

## Chapter 201

Xu Mei Qian said, "An insignificant little thing, why should I go."

"Sister, it was a trivial matter, but now it's already a big deal, just go to the Linjiang Window and take a look."

Xu Mei Qian entered the Linjiang Window and took a look, shocked, Liu Yue's challenge to Xu Yan was topped up to over 1.5 million replies going on the Linjiang Forum.

"Song Yu'er is going to make a big deal out of this at any cost to pit her father." Xu Mei Qian frowned.

"Yeah, I'm afraid it's going to be very crowded next week, with many people rushing to see that I'm your sister and will probably visit the school. It was a small thing, but now it's become a big thing."

Xu Mei Qian was speechless: "In that case, I'll make a trip to Bai Yun High School, I'd like to see if that Liu Yue is really capable of challenging you in such a high-profile manner."

Xu Yan smiled like a flower, "I'm also looking forward to it, I hope he won't disappoint me."

Xu Mei Qian stood up, "Alright, join me for sword practice this weekend, we sisters haven't practiced together for some days."

"Mm."

The two sisters entered the basement training ground.

When Omi returned home, Liona was still sulking because Omi had gone on a date with Simran, and was surprised to see Omi back so soon. One second to remember to read the book

“You’re back so soon, go to my room and do your homework, I’ll explain to you the homework that the teacher has assigned.”Liona looked at Omi with great anticipation, just as soon as Omi left her side, she felt that the house was boring, now that Omi is back, she feels interesting again.

Omi was speechless, “Don’t you have anything else to do but let me make up lessons, it’s a great weekend, let me waste my time with you to make up lessons, I’ve got water in my head ah.”

“Hmph, I don’t want to talk to you.”Liona herself aggrieved and went back to her room.

Omi saw that Miss seemed to be angry, and secretly thought about whether he had gone too far, Miss let him make up lessons for his own good, otherwise who would be willing to eat and have nothing to give him lessons.

Thinking of this, Omi came to Liona’s room, where Liona sat sullenly on the bed, in a lost mood.

“All right, all right, I’ll make up the lesson is always okay, but I agreed, just half a day in the morning.”

Liona nodded happily as she heard, “Mmhmm.”

Omi laughed speechlessly, “I’m really defeated by you, you love to tutor people so much, you could just go and become a teacher, or go and tutor people for free.”

Liona trailed off, “What do you know.”

Of course Omi didn’t understand, Liona loved tutoring Omi so much, it was just because she liked the feeling of sitting with Omi, this feeling made her feel very warm and sweet. But some people, he doesn’t understand women’s hearts.

Omi bored all morning to make up the class, Liona told what set  $x$  solve the problem, Omi did not understand at all, Liona also said, this is the primary school knowledge.

Finally boiled down to noon, Omi as if released from a prison cell, excitedly rushed out of Liona's room.

"Is it so hard to make up lessons?" Liona watched Omi run away like he was liberated, with a speechless smile that clearly carried a strong sense of pity.

Baiyun Middle School Forum, Liu Yue and Xu Yan duel post, holding

Continuing the fire, I heard that it had already surpassed 100,000 replies. Unfortunately, all of this had nothing to do with Omi, so neither Omi nor Liona were in the mood to pay attention to anyone else.

Of course, in the Linjiang Window Forum, the pithy posting by Song Yu'er went to the top, just like the One Defeat Red Dust post.

At Song Yu'er's house, she was very excited that she had taken a matter with her own hands and made such a big splash, and the duel between Liu Yue and Xu Yan next week was absolutely crowded.

"Liu Yue, everything is ready, all you need is the east wind, next week is up to you. By defeating Xu Yan in public, your popularity will be completely overshadowed by Omi." Song Yu'er said to Liu Yue.

Liu Yue excitedly said, "Miss don't worry, the so-called Baiyun High School genius experts, that's just for ordinary students, it's not enough in front of me, a bronze level killer. Next week, I'll make sure to make you look good, that shine of Omi at the school is nothing."

