"Yes, then I'll start with what everyone knows. The Mo Dynasty, one of the nine great immortal cultivation dynasties of the Sixfold Sea, has been around for hundreds of thousands of years. In the entire Sea of Sixfold, among the nine great immortal cultivation dynasties, the Mo Dynasty is the worst."

"Uh, Mo's is the worst?" Omi this did not know.

"Yes, the nine great immortal cultivation dynasties, Mo is the weakest, and there are currently about six registered strong tribulation practitioners of the Mo Dynasty."

"What? So few." Omi was shocked.

"Uh, indeed there are few after all."

"As far as I know, the five super families of the Seven Seas are almost all eighty or ninety half-immortals, or even hundreds."

"Yes, but that's the Seven Heavy Seas, and this is the Six Heavy Seas. The Sevenfold Sea is only for those five super strengths that control pseudo-immortal weapons to be able to cultivate there, ordinary people, can't even go there. Let's forget about the Seven Heavy Sea, let's just say that our Nine Great Immortal Cultivation Dynasty of the Six Heavy Sea, Mo's now has six half-immortal powerhouses, and the other eight, the penultimate ones all have nine half-immortals."

"It seems that Mo's is indeed quite weak."

That guard said, "That's not the worst of it."

"What else is there?"

"And most seriously, four of these six half-immortal powerhouses of the Mo Clan are not of their own surname, that is, of the Mo Clan, and four of them are outside the surname. In the other eight imperial dynasties, at least half of the strongest people with their own surnames are transmigratory." Remember the URL .kanshu8.net

"Oh, wouldn't that make it even weaker, wouldn't that make it impossible to keep the throne of Moji?"

"That is in fact true, but of course, there's something else I'm not sure about, I don't know if you want to know."

"Say."

"The Mo Clan now announces to the public that it is six half-immortals, two of which have their own surname. However, I've heard that, in fact, there's only one Half Immortal class in the Mo Clan today, not two."

"What? There aren't even two?"

"Senior, I've only heard ah, this news is almost impossible for outsiders to hear. It turns out that the Mo Clan has two strong people with their own surname who have crossed over, namely Senior Mo Green and Senior Mo Qing."

Omi asked, "Can you say it more figuratively? How about this, with Mo Yan as the standard, who are Mo Green and Mo Qing, respectively?"

"Senior Mo Green is Mo Yuyan's grandfather, and Mo Qing is Mo Yuyan's father, the current Long Emperor."

"Hmm." That made Omi understand.

"Why do you think that there's only one native name of Mo's now, Watanuki?"

"Oh, first of all, Mo Yuyan's grandfather, he seems to have existed for a long time, not knowing how many thousands of years. In recent decades, Mo Yuyan's grandfather, he has gone to the extent of depleting his own cultivation to help Mo Yuyan refine spirit stones so that Mo Yuyan can grow quickly, there must be some frustration in this. So, I'm guessing that Mo Green might not have much time left. In addition, in the last three years, Mo Green has barely shown his face and, passed the throne to his son, Mo Qing, who is Mo Yuyan's father. So, now, within the Mo Dynasty, there were people who suspected that Mo was dying and couldn't hold on. However, there is no solid evidence to prove that Mo Green is already dead, so no one dares to guess this kind of news."

Omi asked, "What kind of strength is Mo Green?"

"Senior Murky Green is at the sixth stage of Tribulation, the strongest person in the entire Mo Dynasty. Below Elder Mo Green is a man named Ma Diao, who is at the fifth level of tribulation. Below Ma Diao, is the current Long Emperor, Mo Qing, who is at the fourth rank of the tribulation. Then the fourth ranked one was Ma Compulsion, who was Ma Diao's son. After that, there were two first-order tribulation, Liu Bing and Song Complaint Heaven. The above six people are the six strong half-immortals of the Mo Dynasty."

sp; Omi said, "So, the Ma family accounts for two ah."

"Yes, Ma Diao and Ma Force, they are father and son, crossing the fifth and third stage."

Omi asked, "How much do you know about Ma Diao?"

"I don't know much about this, I'm a palace guard, after all, I'm less in contact with Horse Force, but I personally think that Horse Force and his son, shouldn't be so loyal, after all, when people reach this level, it's unlikely that they would be willing to willingly submit to someone else's management."

Omi said, "Mo Green is at the sixth stage of Tribulation, the strongest, if he really can't make it and dies, then wouldn't it be, the strongest person in the Mo Dynasty is Ma Diao."

"Yes."

"Oh, somewhat interesting, then Ma Diao, wouldn't it be like turning over the heavens."

"Senior, I can't comment on your words, after all, the consequences of this matter are serious, and Mo Green may not be dead. No one knows about this, and the Mo Clan doesn't dare to be known."

"Of course it doesn't dare to be known." Omi was thoughtful, now all the signs indicated that Mo Yuyan's disappearance wasn't unrelated to the Ma family at all.

If Mo Green really died, the Mo Dynasty, the Ma family would definitely be thinking of becoming the Ma Dynasty.

Omi asked again, "I've heard that the Nine Great Immortal Royal Dynasties are all ruled by the Seven Seas."

"Yes, our Mo Clan Dynasty is mainly loyal to the Seven Seas Pu Clan, the family that is the controller of the Pseudo Immortal Artifact 'Divided Puppet', also known as the Puppet Family." Lone Weidong said.

"Well, alright, here's your payment." Omi gave him a seventh grade spirit stone.

"Thank you, Senior."

"There's no need to be polite, remember, don't talk nonsense about this matter."

"Don't worry, I don't dare to say anything nonsense, if this is nonsense, I might lose my life."

Omi left the auction site and returned to his cave.

To be honest, Omi didn't know how to help Mo Yuyan, after all, Omi was currently only a first stage of the Mahayana stage, his future realm would all depend on his own cultivation, it was impossible for him to soar fast, otherwise, Omi would soar to the first stage of the Tribulation, then, he could help the Mo Dynasty Jedi. With Omi's level of bullishness, the first tier of Transmigration, he might be able to defeat the third, fourth, or even fifth tier of Transmigration, after all, Omi had the martial skill of Shura's eighteen knives to beat. Plus, Omi had eleven sword formations, which was really strong.

Unfortunately, Omi was only at the first stage of the Greatest Multiplication. Omi couldn't practice a single martial skill from the Eleven Sword Formation right now.

Of course, although Omi was at the first stage of Mahayana, it was still relatively easy to kill a fourth and fifth stage of Mahayana. Regardless of whether he used the Shura Eighteen Blades or his Spirit Locking Circle, he was able to do it.

Omi said inwardly, "Now I can only wait for news, I hope Mo Yuyan isn't dead so I don't have to take revenge for her and I have more time to do my own thing."

With that, Omi temporarily settled down in his cave, no matter what, cultivate first.

Omi took a Rejuvenation Pill.

The Rejuvenation Pill would allow Omi to enter a kind of space of self, and entering this space of self would help Omi to speed up his cultivation. However, no matter how much faster it was, it was only slow relative to others in terms of refining spirit stones. Moreover, the Rejuvenation Pill Omi only had 200 grains, and Mu Qianji took and put in 50 grains.

At this moment, on the other side of the river in Omi's cave, Mu Qianji and the others were also cultivating, they were now cultivating the disguise technique, Tang Huan and the others were learning quite smoothly, their realms were not low, and learning the mortal disguise technique was not so difficult.
