Soon, omi arrived at the Xiantian Department.

“Old brother.”

“Older brother Tang, how come it’s you.”

“Old brother, help me, I need to save someone, I don’t have enough Immortal Crystals and Immortal Grass on me, I’m afraid I don’t have the appropriate materials, so.”

“Don’t say anything, hurry up, hurry up.”

omi put Ole down and started rescuing.

For three days in a row, omi refined dozens of Immortal Pills.

Finally, after three days, omi stabilized Ou Le’s condition, and although Ou Le didn’t wake up, he finally picked up a life.

“Phew, it’s finally done.” omi let out a deep breath, and only then did Teacher Gutta praise, “Ah, Old Brother Tang, I really admire you.”

“Ew, why admire me.”

“This person, was really about to die, but you actually managed to save him, if it was me, I would never have been able to do it, and the immortal crystals and immortal grasses you spent to save him weren’t very expensive.” First URL [m.kanshu8.net](http://m.kanshu8.net)

“Alright, my brother is overpraised, he’s stable now, let him sleep here, I don’t know when he’ll wake up, but he will, maybe a year or two, maybe ten or eight years.”

“Okay, don’t worry, I’ll keep an eye on him.”

“Well, we’ll be off then.”

“Take care, old brother.”

omi left Ole behind and then flew away himself.

As soon as omi left, a man came, it was Nong Yao.

Nong Yao dressed up as a Xian Dan Master and quietly came to Teacher Gutta’s house.

Because Nong Yao’s strength was not weak, Teacher Gutta didn’t notice that someone had sneaked in.

Nong Yao found Ole and immediately went up.

"Ah." Nong Yao checked Ole's body and was shocked.

"No way, three days ago, this Ole all looked like he was going to die, his body also suffered huge injuries and many of his organs were destroyed, but now, the flesh is already intact, just in a coma. Gosh, this Gutta-sensei, it's not too powerful." Nong Yao thought that all this was rescued by Gutta.

Nong Yao's gaze chilled as he looked at the unconscious Ole and said, "Brother Ole, I'm sorry, only if you die can you find some trouble for omi."

After saying that, Nong Yao's hand rose up, wanting to slap him to death.

However, Nong Yao thought on second thought that a slap to fear death was too easy to be seen.

So, in order to avoid being seen as someone else's tampering, he could only quietly use his secret hand and input a sustained force into Ole's brain in an attempt to make his brain necrotic so that no one else could see it.

But just at this time, footsteps came from outside.

Nong Yao was busy jumping out of the window.

omi walked in from the doorway.

Originally, omi had already left, but, omi suddenly felt that it was already late, so if he just left and didn't stay for the night, it would be too much to look down on the Gutta.

So, omi simply returned and stayed for the night, when omi returned, he didn't see Gutta, however, he heard a noise in this room where Ole was sleeping, and thought that Gutta was taking care of Ole in this room. As soon as omi entered, he said, "Older brother, there is no need for him."

However, there was no Gutta to be found upon entering the door.

"Hm?" omi's eyebrows furrowed, Gutta wasn't here, but who was the person who had just made a noise here?

At that moment, omi said in shock, "Husband, look, Ole's face is not right."

omi took a look and it was true.

omi immediately checked and found that Ole's brain was extremely severely traumatized and was in critical condition.

"Not good, quickly resuscitate."

"Husband, we've just left and someone is tampering with us, who is it?"

"Who else could it be, definitely Nong Yao."

>

"How do you know."

"My Immortal Thoughts have swept it away, he's escaping thousands of meters away."

omi didn't rush to catch Nong Yao, but rescued him first, fortunately, it was still too late to rescue him, omi only took a few minutes to rescue him.

Tang Huan said, "This Nong Yao, really looking for death, if we don't kill him, God will not tolerate it."

omi said, "Chase."

omi immediately chased after him.

In less than ten minutes, omi saw Nong Yao's shadow in front of him.

"Nong Yao, stop running, I can already see you."

"Ah."The fleeing Nong Yao in front was completely stupid, what a steal, omi's speed was too fast.

In another less than ten seconds, omi rushed to the front of Nong Yao.

"Give me a stop."omi stopped Nong Yao.

"You."Nong Yao's body trembled as he looked at omi.

omi raged, "Nong Yao, how dare you, I had a hard time rescuing him, but you came to kill him, you want Ole to die and frame it on my head, right."

"omi, I don't know what you're talking about."

"Hmph, do you think your sophistry is useful?"

At that moment, Tang Huan caught up.

"Husband, what to do with him?"

"Such people, die."Don omi said

Nong Yao yelled, "You dare to kill someone in the Immortal Academy."

omi said, "You think this can scare me?I, Tang, will never tolerate you."

Nong Yao looked at Tang Huan in panic and said, "Tang Huan, he's crazy, you have to stop him.He's lost his mind, have you lost it too, there's a price to pay for killing someone in the Immortal Academy, do you want him to be so life-threatening because of me?"

Tang Huan snorted, "Nong Yao, do you think you can intimidate me?How about this, let me tell you something, do you know the Dean of the Immortal Academy?"

"Hmph, the President of the Immortal Academy, that's a mysterious person, not many people in the entire Immortal Academy have ever seen him."

"That's right, but unfortunately, the President of the Immortal Academy is my grandfather."

"What?Your grandfather?"

"Right, so, Nong Yao, you will surely die. Sage-gong, please tie him up and go to my grandfather, I want to report to my grandfather, my grandfather hates this kind of villain, he will definitely execute him."

"Good."

Nong Yao's face went white, but he didn't seem very convinced.

"Don't lie to me, do you think that I'm that gullible, if you dare to kill me, you will definitely pay the same price."

"You're still talking tough even when you're dying."

Not long after, omi grabbed Nong Yao and came to a mysterious place.

"Is this your grandfather's home?"

"Yes, my grandfather set up a restriction, so even if ordinary people come here, they can't see this place, let alone enter."

"But, can I get in?" omi asked.

Tang Huan said, "My grandfather doesn't know about your existence yet."

"Why don't I take your classmate's identity first."

"Fine."

omi grabbed that and entered that mysterious place with Tang Huan.

Unfortunately, the dean wasn't there, the dean's subordinate was, Tang Huan reported Nong Yao's matter, and the dean's subordinate certainly believed Tang Huan. So, immediately ordered, "Nong Yao, execute him."

"Don't." Nong Yao hissed.

"Snap." In the next second, he was shot to death.

Although Nong Yao's family background was okay, it was almost negligible in front of someone of the dean's level.

omi didn't expect it to be so cool.