Song Yu'er was so happy to see her bodyguard looking so promising.

At that moment, Song Daitian asked, "Yu'er, when exactly are you going to delete that post?"

These matters that had nothing to do with Omi were no longer discussed in detail.

In the afternoon, Carlos came to see Omi, Omi continued to train Carlos, while Wei Ming, Omi had already taught him all the moves of the Tong Ming Sword Technique, from now on it was up to him to practice on his own, there was no need for Omi to supervise all the time, just to occasionally go and see how well he was practicing.

At Liao Jiayuan's home.

Liao Jiayuan's hands were still wrapped with duct tape, naturally, he was beaten by Omi.

Liao Jia Yuan was very upset when he saw that Song Yu'er had also managed to create a sensation in the school.

"Fuck, there are no tigers in the mountains, monkeys call kings. I haven't appeared in school for a week, I'm afraid that the students of Baiyun Middle School have forgotten about me, the God Sealing Swordsman, and now even someone like Song Yu'er can make a fire in school."

Wu Shaojie said, "Zhao Ritian ruthlessly screwed Song Yu'er's bodyguard Liu Yue the other day, Zhao Ritian has regained a bit of his popularity now. But you, ever since you were beaten up by Omi, very few people talk about you at school anymore. Thinking back then, you sealed the God Sword Warrior, forget about it, it's just tears."

The more Liao Jia Yuan thought about it, the more angry he became, yes, like in the beginning, he Sealing God Sword Warrior was in school, incomparably glamorous, but now, in just less than a week, Sealing God Sword Warrior seemed to have disappeared.

Wu Shaojie asked, "Jia Yuan, what exactly does your dad think? Are you going to let Don Omi fight for nothing?"

Liao Jiayuan snorted, "My dad is at least the third master of the Feng Yun Hall, how could he tolerate this. It's just that my dad is a big man after all, a respectable one in Linjiang City, and that Omi is just a bodyguard for a small businessman after all, how would my dad let others talk about it if he took action himself. So, my dad decided to find me a bodyguard."

"What? A bodyguard for you? Kagen, you're a famous genius, why do you need a bodyguard? You're more like a bodyguard for someone else." Wu Shaojie was shocked.

"Yes, my dad has already mobilized his connections to find me bodyguards. Of course, the bodyguard my dad found for me can never be weak, after all, I'm so strong myself." Liao Jiayuan said brazenly, having been beaten up like this, he still had the nerve to say that he was strong. But he was right, Liao Buffalo had connections in this area and was willing to spend money, the bodyguards he found for his son, I'm afraid they could all have a fight in Linjiang City, the school, it was completely impossible to put in his eyes.

192

Wu Shaojie said excitedly, "Jia Yuan, looking forward to it, when will the bodyguard come?"

"My dad said tomorrow night at the latest."

"Ah, wouldn't that be, like, next week to start work?"

"Hmm."

"Did your dad reveal what the bouncer's name was?"

“Hehe, my dad said that he wanted to surprise me and said nothing, but it’s easy enough to clean up Omi’s type anyway.” Liao Jia Yuan said with confidence.

Wu Shaojie was smart and smiled, “Jia Yuan, if your bodyguard can really arrive tomorrow, then I have an idea.”

“What idea?” Liao Jia Yuan was busy looking at Wu Shao Jie, so soon there are ideas again, not bad for his military mentor, the last time Bai Yun Middle School hung Omi, is Wu Shao Jie’s idea it, although that result... not to say.

Wu Shaojie said, “Jia Yuan, that Song Yu’er, isn’t that Song Yu’er making a big splash at the school next Monday, Liu Yue challenging Xu Yan?”

“Yeah, I didn’t think that Song Yu’er, this bitch, has some skills, but she can also make the scene so big, seemingly bigger than the last time we hung Omi.”

