Chapter 2281

"Brother Tang, Princess Nianxie asked me to assist you, if there is anything you want me to help you with, just tell me."

Omi said, "I want Shen Pill's head on the ground."

"No problem, don't say one Shen Pill, even if we add his father, we can land heads together."

"Really?" Omi asked in surprise.

"That's natural, as long as that Shen Pill did destroy the Heavenly Emotion System without permission, then it's a violation of Heaven's rules, it's not a problem to have his entire family's heads on the ground."

"It's not necessary for the whole family's head to fall to the ground, after all, I'm not that ruthless, I just need Shen Pill, his father, and that what's more, Lord Oil, the three of them to behead him."

"Good, I hear you, so let's go find the evidence now, it has to be there."

"But the evidence has been removed."

"Don't worry, as long as they've actually done it, there's no fear of finding evidence."

Omi and Palace Master Si, immediately arrived at the Heavenly Emotions Divine Palace.

When they arrived at the gate, they did not see Shen Medicine. One second to remember to read the book

Omi said angrily, "Last time Shen Yao was still here watching the gate, it's only been a few days and he's no longer watching the gate, he must have been transferred back."

Palace Master Si asked a gate watcher, "Why isn't Shen Medicine here watching the gate anymore?"

The gate watcher said, "Originally he was punished by Lord Oil for making a mistake and was punished to come out to look at the gate, but after only a few days, Shen Yao was reassigned back, I heard that Shen Yao's father is very close to Lord Oil, so punishing him to come out to look at the gate is just a meaningful thing."

Omi snorted, "It's so damn dark, but unfortunately, he kicked the iron plate this time, Shen Yao, and his father, and that Lord Oil, you're finished."

Omi and Si Gongye wanted to go in.

"Stop, not everyone can enter the Heavenly Emotions Divine Palace." That gatekeeper said.

Palace Lord Si said, "Are you seriously going to stop me?"

“Sorry, no outsiders are allowed to enter.”

At this moment, a man came out from inside, and that man laughed, “Palace Master Si, you’re here.”

A man about the same size as Palace Master Si walked out.

Palace Master Si was also busy greeting, “Palace Master Bai, I’ve come to investigate a case of destroying the Heavenly Emotion System on the orders of Princess Nianxie, and I hope that Palace Master Bai will facilitate it.”

That Palace Master Bai was the Palace Master of the Heavenly Emotions Divine Palace, and his status was as good as that of Palace Master Si. Of course, it was not much higher than that Lord Oil, who was, at best, a minor director level.

“Haha, Palace Master Si is polite, to be honest, I’ve already gotten the information.”

“Erm, you already know about it? That’s easy to do.”

“To tell you the truth, early this morning, Princess Nianzhi sent someone to inform me, so I’ve been waiting for you for quite some time.” That White Palace Master looked towards Omi and smiled, “This must be Omi, Brother Tang.”

“Senior Omi, greeting the White Palace Master.”

“You’re welcome, brother Tang, if you need me to do anything, just say so.” The White Palace Master smiled.

Omi knew that at the moment, they were being so polite to him all because of the princess, if it wasn’t for the princess, how would these people take a second look at Omi.

Now, Omi was also not polite and said; “Some time ago, someone modified my emotional line without permission, but when they found out, not only was it fine, but they were also very arrogant, this person, is Shen Medicine.”

nbsp; “Good, first go to my office hall, I will immediately order someone to call Shen Medicine here.”

After waiting in the White Palace Master’s office palace for a while, Shen Medicine was called in, and at the same time, along with that Lord Oil came.

They didn’t know what had happened, and when they came, their faces were quite happy, and they thought, it was the White Palace Master who had ordered them to do something.

However, when they arrived at the White Palace Master’s office hall and saw Omi, Shen Medicine’s face changed.

“Tang, Omi, you, why are you here.” Shen Pill’s body trembled.

That Oil Lord also had a straight frown on his brow.

The White Palace Lord slapped the table and said angrily, “Oil Liang, you can know the crime.”

That Oil Lord was busy saying, “Palace Master, what crime have I committed?”

"Hmph, Oil Liang, you don't even know how to repent, you disappoint me. And you, Shen Pill, you dared to modify the Heavenly Emotion System without permission, when the Immortal Emperor had already issued a decree that anyone who dared to destroy the Heavenly Emotion System, the entire family would be killed."

Shen Pill was busy cunningly defending, "Palace Master, I didn't, I just came here for an external internship in a regular manner, someone must have framed me, oh, I know, it must be Omi." Shen Pill pointed at Omi and yelled.

Omi snorted, "Shen Medicine, you know very well whether you've done it or not. Do you think we are here to judge you? You're wrong, we're here to arrest you directly, whether you're cunning or not, the result will be the same."

"Omi, don't bully others too much."

"Mum, you are bullying others too much, and you are still talking about me, a few days ago, who told me that your father is Shen Gang, hmm, today, Shen Gang also has to kill his head."

Shen Medicine looked towards the White Palace Master and shouted, "White Palace Master, don't be deceived by him, I really didn't, he framed me, if I really did it, please ask him to show me the evidence."

The White Palace Master said, "Shen Medicine, what's the use of your cunning, if Omi says there is, then there is, understand? It doesn't matter anymore if you really have one or not, besides, you do."

"You guys, you're disregarding people's lives, I'm going to denounce you to the Immortal Emperor."

The White Palace Lord looked at Lord Oil and said, "Oil Liang, what else can you say now, if you confess in time, I will apply upwards to give you a light sentence, otherwise, you will only die a miserable death, as well as implicate your whole family."

"Me."

"Oil Liang, you've followed me for so long, don't say that I didn't help you, you're the one who didn't cherish the opportunity."

That oil lord gave up on the dark and said, "Bai Palace Master, you have to decide for me ah, this matter, it really has nothing to do with me, I have no grievance with Omi, and I am an administrator, how could I know the law, it was Shen Medicine he? s, who implicated me."

"Tell it like it is."

Next to Shen Yao shouted, "Uncle Oil, you and my father, you are eight bosom friends, you mustn't talk nonsense ah."

Shen Yao thought that as long as Lord Oil didn't say anything, no more evidence could be found, but Lord Oil didn't dare to gamble with his own life.

So, that Lord Oil, he gave an account in full.

After giving an account, Shen Yao sat on the ground with his buttocks, his face was white.

"Shen Pill, what sophistry are you making now, do you still admit it or not."

“Palace Master spare my life, I was momentarily confused.” Shen Dao stopped being cunning and started begging for mercy.

However, Palace Master Bai ignored Shen Pill and said to Omi and Palace Master Si, “Brother Tang, Palace Master Si, now that the case has been investigated, originally Oil Liang was also involved, but he made up for his mistake and confessed, and, his fault is also my fault, can you, for my sake, let Oil Liang off lightly?”
