry, this anger, my efforts for more than half a year have instantly gone down the drain." That Yun De stood up, his face full of annoyance, people who cultivate immortality are the most taboo about breaking their qi, and he had just moved his qi, causing this half a year of cultivation to go to waste. Therefore, he was already angry, and now that he had caused him to waste half a year, he was even angrier.

"Omi, you cut off one of my grandson's legs, and now you've caused me to waste half a year's work, so give me a reason not to kill you. If I don't kill you, how can I still suppress the Qi I moved and how can I return to my Daoist heart."

Thus, that Yun De walked out of the cultivation room and arrived at the Four Seas teleportation site, ready to travel to the One Heavy Sea.

There was no way to travel to the One Heavy Sea, there was only

Being able to rely on teleportation, if you rely on a road, God knows how far away it is.

And right now, in the Flying Cloud Sect.

Xia Xiaoxin walked into her grandfather's cultivation room.

"Grandpa, you're still mad at Omi, since he won't worship you as his master, then forget it."

Xia Ming said, "Xiaoxin, grandpa is very conflicted right now."

"Uh, grandpa, why are you conflicted?"

"Xin, it's not that grandpa is narrow-minded, but grandpa, who was just angry with Omi, broke his chi."

"What, broke his chi?"

"Well, Xin, you should know how serious it is to break your qi when you cultivate to grandpa's level."

"Ah, what to do then."

"There are three ways, the first, I'll force myself to suppress myself and return my heart to peace and pretend that nothing has happened; the second, I'll have Omi come to me and help me collect my Qi and return to my Dao heart; the third, and the most direct and simple way, kill him and all is lost."

"What? Kill him."

"Grandpa didn't say that I must use the third method, but the first method is very difficult for me to do, and I, I can't suppress it within myself when I think of Omi's arrogant and cocky posture now; so, I can only use the second method. You go and call Omi here and ask him to help me collect my Qi."

"How to help?"

"Help me as much as is pleasing to me. I will not take him as a disciple, however, I want him to apologize to me, and most importantly, must lower his high head before me, so that I he willingly realizes his mistake, as well as his ignorance, so that I may still collect my anger. If the second option doesn't work, grandfather I can only be sorry and kill him."

"Grandpa." Xia Xiaoxin saw her grandfather, at this moment it seemed as if his face was no longer amiable, suddenly changed into a person, a bit afraid.

"Go quickly."

"Yes."

Xia Xiaoxin panicked and went to look for Omi, Xia Xiaoxin had no idea that Yun Tian had already informed his grandfather Yun De, and what's more, Yun De was too angry when he heard about it, and also broke into a rage like Xia Ming, and rushed here in anger.

It could be said that today, even if Xia Ming adopted the second method and didn't kill Omi, Omi wouldn't survive because there was still a Yun De to kill him. Yun De wouldn't think of any three methods, he was a direct third method.

Soon, Xia Xiaoxin arrived at the Light Cloud Alliance.

"Omi."

Omi's eyebrows furrowed, the Xia Xiaoxin who had just left not long ago actually came back.

"Xia Xiaoxin, what are you doing."

"Omi, you've caused a big problem you know." Xia Xiaoxin roared in anger, this was the first time she was angry at Omi, and there was a feeling of anger in her tone, it was a good thing for Omi, but because of his arrogance, Omi turned into a bad thing.

Omi smiled, "Tell me, what's the big deal."

"Omi, come with me to my grandfather right now, no matter what my grandfather wants you to do, you have to do it, otherwise, your life is in danger."

"Uh, your grandfather was fine just now, how come he's suddenly having an epileptic fit."

"Omi, you, you, you."

"All right, my time is precious. What happened to your grandfather? Tell me."

1645

"Omi, because of your ignorance and arrogance just now, you've made my grandfather break into a rage."

"I can see it, your grandfather did look very angry just now."

"You don't even know what broken qi is, it's the most disturbing thing for a cultivator who has reached the YuanYing stage or above, once the qi is broken, most of the previous half a year or even years of cultivation is wasted, and you need to rebuild your dao heart. Now there are three ways, the first relies on my grandfather to get out of the shadow by himself and suppress his heart, the second you help my grandfather, and the third kill you. My grandfather misses your genius, so he's giving you a chance to redeem yourself, do you know that?"

Omi said, "Don't talk so much, just tell me what you want me to do."

"Come with me and confess before my grandfather, show your ignorant actions, so that my grandfather can calm his anger and calm his heart." Xia.

Omi snorted, "That's hilarious, why do I need to repent, what repentance do I have, what's more ignorant about my actions. All my words are from the bottom of my heart, everything I do is in line with my heart."

"Omi, are you, are you really hopeless?"

"Xia Xiaoxin, how much do you know about me? Even the people around me don't fully understand me, what makes you think that I'm inferior to your grandfather? It was fortunate that it was your grandfather just now, but if it were anyone else, I would have been rude if I had dared to say something like, take me as a disciple. Don't you understand? I gave your grandfather face and befriended him as a favor to you, otherwise, you know."

"Tang, Tang." Xia Xiaoxin was so angry that she wanted to fall down.

"It's just that, the path is your own choice, although I'm sorry for your life, but you don't know how to cherish it yourself, who else can you blame." After saying that, Xia Xiaoxin walked away disappointed.