“Hehe, Jia Yuan, since that’s the case, why don’t we make use of Song Yu’er. After the duel between Liu Yue and Xu Yan next week, you’ll have your bodyguards immediately go on stage, challenge Omi, and beat the shit out of Omi in public while there’s a lot of people then, in which case, the face you lost before will be made up for.” First published at [m.kanshu8.net](http://m.kanshu8.net)

Liao Jia Yuan’s heart moved and clapped his hands, “Yes, Song Yu’er has made the scene so big, I’ll just take advantage of the popularity she’s created and have my bodyguard beat up Omi for a while for everyone to see, that’s a great idea, hahaha. Shao Jie, you’re really my military mentor, you’ve come up with any good idea.”

“Hehehe.” Wu Shao Jie heard Liao Jia Yuan’s praise and was proud.

Liao Jia Yuan looked at the forum, that hot post of Song Yu’er, and smiled proudly, “Just now I was upset that someone like Song Yu’er could be so hot, but now I feel that I have to thank her for helping me make such a big scene. Next week, I’m going to hang Omi again, Omi.”

At Liu Chenming's house, Omi was working on how to cure Liona.

"Lie down, lie down." In Liona's room, Omi told Liona to take off her clothes and lie on her back, but of course, the hood and panties were absent.

Omi had to keep experimenting if he wanted to treat Liona.

Today Willow Chenming is also not at home, on Liona and Omi two people in the room, originally Omi thought, let the lady alone in the room to take off her clothes like this, certainly do not agree, did not expect this time the lady is surprisingly cooperative, Omi as soon as he proposed, she did not even want to think about it to take off until only panties and hood, so Omi was quite surprised.

Omi inserted a needle somewhere in Liona's back while distracting Liona's attention and smiled, "Miss, I thought you would have to let Meng Wenqi come over to accompany you again today, why are you so cooperative this time."

Liona left her mouth and didn't say anything, her face a little red, if she had known that Omi was going to treat her today, she wouldn't have worn such flowery panties after taking a shower last night. Made now so flowery panties, lying on the bed are afraid to let Omi look.

"It seems that in front of health, any shyness is unnecessary."

Liona snorted, "It's not."

The reason why Liona was now stripping off her clothes so crisply and without hesitation was in no way because she desperately wanted to recover, it was just that she already had no Ren to Omi

He's suspicious.

Omi looked at Liona's naked back, her skin was very tender and smooth, her curves were full of temptation, her waist was slim and formed a curved line with her hips, only, the panties she wore were very piercing, making Omi always distracted.

"Miss, why are you wearing such flowery panties."

"It's none of your business, it doesn't affect you."

Omi calmed his heart so that he wouldn't be attracted by Miss's alluring naked back and focused on finding a cure for her cold illness.

Omi remembered that Uncle seemed to be the combination of acupuncture plus medicinal effects to treat her, but Omi's learning was incomplete and hazy.

Omi used his memory to deliberate for a long time and inserted a needle in the spine of the lady.

Liona moistened.

Omi said, "If it will hurt, you must say, do not endure, I'm not treating you now, I'm studying how to treat, so every process could be wrong."

"Ah, you're using me as a test subject." Xiang Yun Liu blurted out.

"Precisely yes, there's no way, I only have thirty percent and the other seventy percent, what else can I do but research and experiment time and time again. But don't worry, I'm still confident that I won't kill you in the process of research."

“What, it won’t kill me, that means, other than killing you?”

“Yes, other things, like accidentally failing your other organs, or accidentally paralyzing them, or developing some other kind of deafness or blindness or whatever.”

“Why didn’t you say so sooner.”

“Saying it sooner or later is going to take place.”

At noon, Liona’s lower half of her body went numb.

“I can’t move my legs.”Liona said anxiously.

“Oh, looks like I don’t know which step was wrong.”Omi sighed with regret.

“What about my legs, I don’t have any feeling at all.”

Omi pulled out the silver needle on Liona’s back, this treatment study failed and paralyzed Liona’s leg.

“It’s just paralysis, call your father and buy a wheelchair and come back.”Omi said.

“What.”Liona screamed.

“You’re not kidding me, are you?”Liona looked at Omi incredulously.

