

# King of kings

1983

"Thanks."

"Just try your best from now on, you just have to make everyone think, from the start, that you're a super genius, then the chances of you being suspected are greatly reduced."

"Good."

After that, the Nine Daoist Demons' Immortal Thoughts disappeared.

Omi relaxed a lot inside, it turned out that it wasn't as dangerous as he thought, before the Nine Daoist Demon King seemed to test Omi on purpose, as well as not making it clear.

Omi was at home, using the Immortal Machine Spitting Method while quietly comprehending, in fact, quiet comprehension was almost useless, because being accumulated enough Immortal Machines, quiet comprehension is also equal to a waste of time, and quiet comprehension is also a way to collect Immortal Machines.

In one fell swoop, half a month had passed.

Of course, half a month couldn't see the effect at all, after all, it was an immortal realm, not immortal cultivation.

After half a month's study, Omi also had a deeper understanding of the Immortal Machine Spitting Method.

Ever since learning the Immortal Machine Spitting Method, Omi felt that there was a vague concept in his brain, a concept that had no data, but it could clearly show the numerical value.

"0.3? "Omi's eyebrows furrowed, Omi's half month of spitting, his body's accumulated Immortal Machines, reached the figure of 0.3. One second to remember to read the book

Omi felt that as long as the Immortal Machine accumulated to 100, he would be able to step into the pre-Human Immortal halfway point.

"It's only 0.3, mama, it's going to accumulate to 100, when do I get, hehe, but, at least see a hope." Omi smiled and walked out of the room.

"Young Master, a letter for you." A servant handed over a letter.

"Uh, my letter?" Omi was busy opening it.

"Omi, we won't be staying at your house any longer, we've returned to live in the house you bought before, if you need anything, just come to us." The letter was left by Mu Qianji.

Omi was depressed, "You really treat this place as my home."

Omi originally wanted to go and call them back, but after thinking about it, Omi hadn't gotten a firm foothold here yet, so he let them live there for now.

Right now, at the Yunluo Immortal Kingdom Palace, White Witch's residence.

"Grandmother, are you sure you're not talking nonsense?"

"Emotion, grandmother really isn't talking nonsense to you, you should now quickly go and have more contact with Zhou Mi's reincarnation, and if you can, marry him as soon as possible."

"Grandmother, what's wrong with you? You don't have a fever, do you."

"Emotion, as to what causes it, I cannot tell you, but you must listen to Grandmother, if you go late, I'm afraid there will be no more of you."

"Grandmother, you're really confused, alright, I'm leaving first, Prince Yunyou is waiting for me."

"Emotion, will you listen to Grandmother?"

"Grandmother, why are you like this, can't you see that I have a chance to become a princess? Don't you want me to have a good time? Now Prince Yunyou has a crush on me, and you're going to make contact with a pervert who has defiled thousands of virtuous maidens? Are you out of your mind? Even a single foot hair of Prince Cloud Young is better than that pervert, so I'm going."

"Ugh." Bai Witch sighed and watched his granddaughter walk away.

Inwardly, the white witch said, "Could it be, I was really wrong? Thoughtful, I hope I'm not mistaken."

The girl, called Emotion, came to a pavilion somewhere in the palace, a pavilion with a unique view, and now a man in satin was waiting in that pavilion.

"Yun You."

"Emotion, you're here, why are you so late."

"Don't say that, it's depressing, I feel like I've been tainted."

"What, tainted,

Who dares." Prince Yunyou roared.

"Not really tainted, but my grandmother, who told me to get in touch with that pervert reincarnation more, and to be nice to him."

"Peripatetic? Your grandmother isn't crazy."

"I think so, too."

"Well, Zhou Mi, don't worry, one day I'll show him what I'm made of."

"Someday which day is that? Not today?"

"Fine, we'll go to the Zhou residence now and meet that Zhou Mi reincarnation, I'd like to see why your grandmother recommended him, and when I beat him to a dog, I'll drag him in front of your grandmother and see what else she has to say."

"Goody, Prince Yunyoung is awesome." That lover was busy clapping his hands.

Then, Yun You left the palace in a rage and went straight to the Zhou residence.

"Bang." Yun You kicked open the door of the Zhou residence.

"Zhou Mi, get out of here."

"Prince Yun You, what has happened." The butler panicked up.

"Get out of here." Prince Yun You slapped up, and although that steward could easily dodge it, he didn't dare to, because he was the prince.

"Zhou Mi, die out." Yun You yelled.

At this time, Zhou Tie came out and smiled, "So it's His Highness Prince Yun You, I don't know what the prince's palace is doing to come to my Zhou residence."

Yun You snorted, "Let Zhou Mi get out."

Yun You was in front of Zhou Tie, he didn't dare to go up and kick him, because he was a First Grade Minister of Yun Luo Immortal Kingdom, although he was a prince, but First Grade Ministers were also very powerful, the main thing was, if a prince could punch and kick a First Grade Minister, then who else would work for the Immortal Kingdom, so if the emperor knew, he definitely wouldn't support him.

Zhou Tie said, "I don't know what His Highness Yun You is looking for my son."

"Just let him roll out and find out."

Zhou Tie looked at Qing'er behind Prince Yun You, Zhou Tie knew that this Qing'er was Bai Witch's granddaughter, remembering what Bai Witch had told him before, Zhou Tie seemed to understand a few points.

However, Zhou Tie would not let his son be bullied and said, "Your Highness Yun You, my son happens to be out of town, please return."

"Zhou Tie, you don't have to lie to me."

"It is true that he is not at home."

"Zhou Tie, I am a prince, how dare you lie to me."

Zhou Tie said firmly, "Sorry, really not at home."

"I dare you to let me search."

"Oh, Your Highness, I, Zhou Tie, am at any rate a minister of the Immortal Kingdom, and you say to search it? If you have a directive from His Holiness, I'll let you search, but if not, will you please

leave? Otherwise, I'm going to report to your father. I'm sure His Majesty is wise enough to distinguish right from wrong."

"Don't you dare hold my father against me, I must see Zhou Mi today, otherwise, I will report to my father that Zhou Mi has defiled the woman I love."

"Your Highness Prince, you've spread this lie too far."

"The lover can testify."

The love child behind him said, "Yes, Zhou Mi did defile me." The defilement in the love child's words could then be interpreted as a defilement of her reputation.

"You guys don't bully others too much." Zhou Tie roared.

"You let Zhou Mi come out and tell me clearly to my face." Prince Yun You Dao.

Just at this moment, the voice of Omi sounded, "Who's looking for me."

Yun You and Emotion immediately looked at Omi, to them, although it was Zhou Tie who was looking for them, seeing Omi was a stranger.