Xia Xiaoxin returned to her grandfather's cultivation room with a lost face. The first website
m.kanshu8.net

"Well?"

"Where's Don Zimson?"

Xia Words, it seemed like she was still doing her last possible thing to protect Omi, she was afraid that if she said what Omi had just said, her grandfather would immediately go and kill Omi.

After all, her grandfather wasn't a saint, and saints also had times when they were angry enough to kill someone.

"Say it, Xiao Xin."

Xia Dao: "Omi he wasn't here just now, but I've already told his men what you said, and when Omi comes back, his men will tell him, and he'll definitely come when he finds out. Grandpa, try to suppress it yourself first while you wait for Omi."

Xia Ming thought it was true and waved his hand.

Xia Xiaoxin walked out of her grandfather's cultivation room and said inwardly, "Omi, I really owe you from my past life, I'm like this, I'm still lying to my grandfather, I'm treating my grandfather like this, what peace of conscience do I have."

About two hours later.

A strong man similar to Xia Ming arrived at the Flying Cloud Sect.

This person was none other than Yun De.

Omi's death date had also arrived.

At this moment, Yun Tian, who was recovering from his injuries in one of the rooms of the Flying Cloud Sect, a jade pendant on his body suddenly lit up.

Yun Tian was shocked, "Grandpa is here? No way, grandpa's coming so soon."

Yun Tian excitedly leapt out of the window and saw his grandfather on a hill.

Xia Xiaoxin, however, still hadn't noticed that Yun Tian had left from behind the house, and was still worried about what to do, sooner or later her grandfather would still ask Omi why he hadn't come yet.

At the top of a certain mountain.

"Grandpa, you've even come." Yun Tian was incredulous, he had thought it was impossible for grandpa to come.

"Yun Tian, your leg?"

"My leg is now attached by Grandpa Sharmin, but I can still move drastically, for fear of leaving a potential problem for the future. Grandpa, why did you come so quickly?"

"Yun Tian, where's that Omi you were talking about? I'm going to kill him, after you passed the jade slip to me, my anger broke, so grandpa's cultivation for the past half year has been ruined, if grandpa doesn't behead this guy, grandpa's dao heart will be propped up, talk about cultivation, so it's better to kill this son, sooner rather than later."

"Mhmm, grandpa come with me, I'll take you to Omi."

Omi sat in the hall, his heart skipped a beat as if he had a bad feeling about it.

Omi secretly said, "Did I just not go back with Xia Xiaoxin, Xia Xiaoxin's grandfather, is coming to kill me?"

The corners of Omi's mouth rose slightly as he said in his heart, "Xia Xiaoxin, you're a good girl, but if your grandfather is going to die, then I can't be blamed, I've already given you face twice, I won't give you face a third time."

In the next second, a shadow, swoosh, fell from the entrance of the Light Cloud Alliance's hall, it was Yun Tian and his grandfather Yun De.

At that moment, killing intent permeated the entire Light Cloud Alliance.

All of the Light Cloud Alliance's men, including Tang Huan, Yan Xin Yi, and Lu Yu Xi, were all unconscious.

It could be seen that this killing intent was strong enough to make a person faint.

Omi, on the other hand, naturally wouldn't be unconscious, as all the killing intent spears were directed at Omi.

Omi put down the teacup and asked, "Yun Tian, is it not enough that I cut off one of your legs, I have to cut off both of your legs to do it? Tell me, what kind of dogs have you brought."

Yun De's heart was furious, it was already this time, but he still didn't change his face.

Yun Tian shouted, "Omi, my grandfather is here, you're dead to the end."

"Hmph, your grandfather, a very big man?"

"Nonsense, my grandfather, a strong man with one foot in the Exaltation Stage. Even Xia Ming, in front of my grandfather, he is still slightly weak, so you wait for death." Yun Tian believed that Omi would definitely die today, no surprise, because the gap was too big, no matter how ungodly Omi was, he would not be able to escape under his grandfather's nose.

Yun De said, "You're the Omi who didn't even give face to Xia Ming and dared to befriend him?"

Don Omi smiled, "It's me."

"You, you're going to die soon."

"No, no, no, it's you who's going to die immediately."

Yun De swept a circle, the entire Flying Cloud Sect, no, the entire One Heavy Sea, there was almost no one who could stop him, where was Omi's confidence? Is this guy really crazy?

Omi sipped his tea and said, "Dog legs."

"Who are you calling Dog Legs." Yun Tian yelled.

Omi said, "I don't know what your grandfather's name is, so I'll address him as Dog Legs for now. That dog's leg, it might be too late for you to kneel down and call me big brother now."

"You are so stubborn."

"I'll only give you one chance, and that's for the sake of you coming all the way here to find me."

"Grandpa, don't talk nonsense with him, kill him, damn it, this kind of person, even if I chop him into mincemeat, it will be hard to relieve my heart's hatred." Yun Tian said through gritted teeth.

Omi smiled at the direction of the back hall and shouted, "Auntie, it's going to trouble you, sorry, I've caused a little trouble again."

At this moment, in the direction of the back hall, Tang Huan, who was already unconscious, suddenly opened his eyes and then stood up. At this moment, the Tang Huan's face was gloomy and cold, completely different from the Tang Huan of the past.