“Oh, alright, just kidding with you, I’ll help you heal your paralyzed leg.” Omi laughed, and Liona was scared to death.

“Nasty.” Liona coquettishly gave Omi a glance.

Omi put Liona’s paralyzed legs quickly healed, Liona walked off the bed to try, forgetting that she was only wearing three points, the Omi looked involuntarily gulped, Liona reacted and immediately picked up the clothes to cover herself.

“Oh, Miss, I’ll go out first then, I’ll look for you to study it after I prepare the next set of treatment plan next time.” After saying that, Omi left Liona’s room.

After lunch, Liona wanted to go shopping, she hadn’t been shopping for a long time, Omi would have to go with her, no doubt about it.

After arriving on the street, Liona went straight to a large shopping mall, in fact, Liona mainly wanted to buy some clothes for Omi today, but she was too embarrassed to be so direct, so she had to buy her own clothes, and then pretend to buy a set of clothes for Omi as well.

203

Omi sat in an upscale brand boutique, watching the lady picking out all kinds of clothes, several male waiters were aiming at Liona, it was obvious that Liona’s beauty made them drool, but unfortunately, they knew they didn’t deserve it, not only Liona’s beauty, but also her family background, the beige shoes on Liona’s feet were enough to pay them a month’s salary.

A waitress said to Omi: “Accompany your girlfriend to buy shoes, your girlfriend is so pretty.”

Omi smiled slightly, “Thank you.” Omi didn’t bother to explain anything to her.

“But unfortunately.”The waitress looked like she wanted to stop talking.

Omi was about to ask her what she was pitying, when his phone rang and Omi walked out of the shop to answer it.

“Simran, what’s wrong.”Omi picked up, the person who called him was Simran.

Simran asked, “Today is the weekend, what are you doing?”

Simran’s tone was gentle and comfortable for Omi to hear, she hadn’t approached Omi in a long time.

“Just say what you have to say.”Omi chuckled lightly.

“It’s rare for me to be free this afternoon, so if you’re free too, come out for a stroll.”Simran’s face was already red after saying this, she mustered up a lot of courage before she took the initiative to ask Omi out for a stroll, not knowing if Omi would agree.

“Haha, what an unfortunate coincidence, I’m shopping with Miss right now.” Remember the URL .  
kanshu8. net

Simran’s heart was naturally disappointed, but smiled, “Yes oh, you’re Liona’s personal bodyguard, going out shopping is a sure way to protect her with you, too bad, so next time then.”

“Good.”

“Well, you’re busy first then.”

The two of them quickly hung up the phone, Omi didn't think that much about it, it was just a coincidence.

But the first time Simran had summoned up so much courage to ask Omi to go shopping, but it didn't work, her heart was very lost, and the only thing she could do was to sigh deeply.

In fact, Simran asked Omi out for a stroll, there is a purpose, she wanted to buy a dress for Omi, but she was too embarrassed to be so blunt, so she wanted to stroll, and then when she passed a place selling clothes, she pretended to look at it, and then coincidentally said to buy him a dress. But Omi was unavailable, and Simran's idea fell through and was a little lost.

Simran made a call to her best friend, Liang Ying, who came soon after.

"Xuan'er, are you free today, don't you have to take care of your father at the hospital?" Liang Ying asked.

"My mom is fine in the hospital today, and now my dad is doing well fast, so I don't need so many people." Simran said.

"Has Omi come to see you lately?" Liang Ying's eyes were ambiguous as she looked at Simran.

Simran stared at her: "Why are you looking at me like that."

"I'm just concerned about concern."

"He had come to the hospital in the morning, but I saw that he seemed to have very few clothes, he came and went with those two sets of clothes, so I wanted to buy him a dress, but unfortunately, he accompanied his lady to go shopping."

Liang Ying asked, "Did you tell him that you wanted to meet him for shopping and then buy him clothes?"

Simran said, "How can you be so direct, it's too embarrassing, besides I'm not his who, people still think it's strange, if I accidentally bought him a suit when I went shopping it's almost the same."

