omi said furiously, "Who is it."

I thought it was Plum Seed who secretly sent someone to kill him, but now it didn't look like it was Plum Seed.

"You really want to know?"

"Yeah, I want to know." omi yelled.

Elder Star Shine said, "I can tell you, but I advise you not to be impulsive, and not to seek revenge on him, or else you'll die a horrible death."

"Say it."

Elder Star Shine said, "It was killed by a late Earth Immortal named An Yu Ran."

"An Yuran, why did he kill my master?"

"I don't know about that, but An Yu-Ran has an identity, he's a second class overlord family, a red man beside Gao Jian."

"Gao Jian?Gao Jian?" omi felt that this name was somewhat familiar, as if he had heard it somewhere.

Elder Star Shine said, "Rumor has it that Gao Jian once went to the Yunluo Immortal Kingdom and cut a pervert's lifeblood in the street, then stomped him to death in the street." One second to remember to read the book

"Ah." omi was startled, he remembered, once omi had heard the name Gao Jian discussed in an inn, it was him, the one who had killed Zhou Mi in his previous life.

Elder Star Shine said, "omi, I heard that in your previous life, you were the number one pervert of that Cloud Goblet Immortal Kingdom, and Gao Jian was the one who cut off your life roots and trampled you to death in your previous life."

omi's face was blue with veins, and his eyes sprayed with hatred.

"omi, the Green King's murder may have something to do with Gao Jian, after all, the person who did it was someone close to him.As for why Gao Jian killed your master, this is yet to be detected, perhaps, your talent has alarmed Gao Jian.After all, Gao Jian is your former enemy, so in order not to cause any hidden danger in the future, so to do it to your master, or even to do it to you in the future, it is possible."

"Gao Jian." omi shouted, the revenge from his past life hadn't been avenged yet, and in this life he had killed omi's master, this person, when it was really impossible to relieve his hatred by cramping his muscles and skinning him.

“omi, save your grief, it’s only now that you have to take care of your master’s funeral first.”

“Where is my master’s remains?” omi gritted his teeth and asked.

“Your master was killed in Tianfu Town, after that, a kind-hearted man brought his remains back, now, your master’s remains, on his mansion, are waiting to be buried, your master has no relatives, only Tianxiang and your two disciples.”

omi hugged Tianxiang and said, “Thank you for informing Senior Starry Yao, I’ll leave first.”

Star Yao instructed, “omi, if you need my help, feel free to say anything, as long as you can help, right, you’d better not leave the Star Clan, after all, that Mei Seed, still wants to kill you. Of course, there’s no way to be sure if Gao Jian will kill you, if Gao Jian wants to kill you, I’m afraid we won’t be able to stop him, so I’m conflicted right now, if I’m in your shoes, I don’t even know what to do.”

Xingyao inwardly said, “This person is really much tribulation, if this person is still able to survive under this kind of tribulation, he will definitely be an extraordinary person in the future, let’s hope he can survive.”

omi walked away with the unconscious Tian Xiang in his arms, omi’s face was as cold as ice, and it could be said that the second time since he was born, omi wanted to kill someone so strongly.

The first time, it was in the mortal realm, a man named Wang Qi, this man killed several of omi’s siblings at that time, and also beat omi to lose his memory, and his IQ degraded to that of an infant, it was only with great pains that Maku Chian kept him safe.

The second time, is now, this super bitch called Gao Jian, killed omi in his previous life is just fine, but in this life, omi has not even sought revenge on him, he killed omi’s master first, and maybe, even after that will kill omi.

Right now, omi hated to immediately behead this person.

However, omi didn’t know much about this Gao Jian yet, he only knew that he was a strong genius.

omi hugged Tianxiang.

As he left, Xing Luo heard the news and arrived.

“Zichen, what happened to Tian Xiang? And your master him?” Star Luo asked nervously.

omi’s face was frosty, and he gritted his teeth, “My master, he’s dead.”

“Ah.”

“It was killed by a late Earth Immortal named An Yuran, An Yuran, who was by Gao Jian’s side.”

“Gao, Gao Jian, he wasn’t.”

“Right, the person who cut my life and killed me in my previous life.” omi said with a trembling voice.

“This, why did he kill your master.”

“I will not let this man go.” omi clenched his teeth and walked away with Tian Xiang in his arms.

"Where are you going?" Starro shouted.

"Go home, my master's remains are still in his house, I must return to see him and bury him."

"But, Plum Seed him, he will find an opportunity to kill you at any moment."

"Kill me too, I must go back." omi walked away without looking back.

Star Luo was busy saying, "I'll go back with you, if Plum Seed wants to kill you, kill me first." After saying that, Star Luo immediately followed omi and stood close behind him, always vigilant of the surroundings.

omi didn't stop him either, he wasn't in the mood to think too much at the moment.

At this moment, the Mei family.

"Hahaha, hahaha."

"That billion year green hair, he's dead, hahaha."

Mei Seed laughed out loud when he learned that the Green King had died to the news.

"Grandpa, now that Mei Seed is dead, that Zhou Mi has no backing, before Zhou Mi was arrogant because of the Green King, those upper immortals were arrogant because of the Green King, now I'll see how he's still arrogant. Master, go kill Zhou Mi quickly."

"Hmph, what's the hurry, now the Green King is dead, hmph, Zhou Mi fart is no more, I want to kill him, it couldn't be easier, even if I rush into the Star Clan, the Star Clan may not be willing to make things difficult for me for a Zhou Mi."

"Yeah, Grandpa, Zhou Mi doesn't have a Green King, the Star Clan wouldn't be stupid enough to make things difficult for an Upper Immortal because of him."

"It's also fortunate that An Yu Ran killed the Green King openly and honestly, otherwise, everyone would probably have to settle the score on my head. If it's on my head, then the Upper Immortal who had asked for the Green King's alchemy before will probably have a hard time with me, fortunately." Plum Seed wiped the cold sweat from his forehead.

omi returned to the Green King's mansion.

As soon as he walked into the house, a gust of wind blew, as if the Green King's spirits knew they had returned.

omi's heart ached, the Green King's death had been brought about by omi.

omi felt that he was a calamity, the Green King had nothing to do with it, because of him, he was killed by the Gao Jian faction, perhaps, the gust of gale just now was the displeasure of the Green King's dead spirit.

When the gale blew, Tian Xiang woke up.

"Master." Tian Xiang shouted as soon as he opened his eyes.

Tianxiang looked around and realized that she wasn't in the Star Clan anymore.

“Tianxiang, you need to pull yourself together.”

“What’s wrong Master?How did we get back.”

omi had trouble saying, “Master, Master he’s dead.”

Tian Xiang burst out crying, but this time, he didn’t pass out again.

“Why, why ah.”

“Master was killed by the High Sword Sect, at this moment, Master’s body, was brought back by a kind-hearted person, let’s go see him.”omi said chokingly.

Tian Xiang immediately ran to the hall while crying and shouting for his master, his voice was extremely sad, Tian Xiang’s feelings for the Green King were incomparable to omi’s.
