

King of kings

Chapter 1931

Omi kicked at the paralyzed Half Immortal Clan man and roared, "Get up, don't play dead for me."

"Oooh, what evil have I done." The Half Immortal Clan man cried, he thought that when he came to the Dragon Clan, no one here would dare to touch him at all, and he could have as much fun as he wanted, he could even come on the spot and leave after one. But I didn't expect that this Dragon Clan beauty hadn't even looked at him completely, and he was dizzy and half-immortal. At this moment, the half-immortal man was so dizzy that he couldn't even open his eyes, feeling like the whole world was spinning, trying to ask how he was able to fight back from such a powerful slap.

The dragon clan chief was busy saying, "All of this has nothing to do with my dragon clan ah."

Omi glared at the dragon clan leader, frightening the dragon clan leader to hastily shut up.

Omi said to the dragon clan leader, "What are you waiting for, take the scissors."

"Ah, get what?" The Dragon Clan leader was startled.

"Scissors." Omi bellowed.

"What are you doing with the scissors?" The dragon clan leader asked.

Omi glared, "Nonsense, of course I'll have a go."

"Uh, this."

Bai shouted excitedly beside him, "Brother Omi is great, I want to have a go too." Remember the URL .kanshu8.net

Omi said speechlessly, "What's the excitement for children to gather, so don't hurry back."

"Oh." Little White pursed his lips.

The Dragon Clan Chief's hand stretched out and a large pair of scissors appeared in his hand, they were not tailor's scissors but a weapon, over a meter long and the material was very top quality.

Omi took the scissors.

The paralyzed Half Immortal Clan man was busy saying, "What do you want?"

Don said, "Have a go at it on the spot, isn't that what you want anymore? I'll make you."

"You dare."

"Why wouldn't I dare, just because you're a Half Immortal?"

"If you dare to touch me, you are insulting the Half Immortal Clan, and we Half Immortal Clan will not let you go."

"Pale and feeble struggle."

After saying that, Omi cut fiercely.

"Ah." A jet of blood came up, leaving the entire palace red.

The Dragon Clan Chief was frowning on one side.

Omi threw the scissors away and said, "I'll only give you this one shot this time, so if I don't kill you, get out."

"Bang." Omi fiercely provoked with a kick, and with a swoosh, the half-immortal man flew far into the sky like a meteor.

A gnashing of teeth sounded in the distant sky, "Wait for me, I'll be back."

The Dragon Clan leader said, "Omi, if the Half Immortal Clan knew about this, they would definitely feel very humiliated, and then the entire Extreme South Continent would suffer ah."

Omi snorted, "Don't make things so serious, that person just now, may not have the face to tell the world about this, after all, it's not a glorious thing to have one's life roots cut off. Even if he does tell, I have no fear, the Half Immortal Clan is nothing, sooner or later I will personally come to my door."

The Dragon Clan leader didn't know where Omi got his confidence, but he didn't dare to say anything.

Omi said, "I announce that the marriage recruitment competition is over, Omi finally won first place."

The Dragon Clan Patriarch looked depressed, he was the one who should announce, his words were spoken by Omi, let him say anything.

"Clan Leader, was I wrong in announcing it? You can correct it if you're wrong. Really, it doesn't matter, you can correct it, I promise I won't get mad."

The Dragon Clan Chief's forehead broke out in cold sweat, busy saying, "There's no mistake, no need to correct it, Sebastian is now your person."

"Thank you, then I'll take Little White with me."

"Be my guest."

Omi walked out of the main hall, Little White was standing at the entrance of the main hall, Omi had just told her to evade.

"Little Bai, you are now my person, come with me."

"Ah, brother Omi, what do you mean?"

"You're mine now, as for being my sister, my apprentice, or my woman in the future, it's all up to me."

"Brother Omi, Xiaobai doesn't want to be your sister, Xiaobai wants to be your woman."

"Hahaha, let's talk about this."

Omi pulled Little White and flew away.

Mu Qianji and the others were also waiting in the air not far away.

"Let's go." Omi shouted, everyone followed Omi and flew away into the distance, Purple Pupil also brought his woman, Mei, only, Mei's appearance, in front of a group of beautiful women, looked very what, Purple Pupil inside a bit depressed feeling.

The dragon clan leader stood at the gate, watching Omi take Little White away, sighing deeply, I'm afraid Little White will hardly come back in the future.

The Half Immortal Clan man who had been kicked away by Omi had crashed in a mountain forest thousands of meters away, and after a few days afterwards, he had to return to the Half Immortal Clan in disgrace as he recovered from his injuries. He was torn inside, he had wanted to go back to a group of Half Immortals to exterminate the humans of the Extreme South Continent, but by doing so, the fact that he had been cut would spread, and even though it would make the Half Immortals angry, he would also be ridiculed.

"f*ck." The Half Immortal Clan man gritted his teeth, and the thought of having his tools confiscated from now on made him feel like there was no point in even cultivating Immortality.

Omi didn't know why he had to cut off the Half Immortal Clan man's tools. Omi remembered that this was the second time he had confiscated tools, the first time was in the technological world of the mortal world, cutting the tools of a shopping mall pervert boss, the second time was now.

Perhaps, Omi had also been confiscated in his previous life, so he had a sense of revenge in this life.

"Windy, where are we going now?" Yan Xinyi asked.

"Go to the Qilin Clan and look for Little Flame, I don't know if Little Flame has gone to the Qilin Clan now and if she has been accepted by the Qilin Clan." Omi said.

"Difficult." Mu Qianji said.

"Right, after all, Little Fire is an acquired evolution, it definitely doesn't have as much advantage as a natural born Qilin, even if the Qilin Clan accepts Little Fire, Little Fire's status in the Qilin Clan is very low. Just like Purple Pupil, Purple Pupil might not have been able to gain the Dragon Clan's recognition if it wasn't for Little White." Yan Xinyi said.

"Hehe, it doesn't matter, in any case, if my brother Little Fire suffers in the Qilin Clan, I'll blow up the Qilin Clan." Omi said with a firm look in his eyes.

However, everyone was a little worried, was it that easy to burst the Qilin Clan?

However, thinking about the Dragon Clan, whose leader was beaten to death by Omi, the Qilin Clan was probably not much stronger than the Dragon Clan. Of course, the premise was that the Qilin Clan didn't have any quasi-immortals, if there were quasi-immortals, it might not be so easy, and I didn't know how much Omi was capable of dealing with quasi-immortals.

Omi's group of people didn't know which direction the Qilin Clan was in, so they just continued north from the Dragon Clan's direction.

Of course, they didn't forget to cultivate, they heard that the Seven Seas had occasional immortal qi leaking down, so Omi and the others didn't hurry quickly, but very slowly to see if they had any luck and obtain some immortal qi, if there was immortal qi, Omi would be able to perform stronger immortal realm techniques.