"Xuan'er, Omi doesn't look like a man without money, how can he need you to buy him clothes."

"But, I see that his change of clothes seems to be just those two sets, don't get me wrong, I want to buy him a dress, not because of anything

Rather out of gratitude, I owe him too much, don't I?"

Liang Ying laughed, "Xuan'er, I didn't say there was a misunderstanding, your explanation is a cover-up, hahaha, are you secretly in love with Omi?"

Simran blushed and said angrily, "Don't talk nonsense, where am I worthy of someone, didn't I tell you long ago that he only has his senior sister in his heart, someone's senior sister is high in martial arts and her medical skills are even better than his, if anyone hears about this, they won't laugh at me, I'm a mangy toad trying to eat swan meat."

Liang Ying wiped her cold sweat and said speechlessly, "You're a school flower beauty, saying that you're a toad, how can you make me feel embarrassed."

"Alright, alright, let's stop talking so much, let's go shopping, I haven't gone shopping for a long time."

Liang Ying asked, "Then should we stop by and buy a dress for Omi?"

“This.” Li Xuan Er wanted to inside, but felt a little embarrassed.

“If you want to, just buy it, Omi is about 185 tall, so it’s easy to buy his clothes.”

“Hmm.” Simran nodded her head apologetically.

In an upscale mall, Liona pretended to be picking out clothes for herself, but in reality, she was all about men’s clothing.

When Liona saw that Omi had gone to the door to make a phone call, she was busy asking one of the attendants beside her, “Help me see if there are any men’s clothes suitable for him to wear.”

“Okay, I’ll help you find it right away.”

Liona nodded, surprisingly blushing a bit.

Right now, the male waiters who were watching Liona drooling were almost drooling.

“That chick is so pretty.”

“Yeah.”

“At least the most beautiful female customer I’ve seen in the past year, out of all the female customers coming and going.”

One of the male waiters was now thinking inwardly, “So pretty, how much reward will I get if I report this to the boss?”

“The last time I reported to the boss that woman, her appearance was far worse, but I was rewarded with eight thousand yuan, this one, I think, without twenty thousand, the boss himself would be embarrassed.”

“If that’s the case, why am I still standing around, hurry up and inform the boss.”

So, that waiter immediately walked to the side and secretly called their boss, while also secretly taking a picture of Liona.

Omi didn’t even know there was such a black shop, the waiter just asked Omi if Liona was his girlfriend, right, and then said it was a pity, maybe that waiter already knew what would happen.

At this moment, on the top floor of this mall, in an office, a man of about 30 years old answered the phone.

“Hello.”

“Mr. Lin, there’s a super beauty in the store.”The male waiter said excitedly.

“Send it to my WeChat.”

The man called General Manager Lin, who owned this mall, which was all owned by him and specialized in selling high-end goods, was called Lin Dongfang, the nephew of the third owner of the Hua Long Hall. He asked one of the shop attendants to keep an eye out for him and notify him if there were any very beautiful customers, he himself had slept with many beautiful customers over the past few years.

Lin Dongfang opened WeChat, he wasn't much interested, but when he saw the girl in the photo, he was shocked, so pretty, but it seemed a little familiar.

Lin Dongfang thought about it and suddenly remembered.

“Right, I saw this girl last week at the corporate summit, she's the daughter of a small businessman, Liu Chenming, that Bai Maoquan last week was exactly beaten up by Liu Chenming's bodyguard.”

204

Lin Dongfang smiled hehe, last week at the corporate summit, he happened to see Liona persuading a fight, at that time he looked at Liona and he couldn't hold back a bit. Of course Liu Chen Ming had nothing to fear, but he just didn't know how hard to mess with that campus bodyguard of Liu Chen Ming, after all, he even dared to beat up Bai Mao Quan, whose uncle was the First Vice Hall Master of Hua Long Hall. Of course, in his eyes the first vice hall master was nothing, because his uncle was the third hall master of the Chemical Dragon Hall, and Bai Maoquan's uncle was considered his uncle's subordinate.

