Chapter 2186

After omi walked into the spell department's library, he looked at the rows, and if he saw a spell that he thought was better, omi would learn it.

Looking and looking, after a few hours, omi saw a book called 'Star Shifting Great Law'.

"Star Shifting Great Law?" omi picked up the Star Shifting Great Law.

At this moment, a voice came from omi's ear, "Kid, don't look at it, this Star Shifting Great Law is not something you can practice."

"Who?"

"Crap, I'm the librarian of the collection."

"Oh." omi looked towards the door of the library, and the administrator walked over to omi.

omi said, "I think this Star Shifting Technique is good, I want to practice."

"With you?"

"Why can't we practice?"

That administrator said, "This Star Shifting Technique, in the history of the Immortal Academy, there are not more than ten who can practice it, do you think, anyone can practice it?" First web site

"Is it that hard?"

"Crap."

"Oh, I'm changing then."

"Kid, I advise you not to waste your energy."

"Senior is trying to stop me?"

"Hmph, you can practice if you want." That administrator grunted not bothering with omi.

omi immediately started practicing.

In total, there were over eighty layers of the Star Shifting Great Law, however, only three layers were recorded in this book.

Even though only three layers were recorded, the three layers were already a thick book.

omi read a few pages, and it was really difficult.

The so-called Star Shifting Great Law is that you can divert other people's attacks, they will not be able to attack you, you can transfer your attacks to others, or other objects, when you practice at the highest level, you can almost do shifting stars, and even turn back time. omi's heart warmed up at the thought of turning back time, he had been working tirelessly within himself, perhaps hoping that he would be able to master this kind of magical ability someday in the future.

"This spell, it's really powerful, not bad, I want to learn it."

omi immediately started practicing it.

Although it was quite difficult to look at, omi was soon immersed in it.

Half a month later.

omi closed the book.

"Whew, that's hard." omi sighed, a spell that even he found difficult, then it was even more difficult for others.

"I've been practicing for half a month, but I finally got the first level done." omi smiled slightly.

However, the second and third layers, omi didn't have the time to practice anymore, he didn't want to go unnoticed for hundreds of thousands and millions of years again.

omi put down that secret book and didn't look at anything else, turning to walk out.

As he passed by the entrance of the library, that administrator said, "How is it, did you finish practicing." The administrator's tone seemed to carry a great deal of disdain.

omi didn't bother to pay attention to him and walked straight away.

omi originally wanted to make a face and tell him that he had practiced the first level, but on second thought, why bother with this kind of person.

After omi left the library, he returned to Hua Mingxin's previous class.

One wondered if Yun Duo was now back in the Xian Dan Department.

"Hua Mingxin."

"omi, you've been at the library for the past half month?" Hua Mingxin asked.

"Yes, here's the token back to you, thanks." omi handed the token to Hua Mingxin.

"You're welcome. However, isn't it a bit, huh, for you, an Immortal Pill Master, to go to our spell department's library to read spell secrets."

"What do you mean, do I understand it?"

"Yes. Can you read it?"

&

nbsp; “Haha, not bad. By the way, where are the clouds?”

“Cloud went back to the Xanadu department first.”

“Uh, he’s not afraid of that who?”

“Don’t worry, this is the Immortal Academy, no matter what kind of power that person has, they wouldn’t dare to mess around here, otherwise, the Immortal Academy would have been in chaos already.”

“Also, then I’m almost ready to leave.”

Hua Mingxin hesitated for a moment and said, “omi, I have a secret to tell you.”

“Say.”

“Yun Duo won’t let me say it, but I still want to say it, I don’t care how long you’ve been with Yun Duo, but I want to tell you that Yun Duo is really nice, she’s a very nice girl, she’s one of our Northern Clubs, the Three Great Beauties.”

“North Club Ashland, one of the three great beauties, huh, you’re one of them too.”

“Don’t interrupt me, omi, Yun Duo likes you, you know what to do when you go back to the Xian Dan Department, right?” Hua Mingxin looked like she was setting someone up.

omi said, “Unfortunately, I’m not going back to the Xandan Department.”

“You’re a student of the Xian Dan Department, where do you go if you don’t go back to the Xian Dan Department?”

omi said, “I’m not a student of the Immortal Dan Department, I’m actually a student of the Air Tear Department.”

“How is that possible, you went from being a fourth grade Immortal Pill Master to a seventh grade in a million years, in Yun Duo’s words, she’s never seen someone as talented as you.”

omi said, “But I’m really a student of the Empty Tearing Department, I’m also going back to the Empty Tearing Department to practice the Sun and Moon Divine Sword and the Shura Divine Saber properly, I can’t be wasted anymore.”

“What are you talking about, practicing the Sun and Moon Divine Sword and the Shura Divine Blade? Even if you really are of the Air Tearing System, that one can only practice one type at most, it looks like you don’t understand the Air Tearing Technique. Honestly, what is your purpose in lying to me, are you trying to escape from Cloud’s feelings. I really don’t understand you either, my Yun Duo is at least one of the three beauties of the Northern Clubs, okay, how could you look down on her.”

“Miss Hua Mingxin’s words are too harsh, how could I look down on it.”

“Then you know what to do.”

“I don’t know, alright, I’ll go first.”

“Hey.”

omi flew away.

“What a weirdo.”

Don omi quickly returned to the Air Tear Department.

“A million years, huh? I’m sure the people who were guided by me in the first place, they’ve all trained higher than me.”

“Forget about that for now, I’ll go and refine some immortal pills first, it’s been a million years, it’s time for me to increase some of my realms.”

omi spent two years practicing 100,000 Immortal Pills. These 100,000 immortal pills cost omi more than 40,000 immortal coins.

omi began to take the Immortal Pills.

In half a month’s time, omi finished taking the 100,000 immortal pills.

omi’s realm soon stepped from the middle stage of Upper Immortal to the late stage of Upper Immortal.

“What? Only a late immortal? Is there anything wrong with that?” omi couldn’t help but let out a loud roar.

omi thought that after taking a hundred thousand immortal pills, even if he couldn’t soar up to ten or eight realms, the Heavenly Immortal would be almost there, but surprisingly, Nima had only reached the late Upper Immortal stage.

“Damn.” omi quickly found out why.

Although the Immortal Pill he practiced on his own was a seventh-grade Immortal Pill, but the materials he used were almost all ores as raw material Immortal Coins, this kind of Immortal Coins, the effectiveness was too small, must use several kinds of materials to make a composite Immortal Pill, in order to meet the demand of such a high realm as he was now. The demand would be even higher in the future.

omi sighed.

It seemed that Immortal Machine Vomiting couldn’t be forever like it was at the beginning, and there would be a day when it would become less and less effective.

omi stretched his back, late Upper Immortal or not, at least it was too much improved compared to the Earth Immortal he was when he first entered the Immortal Academy.

“Let’s go, it’s time to practice the Sun and Moon Divine Sword, this time, I’m going to go to the 100th floor with a bang.” omi smiled heedlessly.
