Chapter 2246

"Yeah, not convinced."

"I'm not convinced either, I f*ck ing thought that ten groups were in the mix, but who knows, there's still one group more in the dark."

Some of the other groups were also unconvinced.

Thinking that Omi was cheating.

The captain snorted, "You all remember, I said before that the battlefield is not a battlefield for one person, but for a group of people, and since it's a group of people, victory or defeat is not dependent on one person's strength. As soon as Omi entered the battlefield, he lured everyone to the same location so that you could meet and fight each other, and then he finally came out to clean up the battlefield, this is not a trick, this is using a scheme."

"Hmph." Everyone remained unconvinced.

The captain said, "Everyone think about it, if this is a real battlefield, then you are already dead, precisely because this is not a real battlefield, you will not be convinced, if you die, let's see if you are convinced. In the battlefield, only if you can kill the other side, you win. Alright, you guys have worked hard, go rest, that, Omi, come to my tent for a moment."

"Yes, Captain."

Omi came to the captain's military tent.

"Captain, what's the matter of coming to me alone?" Omi asked.

"Omi, you are really unexpected, I thought that this exercise would take at least two or three days to finish, but I didn't expect that it would be over in half a day." First URL m.kanshu8.net

"Oh, I didn't expect that they would fall into my trap so easily."

"That means that their awareness is still very low, and you, being very good, know how to use strategy, which is good."

"Thank you Captain, so what else is there?"

"Did I call you here just to have a few words with me, you boy."

"Oh, so what else?"

The captain said, "I'm taking you to meet someone."

"Who is it?"

"Go and find out."

The captain brought Omi to a canteen in the barracks.

"Brother, you're here, sit down." A pretty girl busily came out.

"Little sister, didn't you want to see a genius in my team, I brought him here."

"Ah, is that him?" The captain's sister, suddenly looked at Omi, at first glance, only felt that this guy was so handsome, at second glance, still so handsome, at third glance, still so handsome, that handsome face, broad and strong chest, suddenly made people feel like they wanted to get into it.

Captain Mingcheng's eyebrows furrowed, his sister, but she was looking at Omi dazed.

"Hey, hey, hey." Captain Mingcheng fed three times in a row.

"Ah, brother." The sister reacted with a sudden blush, at this moment, she was so shy, it was too humiliating to look at a man dazed.

Captain Mingcheng said in his heart, "Is it a mistake for me to bring Omi to meet my sister? Omi but a married man, my sister a yellow flower girl, in case, alas, really did not think so much ah."

The captain said, "Little sister, what's wrong with you."

"I, I'm fine ah."

"Alright, we're going back first, Omi, we're leaving." Captain Ming Cheng was about to take Omi away immediately.

Omi said, "Captain, I haven't even said a word."

"That's right, brother, let us talk."

The captain said to Omi, "Omi, you want me to be honest, he's my sister, don't think anything wrong."

"Captain, you're thinking too much."

"Alright, I'm leaving first, I have something else to do." Captain Mingcheng gave a warning glare to Omi and walked away.

p; Omi chuckled, looked at the girl and said, "Your brother is really interesting, bringing me to meet you, but he's afraid I'll chase you, it's really strange."

"It's me who wants to meet you, hello, my name is Ming Yue."

"Hello, my name is Omi."

"My brother said that you're a very talented person, and that you can enter deep space."

"Depth space? Oh, yeah." Don understood what she was referring to as deep space.

"Let me buy you dinner," Akatsuki said.

"Yeah, this is your cafeteria, right."

"Yes, this is our 25th Legion's canteen, I'm a Sky Soldier of the 25th Legion's 9th Squadron."

"Awesome, I guess you must be a commanding officer then."

"Hehe, yes, I heard my brother say that you're also a commander, actually you're the awesome one, you're only a Celestial Immortal and you can be a commander, while I, when I was still a Celestial Immortal, was just a small soldier."

"Where? Where? Find a place to sit down, don't stand around."

"Please."

Omi entered the cafeteria and found a place to sit down, Ming Yue gave the cafeteria chef a word and the chef immediately went to cook.

Usually the cafeteria didn't have a lot of people eating, after all, immortals could go a long time without having to eat, and even if they did, most of them were enjoying the food rather than trying to fill their stomachs.

"Omi, I casually asked the chef to prepare a few small dishes, don't mind ah."

"It's fine, it doesn't matter, it's my honor to be able to share food with a beautiful woman like you, even if it's just eating mud, I still feel good."

"Oh, you're so funny." Ming Yue said with a blush.

Omi said, "Miss Mingyue is so beautiful, she must be one of the top ten genius beauties in the Heaven Realm."

"Uh, you know that too."

"I guessed, I was right wasn't I."

"Oh, that's all just those boring people talking nonsense lah, what top ten beauties ah." Mingyue was embarrassed to say, but inside she was praised by Omi for being beautiful and was comfortable to listen to.

"Right, Omi, how come I haven't heard of you before, what part of the heavenly realm do you live in ah?" Ming Yue asked.

Omi said, "Truth be told, I live in Ding's Immortal Mansion."

"Er, but your surname is Tang."

"Oh, I'm Ding Lan's husband, I don't know if you know Ding Lan?"

"Ah, Ding Lan, of course I know her. She's also one of the ten most beautiful women in the Heavenly Realm, and you, are you really Ding Lan's husband?"

"Yes." Don didn't hold back.

"Oh." Ming Yue's face, obviously flashed a trace of loss, randomly, a bitter smile, she just held the purpose of getting to know Omi, what was she thinking about, besides, she Ming Yue also already had a marriage contract, even if Omi was not Ding Lan's husband, and she could at most become friends, not lovers.

Soon, the cafeteria was served.

After that, the topic didn't seem so smooth, Omi sighed, it must have something to do with him having a wife.

After finishing the food, Omi busily got up and smiled, "Thank you, Miss Mingyue, I'll go back first then."

"Won't you sit down again?"

"No, I have to go back and prepare, but next month, I heard that we'll be sending troops to attack the Old Demon of Heaven."

"Well, our 25th Legion is also going to fight in the war."

"If it's fate to see you again, farewell."

"Farewell."

Ming Yue looked at Omi's back and finally, sighed, "In this life, the first time I see such a handsome man, I really want to have him, it's a pity."