“Fuck, fuck her.” Lin Dongfang slapped the table, excited inside, “Liu Chen Ming a small businessman, I don't believe he can be so big, a big man can fuck if he wants, what's it like to squirm.”

So, Lin Dongfang immediately asked that male waiter, to stabilize Liona, if possible, it would be best to separate Liona from her bodyguard, saving him from wasting energy to finish off her bodyguard, and reward 30,000 after it was done.

That male waiter was dead excited.

After Omi finished his phone call with Simran, he walked into the shop, where Liona was still picking out clothes.

Omi was helpless, women are so long-winded when it comes to buying things.

“Miss, I think you look good in anything, so why try it on and on.” Omi said.

“What do you know, don’t come over here, you go sit over there and wait for me.” Liona said, because Liona wanted to buy a suit of clothes for Omi, secretly picking out men’s clothes, but she was too embarrassed to be told by Omi that she was so dedicated to picking them out for Omi, so she wanted Omi to go sit over there by the door, and then say that she bought them at random.

“I don’t care, you can spend as long as you like.” Omi said, returning to sit on a chair at the entrance of the shop.

A male waiter looked at Omi and left his mouth, “I thought it was this beauty’s boyfriend, I didn’t expect it to be someone’s bodyguard, cut, the identity isn’t far from mine.”

This male waiter walked up to Liona and asked with a smile, “Miss, what clothes are you picking out? Can I help you? If we don’t have any suitable ones here, there’s plenty of new stuff coming in at our warehouse for you to check out too.” One second to remember to read the book

This male service started to act, that signature smile, looks like very good service.

Liona looked at this male waiter, saw that he was about the same height as Omi, and said, “I want to buy an outfit for my classmate, you are about the same height as him, can you help me pick out the best set.”

“Of course I can, but the brands sold in this store are mainly for women’s clothing, you may as well come with me to that brand store across the street to pick one, there are more men’s clothing there, this whole mall, most of the stores are owned by our boss.”

Liona nodded, “Good.”

Omi was sitting at the entrance of the store when Liona came out and said, "I'll go to that store across the street and have a look, you just wait for me here, I'll have to come back this way later."

Omi thought about it, this mall was crowded with people, it was unlikely to be dangerous, and there was surveillance everywhere.

"Good." Omi nodded thinking that Liona wanted to buy some feminine products, like lingerie or something, and it was inconvenient to follow.

One of the waitresses in the shop sighed, feeling sorry, but she didn't dare to voice it, as a veteran waitress who had been here for several years, she naturally knew something about it. It wasn't that she didn't have a sense of justice, it was that she didn't dare, there was a waitress who used to warn customers, and then that waitress was framed for embezzling the store's property, and was sued by the owner, sentenced to five years, and is still in jail.

Liona came to a brand boutique across the street, found that there is not as the waiter said, this brand store men's clothing more, the same as just that store, women's clothing far more than men's clothing.

&nb

sp; "Didn't you say this brand has more clothes for men, why do I feel like I don't?" Liona asked the waitress who brought her over.

"Miss, these clothes are luxury brands, any set of clothes will cost tens of thousands of dollars, there are more female consumers in general, so the shops put up more women's clothes. If you want to pick out men's clothing, it's best to go to the back of the warehouse, to the warehouse you can take your time to choose, you can always choose what you like. If I think my figure is similar to your classmate, I can also serve you as much as I want, so please come with me, Miss."

“Oh.” Behind the shop that Liona followed the male waiter to, there was a warehouse of about fifty square meters, and there were indeed many, many clothes in the warehouse.

However, right after Liona entered the warehouse, suddenly, the male waiter closed the door of the warehouse.

“What are you doing?” Liona saw the male waiter shut the door and immediately asked nervously, she was careless, but she found it hard to believe that a waiter in a store that sold such high-end clothes would dare to be so bold.

“Hehe, Miss, don’t blame me, I was just following orders.” The male waiter said.

“I’m going out.” Liona was busy walking towards the door.

