

Chapter 999

Zi Yue was stunned, hadn't Zhang San just kicked it? Ah, what a coincidence, smashing the roof of someone's dormitory.

"Who is it? Come out, or I'll investigate who did it, and don't blame me for being rude." The man shouted in the sky.

Omi looked up and said, "It's me."

"It's you, how dare you admit it." The person in the sky immediately rushed down, furious.

Zi Yue was busy saying, "I'm sorry, classmate, my brother didn't mean it."

That classmate said, "Don't say anything, pay up, 10,000 gold."

Omi snorted, "I'll give you a lump of dung to take or not, how about I smash it as I like, how about I even want to hit you."

Ziyue pulled Omi, "Zhang San, don't say anything, it was originally you who was wrong."

Omi laughed, "I'm not right, so what if I'm not right."

"How dare you be so arrogant, do you know that my brother is the tenth strongest in the genius list?" That student on the other side yelled.

“Hahaha, genius list, trash, let your brother out, I promise not to beat him up.” A second to remember to read the book

“You you you, how dare you disrespect my brother.”

“Hahahaha, boy, go back and eat your mother’s milk.”

“Well, you wait, you smashed the roof of my dormitory, not only did you not compensate, but you also spoke arrogantly and disrespected my brother, you wait, if I don’t let my brother to teach you a lesson, I’ll follow your surname. You have the guts to report to me and don’t run away.”

“Hmph, your brother’s grandfather, Zhang San, is me.”

“You you, you still dare to call yourself my brother’s grandfather, you’re too defiant.”

“Why don’t you roll back and call your grandson’s brother, and wait to be beaten up.” Omi glared.

“Phew.” That angry man was on the verge of losing his temper and immediately flew away.

Ziyue said, “Zhang San, you’re going too far, it’s already your fault.”

Omi said, “It’s me who’s wrong.”

“If you know it’s your fault, why are you still like this, why don’t you just apologize to him and make amends.”

“Why should I apologize, why should I compensate, I was wrong, but so what, I can do whatever I want, I like it, I’m happy.”

“You, unbelievable, then you just wait to be brutally beaten by his brother, I can tell you that his brother is the tenth ranked Nie Jing of the genius list, the first level of the middle Unity Realm.”

“Hahaha, hahaha, I’m so scared, I’m really scared, let’s go go go, let’s hurry up and hide in an empty corner and never come out for eternity.”

“You.” Zi Yue stomped her foot in anger, where Omi’s tone was afraid, respectively arrogant and even full of sarcasm.

“I’m ignoring you.” Zi Yue exhaled and flew away.

Omi’s mouth turned up and also flew away.

About ten minutes later, two boys flew in, and one of them was the C grade boy who had just had his roof smashed.

“Brother, it’s right here.”

“Where’s the other guy?”

“He was just here, why is he gone now, brother, he must have seen me really looking for you and ran away.”

Another boy, about eighteen, asked, “Brother, does he know the name of the boy who was just there?”

“I, I don’t know.”

“

And did you see anyone with him?”

“I was just too angry, I didn’t even pay attention to the people around him, like there was a woman standing not far behind him, but I didn’t look.”

“Hmph, this bastard, bullying my brother’s head, don’t worry, I’ll immediately go to the school picket line, I’ll find him out, and then, see how I’m going to govern this kind of person.”

“Well, brother, just now that man even called you his grandson, he didn’t respect you at all.”

“He just dared to scold just behind his back, when he saw me in person, he dared to try to scold one.”

Classes were held again in the afternoon, but they were martial arts classes, and everyone went to the martial field in the back of the mountain for classes.

Omi wasn’t interested in taking it at all, farting with a bunch of kids.

Omi was lying under a tree next to the martial field with a dog’s tail grass in his mouth, his eyes half-closed.

Many people couldn’t understand Omi anymore, anyway, as he said himself, he was here to fool around.

The martial arts teachers in their classes didn't care about Omi anymore, feeling that caring about a student like Omi lowered their own status.

Zi Yue looked at Omi next to the martial field from time to time, she was so depressed inside, she really wanted Omi to be a peaceful student and not a student that everyone didn't welcome.

At this time, the students of the various martial grounds were all discussing one thing.

"Did you guys hear about it ah, at noon, I don't know who, smashed the roof of Nie Jing's brother's dormitory, and, after smashing it, he was very arrogant, and even said in front of Nie Jing's brother that Nie Jing was his grandson."

"Wow shit, no way, who is it? That's too much of that."

