2087

omi said to Mei Tianqing, "You are Mei Tianqing?"

"Exactly."

"You're the one who wants to challenge me?"

"Crap."

"Are you sure you want to challenge me?"

"Fuck you, can you not talk to me in that tone in front of me, please?" Mei Tianqing was furious, omi's superior tone made him upset, making it seem as if omi had been challenged by someone of lower status.

omi snorted, "Mei Tianqing, you're no match for me at all, I'll give you one more chance, do you really want to challenge me?"

"What did you say, say it again?" Mei Tianqing was startled.

"You're no match for me at all, are you sure you want to challenge me?" Don reiterated.

"You." Mei Tianqing was furious, he should have said that.

"Zhou Mi, very well, you finished my sentence, I should be the one to ask you this." Mei Tianqing gritted his teeth. First URL [m.kanshu8.net](http://m.kanshu8.net)

The audience at the scene was also surprised that Zhou Mi's tone was so arrogant that he dared to tell Mei Tianqing that he was not his opponent.

At this moment, Mei Tianqing's grandfather was going to die of anger and didn't care what, shouting, "Tianqing, maim him for me, if you don't maim him today, don't be my grandson, you're really pissed off at me."

When everyone saw that Mei Cultivation was so angry, they couldn't help but start to worry about omi.

At this moment, Star Luo was also there.

Star Luo said inwardly, "omi is too confident, this is Mei Tianqing ah, saying that in front of Mei Tianqing, it's really going to make Mei Seed angry."

Mei Tianqing gritted her teeth, "Zhou Mi, do you hear me, you will pay for your arrogance."

omi snorted with disdain, "You are not qualified for me to be arrogant with you, you may think that my kind words just now were a form of arrogance, but as far as I'm concerned, I'm just telling the truth. Mei Tianqing, I'm peripatetic and have never treated you as an opponent. Some time ago, people

were discussing and saying that I was at the same level as you, do you know how I felt when I heard those words?"

"Hmm, are you trying to say that you feel a lot of anger?" Mei Tianqing said through clenched teeth.

omi shook his head, "No, what I feel isn't anger, but, rather, disdain."

"What did you say it was?"

"Disdain, for your disdain."

"Fuck." Mei Tianqing was furious, and offstage, Mei Tianqing's grandfather's beard was also trembling with anger.

Mei Tianqing said, "I hope you won't disappoint me."

"Please." omi struck a pose.

The fire in Mei Tianqing's heart had piled up so high that he had already made a move to kill, and not killing simply couldn't quell his anger or salvage his reputation that had been tarnished by omi.

omi could see Mei Tianqing's killing intent, and omi was on fire inside, but omi couldn't kill him, who had an upper immortal grandfather.

"Drink." Mei Tianqing suddenly made a most powerful spell, and the entire ring was wrapped in a gray stream of air.

The crowd's faces changed when they saw this spell of Mei Tianqing's, it was Mei Tianqing's famous spell called Ten Thousand Chaos, and those surrounded by his chaos anyway, unless their realm was higher than him, they could only be slaughtered by him. However, the price for Mei Tianqing to cast this spell was that he wouldn't be able to recover to his peak for a hundred years, and if it wasn't a critical moment, Mei Tianqing would never have cast this one spell.

"Heavens, it's just a duel, Mei Tianqing actually cast the Ten Thousand Chaos Spell."

The crowd was dumbfounded.

Mei Tianqing's grandfather was also angry and furious at this moment, angry that Mei Tianqing was so unaware of the serious consequences of a spell with actual combat, and furious that omi actually caused his grandson to spend a hundred years to heal his wounds.

omi was now, standing in the middle of the chaos of all things, with no abnormality in his face.

Without a doubt, this spell of Mei Tianqing's was indeed quite powerful, but that was for other people, but for omi, it was nothing more than that.

At this moment, when everyone saw omi move, omi opened his palm and expelled a move.

This move of omi's was a Great Suppression Method.

"Bang." In the blink of an eye, Mei Tianqing's Ten Thousand Things Chaos Spell was like a fart that seemed to explode out in a fury when it was in the large intestine, but once it reached the door, it scattered without a trace, and the grey airflow turned into a cloud of dust and disappeared.

"Poof." In the next second, Mei Tianqing spat out a mouthful of blood, his entire body turned into a stumble, Mei Tianqing had cast a spell with such a large aftermath, but it ended up like a fart without a trace, and the most annoying thing was that he had to pay a hundred years of time for it.

The audience was silent.

"Wow, my male god." Countless young girls looked at omi obsessively.

At this moment, even Tian Xiang couldn't help but feel his heart pounding, feeling that omi at this moment was so handsome and charming.

Of course, there was another person who was even more shocked, and that was Star Luo.

Star Luo muttered to himself, "The second spell of the second level of the Silence Technique, the Great Suppression Method, he, he has practiced it again."

omi looked at Mei Tianqing who was about to fall down and asked, "Is there anything stronger? If not, well, you lost. I have already said that you are not my opponent, and I have asked you to give up the challenge, but you did not listen. Everyone can testify today that I, Zhou Mi, have arrived in person."

Mei Tianqing looked at omi incredulously.

"Zhou Mi, I don't believe it, I don't believe that I will lose, I am the most talented person, I can't lose." Mei Tianqing cried out.

omi said, "Winning and losing is a common thing, no one is never defeated, even if I were to meet a stronger one, I would lose."

"Hmph, don't fake compassion, I'm defeated when I'm defeated, Zhou Mi, in the coming day, I will definitely defeat you."

omi's heart was filled with disdain, but, with a smile on his lips, he said, "Good, my opponent can only force progress, I'm looking forward to you coming back to fight me and defeat me."

Mei Tianqing gritted his teeth and said, "I, Mei Tianqing, swear to everyone that within three hundred years, I will defeat you in this ring."

omi laughed out loud and said, "I hope so."

omi was disdainful inside, but he didn't bother to irritate him anymore.

At this moment, Mei Seed saw his grandson defeated so badly that his entire body withered.

Mei Tianqing came down from the ring with a grey face, walked to his grandfather's side and cried, "Grandpa, I lost, my style, sob." Mei Tianqing cried at the thought that Tian Xiang, who was secretly watching him, must be very disappointed.

Mei Seed snorted, "Look at you, this is all you have, cheer up, don't forget what you just said, within three hundred years, in this ring, defeat Zhou Mi."

"Yes, grandpa, I will defeat him within three hundred years, definitely." Mei Tianqing swore and said.

omi also got down from the ring and flew to Yun Zi's side.

At this moment, in the crowd of spectators, a man in the late Human Immortal stage was startled when he saw Yun Meng beside Omi, "That woman, could it be the beautiful Yun Meng that Yang Qilu planned to introduce to me before? Haha, truly beautiful, such a beauty must not be missed, wait for me to go up and ask her out." This man in the late lower stage was the one who was going to be on a blind date with Yun Meng before, called Zhu Eyeless.