However, the male waiter was blocking the door.

“Sorry, you can’t leave yet.”

“If you don’t let me out, I’ll call the police.” Liona threatened.

“Sorry, I can’t let you out, we just had some property stolen from our shop and we suspect you’re involved.” The male waiter believed in the story and steadied Liona first.

“You’re the one who stole, what do you want?”

“You’ll know when the time comes.”

Liona was so angry that she took out her cell phone to call Omi to come over and fix him, never seen such a bold waiter before.

However, the male waiter snatched Liona's phone away in no time.

"You, give me back my phone."

"Sorry, Miss."The male waiter said.

Liona had a bad feeling about this.

"Miss, I think you'd better pick your clothes first, don't worry, I won't touch you, and I wouldn't dare to harm your life, I'm just a small waiter."

"Then what are you locking me in here for?"

"We've had a few things stolen from the shop and suspect you're involved, just need your cooperation."

"You did it on purpose."

"Oh."

The male waiter's cell phone rang, and it was his boss.

"Hello."

“Where is the man?”The boss asked.

“In store warehouse b-8.”

Shortly after, a man about 30 years old with a big belly entered the warehouse.

The male waiter called out to the man, “Boss.”

Then, the male waiter walked out of the warehouse knowingly and locked the warehouse door with a big lock outside.

Liona was wary of the big bellied man.

“Who are you and what do you want?”Liona asked fearfully, her body backing up.

The big belly man looked at Liona and smiled hehely, “Beautiful, really beautiful.”

“Who the hell are you?”Shannon Liu has shrunk into the corner.

205

“You’re the daughter of Willow Morning Glory, aren’t you.”

“You know my father?”Xiang Yun Liu was shocked.

“Last week was the corporate summit, I saw you, you were pulling that bodyguard of yours, I was simply amazed when I saw you, you were so beautiful, I was wondering if I had the life to let you take pleasure in my crotch. I didn’t think it would be such a coincidence that I just happened to meet you here today, so I couldn’t help it.”

“You know my father, and you still dare to do anything to me.”Liona said threateningly, her face pale.

However The Big Belly Man laughed, “Your father, Liu Chenming, a small thing, I can scruple him?Little girl, you’re too naive.”

“This is a mall, there are people outside, if you do anything to me, you’ll definitely get your comeuppance.”

“Oh, retribution, what kind of retribution?”The man with the big belly asked.

“I don’t believe Rangan, how dare you see the law like that.”

“Do you think it’s the first time I’ve done something like this, little sister?Hahahaha, silly boy, I don’t know how many beautiful girls I’ve slept with over the years already.Of course, I have to admit that you’re the most beautiful girl I’ve slept with over the years, bar none.”

Liona gripped her collar tightly.

“Little sister, don’t be nervous, I’ll be gentle, but of course, I advise you not to resist either, because if you do, something could easily happen to you, like, a dead person.You may think that I wouldn’t dare, that the police would arrest me and sentence me to death.You’re really wrong, first of all, I’m wearing a human skin mask, and also the waiter, who wasn’t really a waiter just now, are both wearing human skin masks.So, you’d better not resist, even if I kill you and hide the human skin mask on my face, what can the police do.It’s better to resist than to learn to enjoy.”The big belly man smiled hehely, in fact, the big belly on his body was also a disguise, otherwise, he wouldn’t dare to openly provoke the law. First URL m. kanshu8.net

Outside the mall store, Omi was still sitting there, and it wasn't a few minutes before Liona left this store.

Omi looked at that waitress and suddenly remembered that before Simran called, she said something pity. Omi then asked, "Hello, what did you just say pity?"

"Nothing." The waiter turned and walked away.

At that moment, a call came from Willow Chenming.

"Hello, Uncle Willow."

"Omi, you're not home." Willow Chenming said.

"No, we've gone shopping."

"Oh, I told you why aren't you guys at home, I'm not doing anything at the office today so I came back first."

"Then I'll hurry up Miss, and hurry back too?" Willow Chen smiled, "No, you guys can play, by the way, where have you been shopping?"

