

# King of kings

2042

"Yes."

Omi said, "In the entire Yunluo Immortal Kingdom, there's only one pre-Earth Immortal, and that's the Emperor, this old turtle, why is there nothing to sweep me off my feet?"

The devil king said, "Omi, does the emperor know about your upgrade to the middle Human Immortal stage?"

Omi was speechless, "This is not nonsense, the country has been celebrating for three days, do you think you know."

The Devil King sighed sadly, "Omi, it seems that you are being watched."

"Fuck." Omi cursed angrily, as expected, Omi's intuition was right, this old turtle didn't have good intentions.

"Why are you being targeted, I don't have anything particularly outstanding ah, has the Immortal Spitting Technique been discovered? Or am I under suspicion?" Omi said.

"I don't understand this either, you've only taken two Immortal Pills and upgraded to mid Human Immortal, it's inevitable that you won't be noticed. Omi, you are also really ill-fated, it hasn't been long since the last time you were followed and chased, and now you're being noticed by an even stronger one."

Omi said, "The person who tried to kill me last time has now become my wife."

"Uh, it's that princess of some sort?"

"Princess Cloud Violet." Remember the URL .kanshu8.net

"Khan, you're also really hungry, a person who wants to kill you is also down to marry."

"Senior Demon King, the situation is a bit special, she's really in love with me now and is dead set on it, I was going to play around and abandon it, but now that she's so infatuated with me, I can only resign myself to my fate."

"Forget about her, what's that emperor he paying attention to you for?"

"I don't know, I can't think of anything."

"Have you done anything lately that strikes him as unusual?"

"Anomalous, no bar, oh yes, I said, I'm going to Upper Yarn, he seems to be very reluctant to let me go."

"That's right, he definitely has designs on you, you have to be careful. I really can't help you this time, after all, he's a strong Earth Immortal."

"I understand, thank you Demon King for finding out for me, at least it makes my mind clear. By the way, Senior Demon King, since you can spot people sweeping me, can you block them from sweeping me?"

"Shielding?"

"Yes, so people can't sweep me off my feet."

"Haha, you're right, I can do that, and it's easy for me."

"Then it's fine, if you can't sweep me, you can't find me."

"No, can't sweep you, just immortal sense can't discover you, but his eyes, ears, other five senses sense, is still discoverable, if he is staring at you from a distance, you can't escape anywhere."

"What the eyes see is always not as far as the Immortal Sense sweeps."

"Omi, how about this, I'll leave a trace of Immortal Sense on you, if you need anything, just call out to me, I'll hear you."

"Good."

Omi's heart also grew a lot more confident, at least he wasn't blind.

Omi asked, "Senior Demon King, I'm going to a place right now, keep an eye on it for me, is there anyone whose Immortal Sense sweeps me away?"

"Good, no now, it seems that emperor doesn't keep an eye on you all the time, just sweeping occasionally to see what you're doing."

"Well, you keep an eye on the emperor for me, and tell me if you notice any movement from him."

"Don't worry."

The Devil King immediately took his Immortal Sense and swept it towards the emperor of the palace.

That emperor was oblivious.

/>

Omi left the house and went to the small detached house.

"Little Fire, Thousand Splendid."

"Ah, Omi, why are you here again, you're bothering us so often." Mu Qianji said.

Omi said, "Alright, the situation is rather urgent, I might be in trouble now, you guys need to move to Upper Fernia first."

"Ah, transfer? Aren't you in a secure position here?" Little Fire was puzzled.

“Steady my ass, damn it, the Emperor doesn’t know what he wants with me, I’m in deep water, and God knows what I’ll find.”

“Oh God, how can this be, you’re his son-in-law.” Mu Qianji was horrified.

“A daughter-in-law counts for nothing, alright, you must move, go to Upper Feyama.”

“What about you?”

“I don’t know yet, I don’t think I’m so easily transferred, since the emperor has designs on me, I shouldn’t be allowed to leave so easily, but don’t worry, I, Omi, don’t die so easily, I’ve survived countless calamities.” Omi said.

However, Little Fire and Mu Qianji were still looking at him incredibly nervously.

“Don’t look at me like that, it’s making me scared.”

“Doesn’t that Yun Zi Princess love you very much, how about you let her plead with you.”

“Don’t be ridiculous, I doubt Cloud Violet he would even dare to kill. Daughters are nothing, how many women can you sleep with and how many children can you have in a life of hundreds of millions of years.” Omi laughed shamefully, it was indeed true.

The emperor had given birth to an unknown number of children in his life, but not every one of them could become immortal, he had given birth to at least 1,000 children in his life, among them, those who became immortal, less than a hundred, the remaining 900 or so, all of them had reached the end of their life span and died, only those who became immortal, with a long life span wouldn’t die so easily, but those who became immortal would also die, be killed, or die of other reasons, such as Cloudfall, so the current emperor, only more than 50 sons and daughters who became immortal. Yun Zi and Yun Meng, are considered to be the few that stand out after all, and those that don’t stand out, don’t have much of an existence at all.

Omi said, “Little Fire, it’s up to you now, transferring to Upper Fey Yan Continent, at your speed, it’s estimated that it will take more than a month, you’re all still just immortals, and there are many crises along the way.” Omi was full of worry.

Mu Qianji said, “Don’t worry, it’s because we are immortal cultivators that we are safer, because there are too many immortals, immortals usually don’t pay attention to us being so weak. And we’re not the weakest existence among the immortal cultivators, we’re all prospective immortals, so I’m afraid it’s not that easy to hurt our immortal cultivators.”

Omi thought about it, it made sense, immortals were too powerful to pay attention to immortal cultivators, just like Omi was walking on the street now, where would he look at immortals that could make him pay attention to them.

“That’s fine, you guys arrange your own time transfer, wait for me at Upper Fey Yan Continent, we’ll meet up there.”

“Omi.” Mu Qianji shouted with a cry.

“What are you crying for.”

“You must come, I’m begging you.”

“Don’t worry, I’ll be intact to meet you at Upper Firshenia in turn.”

"If you don't come, I'll die to show you."

Omi laughed, "I didn't even come, how can I die to show me."

"Don't joke, I'm serious."

"Alright, alright, the others you explain to them, I can't stay here much longer, I'm afraid it will be even worse if you are noticed."

Omi quickly left the small aliens' house.

Mu Qianji looked at Omi's back with tears in his eyes.
