"Dad, I won't allow you to mess around."

"Hmph, then you shouldn't have messed up back then, this time, I won't let you be capricious." After saying that, the dean walked away.

Ding Lan wanted to chase after him, but this was the dean's territory ah, Ding Lan was blocked by an invisible layer, unable to take half a step away from this courtyard.

"Father, you can't." Ding Lan cried out and hissed.

Omi waited for ten minutes before that dean returned.

The dean smiled, "I'm sorry to have kept you waiting."

"You're welcome."

"Omi, come on, drink, drink well with me today, it's rare that you have made such a big determination."

"Erm, what kind of determination did the dean make?"

"Oh, drink up."

"Oh." Remember the URL .kanshu8.net

And so he drank and drank and drank until the back, Omi himself forgot about business, but of course, the dean didn't take the initiative to mention it.

By the end of the banquet, it was already evening.

The dean said, "It's been a long time since I drank so much, Omi, you can go back first today."

"Oh, that?" Omi still remembered marrying Tang Huan and hadn't even mentioned it since, but now that he was leaving, something had to come of it.

"Don't worry, I'll make sure that you're satisfied and will never treat you badly." Dean said.

Omi even smiled and said, "Dean is polite, I'm relieved then."

Omi said in his heart, he had already made it clear that he liked Tang Huan, so the dean should know his feelings.

After that, Omi left the dean's house.

Omi returned to Tang Huan's dormitory.

"How was it?"

"Fine, your grandfather thinks very highly of me."

"I don't think you said he was my grandfather there. Grandfather is just something I said privately with my mother and a few people in the know, my grandfather doesn't like to be called that."

"That didn't happen, I said Tang Huan he didn't even seem to know, he only knew it was you when I said Ding Huan."

"Well, did you mention me, then?"

"Of course I have, it's just, what's a little depressing is that your grandfather likes me so much that he wants to woo me, woo me even, and he just started saying that he wants to marry his daughter to me."

"Ah, marry my mother to you?" Tang Huan was startled.

"Yeah, but I declined in time, and I said on the spot that I liked you."

"And then what happened? Did he say anything?"

"I didn't mention it after that, I don't know what the dean had in mind, I don't think he's going to set his daughter up with me again. That really scared me, I always thought of your mother as an elder."

"Actually, my mother is only a thousand years old, and if it wasn't for giving birth to my previous life, she would still be a young girl. You're such a genius, my grandfather can definitely tell that it's good that he wants to betroth my mother to you." Tang Huan pursed her lips and said, feeling a bit hard to say.

"Huanhuan, what the hell are you talking about."

"It was already great, my mother is now unloved and unloved, and in heaven she's being talked about like what a sleazy person she is. Numerous gossips have made it difficult for my mother to find true love at all, if I could marry you, I believe you could give her happiness, I should be happy ah."

Omi said depressedly, "Don't I care in your heart about the people in your mother's past? Look at my Tang's women, which one of them?"

"It's not ice-clear."

"You, how dare you say that about my mother."

"Just telling the truth."

"Yes, my mother was indeed deceived and no longer pure, but that doesn't mean she's a bad woman, my mother is one of the ten most talented and beautiful women in the heavenly realm, how can you dislike her, if it wasn't for my mother's taint, my grandfather wouldn't have been promised to you at all, and you don't deserve my mother."

"Alright, alright, I really don't want to quarrel with you, I didn't dislike your mother either, I just treat your mother as an elder, how can I say that I dislike her."

"Then why did you just say that about my mother."

"I don't want to explain, it was caused by you messing around, okay, I'm leaving first." Omi directly left Tang Huan's dormitory, once Tang Huan heard that her grandfather was going to betroth her mother to Omi, he was obviously irritated and started talking nonsense, it was better to separate now.

Omi was walking down the quiet path of the spell department, his mood a bit messed up.

"Omi, it's you." Suddenly, a person popped up.

Omi snorted, "Hua Mingxin, you've been following me for quite a while, what do you want?"

"Ah, me." Hua Mingxin was depressed, yes, she had already seen Omi, but instead of making a sound, she followed Omi until this quiet and empty place was real, and then she showed up and pretended to have a chance encounter.

"Say, why are you following me?"

Only then did Hua Mingxin say, "Omi, I, I want to talk to you alone."

"What do you want to talk to me about? If you're confessing to me, it's not necessary."

"Ah, me, me."

"Me what me, say it or not."

"Don Omi, you're right, I, I might really like you."

"Oh, another one who likes me, I really don't know, what's so great about me, why should all the beautiful women in the world like me, why, why is that, why?" Omi shouted three times in a row.

Even Hua Mingxin on one side of the room was embarrassed to hear this. All the beautiful women in the world had to like him, wasn't that a bit what, but Hua Mingxin couldn't deny that she did like Omi. Originally Hua Mingxin didn't dare, after all it was her best friend Yun Duo who liked him, but ever since Omi dueled with Long Tuqiu and put on a show, Hua Mingxin couldn't forget Omi's figure. Today, Hua Mingxin involuntarily came outside Tang Huan's dormitory, just to see if she could see Omi, even for a glance. What she didn't expect was to actually see Omi, and it looked like Omi had a little quarrel with Tang Huan. Hua Mingxin just followed Omi all the way, and when there was no one there, Hua Mingxin didn't want to follow anymore and just wanted to show up and go out to talk to Omi and relieve Omi's boredom for him.

Unexpectedly, Omi had already discovered that she was following.

Hua Mingxin said, "I'm sorry, if I've annoyed you, then I'll leave right away."

"Alright, you're not the only beautiful girl who likes me, and you're not the only one, don't leave, stay and talk with me."

"Mhmm." Hua Mingxin nodded her head in succession, looking at this, she probably wouldn't hesitate to let her stay tonight.

"Omi, did you and Tang Huan have a fight?" Hua Mingxin asked with concern, as if internally wondering if they would break up over it, and if they did, wouldn't it be her chance to get a little excited.

"A fight? Which eye of yours saw us fighting."

“But I clearly saw you run out of her dorm in a huff.”

“And you were spying on me around her dorm.”

“I... I wasn't.”