"Now at the Oriental Mall."

Willow Chen Ming's heart thudded, he had heard that there was a pervert in the Oriental Mall, the mall's female customers, were often raped, probably related to the owner, Lin Dongfang, but the police couldn't catch the evidence.

“What’s wrong?Uncle Willow?”Omi saw that Willow Chenming had thought of something like that, so he asked.

“It’s nothing, I just don’t really like the Oriental Mall.”Willow Chenming casually explained, but Omi was startled.

“Uncle Willow, is it true what you said about this?”

Willow Chenming said, “Whether it’s true or not, I can’t say anything, after all, the police can’t even find evidence, so I can only take it as hearsay.Xiang’er is so beautiful, so I just think so casually.

“

Don thought about what the waiter had just said about the pity and seemed to tense up, saying, “Oh no.”

“What’s wrong?Tzu-Chen?”

“Uncle Willow, it’s bad, just now Miss was going to the shop across the street to choose clothes, and was taken there by a male waiter, I thought Miss was looking for a house girl or something, so I didn’t follow her.”

“What? You try making a phone call now.”

Omi immediately called Liona’s phone, but unfortunately, it was off.

At this moment, Omi knew it was bad, Omi rushed to the opposite shop, the shop was very big, there were many people inside, Omi didn't see Liona.

“Is it not in this shop?” Omi's eyebrows furrowed.

However, Omi was not a vegetarian, and immediately pressed his hand on the wall and applied his Thousand Miles Sound Transmission Technique, many sounds mosquitoes buzzed in his ears, but the murmurs Omi removed all of them to find out what he was familiar with.

Sure enough, Omi heard a familiar voice shouting, “Don't come over.”

Another voice, also very quiet, laughed, “Little sister, don't resist, let brother have a good time, and brother will let you have a good time too, hehehehe.”

“Ah.” Liona screamed, but her voice was too small, as if she was in a sealed and isolated place, it would have been impossible to hear it if Omi didn't possess the Thousand Miles Sound Transmission Technique.

Omi immediately locked onto a direction and rushed in that direction, in the direction of the warehouse behind the shop.

A male attendant was standing outside the warehouse, seemingly always on guard against something, while also pretending to be sorting things out.

“Sir, this is a warehouse, please don't come in.” That male waiter saw someone coming, before seeing the person's face, he stretched out his hand to stop it, but once he stopped it, he was shocked to find that it was Omi.

It was the same waiter who had just brought Liona here, and Omi burst into flames, grabbing him by the hair and throwing him outside the shop.

“Wow.” That male waiter’s entire body crashed into the tempered glass and flew outside, and I’m afraid that the rest of his body will have to spend the rest of his life in a wheelchair, Omi will never be soft on such people.

“Bang.” Omi raised his foot and kicked the warehouse door open, only to see that inside the warehouse, a big belly man was taking off his clothes, and it had been stripped down to the last pair of underwear. And Liona hid in the corner with her head in her hands, not daring to look and screaming at the same time.

The big belly man saw the warehouse door being kicked open and was shocked, and at first glance, it was that campus bouncer of Liu Chen Ming.

When Liona saw someone coming, she looked up in a panic and saw that it was Omi, and immediately pounced on him with tears in her eyes, sobbing in Omi’s arms.

Omi looked at the man in front of him and was on fire, so the rumor that Uncle Liu said was true, no one had ever caught the evidence before, and this time Omi had caught the scene.

Omi said to Liona, “Miss, you go outside first.”

“Mhmm.” Liona immediately ran out of the warehouse, Omi slammed the warehouse door shut and the two stood in the warehouse.

The big belly man said angrily, “Who let you in.”

“You fucking dare to even touch my lady, I’ll make you regret it.” Omi said fiercely.

Big Belly Man grunted, "A little campus bouncer, you really take yourself seriously, you ruin my good fortune, I'll make you regret it for the rest of your life." Big Belly Man said in a fiery voice, almost about to get his hands on him.