"I don't know, then Nie Jing's brother went to look for his brother, and when Nie Jing arrived, that person ran away."

"Definitely ran ah, if he didn't, he would have been beaten by Nie Jing, after all, he is the tenth person on the genius list, only eighteen years old, a great genius who has reached the middle stage of the Unity Realm, a person of this level, even the teachers of our academy have to be careful, because a person of this level will definitely surpass countless teachers in the future, which teacher would dare to offend. Unexpectedly, being scolded for being a grandson must have been very infuriating."

"Yeah, then Nie Jing reported the case to the academy, and the academy really took it seriously, sending out pickets to make sure to find the student who assaulted Nie Jing."

"Tsk, I don't know what will happen if we find them."

"Nonsense, I heard that Nie Jing is waiting at the picket line right now."

Throughout the martial field, many students would talk about it every break.

Zi Yue walked over to Omi and sat down, wiping the beads of sweat from her forehead, having just practiced against the other students and sweating profusely.

Ziyue said, "Zhang San, you have heard all of the students' discussions, now you know how serious the matter is. I hope that the picket squad of the academy will not investigate it, otherwise, alas, I don't even know what to do."

Omi said, "Yes, I hope the pickets don't investigate it out."

Zi Yue saw that Omi was also afraid of being investigated out, and was busy saying, "Do you know how afraid you are now? If you know why you're afraid why don't you restrain yourself."

Omi snorted, "I'm afraid that when the investigation comes out and Nie Jing comes looking for me, I'll let him eat. Shit, you're thinking too much."

"You you you." Zi Yue was so angry that she couldn't speak, and thought that Omi was afraid.

"Zhang San, I really have nothing to say to you, can't you just be a peaceful student? You're not popular at all like this, otherwise, with your genius, if you're discovered later, you'll definitely be welcomed by all the students and teachers." Zi Yue spoke from the heart.

1000

"Hahaha, popular? I pooh, do I need a welcome here, it's hilarious." Don felt funny, he hated to leave and was afraid he wouldn't be welcome?

“Zhang San, I’m begging you, you weren’t even like this before ah, of course, I didn’t know you very well when you were a groom, after all, you came to my house as a groom for only two months.”

“Alright, Ziyue, don’t mind me, you do your thing and I’ll muddle through my days, alas, these days, it’s so damn boring.”

“Zhang San, there’s no way I’m going to leave you alone.”

“Just because your grandfather said that I’m a member of your family now?It’s not necessary, I might not return to your house.”

“Ah, why?”

“No why, I don’t want to move right now, and when I do, I’ll leave this shitty school.”

“Where are you going, don’t leave.”Zi Yue was in a great hurry.

“Where to go, how do I know where to go, I can’t just wait here to die.”

“How can you wait to die, you always talk strangely.”

“You won’t understand even if I tell you, anyway, I’ll leave this rotten school sooner or later, so you don’t have to put your heart on me too much.” First URL m. kanshu8.net

“I don’t.”Violet Moon pursed her lips, feeling lost inside.

“Don’t tell me you like me.”

“I do.” Zi Yue was stunned, not expecting Omi to give it away so directly, so how could she say it.

“Don’t talk nonsense if you’re not.”

Zi Yue was busy saying, “Zhang San, you’re right, I do like you, can you not leave?”

“Hahaha.”

“What are you laughing at, are you thinking I’m not good enough for you?”

“Miss Ziyue, isn’t it contradictory that I, Zhang San, am such a rude bastard that I’m not even welcome in the Laoshan Academy, so what do you like?”

“Zhang San, then you can change yourself and be a student in peace ah, wouldn’t everything be fine then.”

“Why should I be peaceful, I’m still filled with anger inside, I see everyone here and I’m so upset, I’d like to punch the world, do you understand?”

“I don’t understand, I don’t understand what you’re talking about at all. Zhang San, please, don’t be like this, you’ll make me not even dare to get close to you.”

“That’s better, you don’t have to like me.”

“But, I, I still, I still like it.” Zi Yue blushed and lowered her head.

Omi snorted, "Silly girl."

Omi didn't want to have feelings with people in this world, in case he did, I'm afraid that one day, he would be reluctant to leave this world, before the island master's brother said that Omi would naturally stay when he had family here.

Get lost, Zi Yue.

But Omi was grateful to her inside.

"Zhang San."

"What for."

"Can you change for me, for a change."

"Haha, ridiculous, what are you, why should I change for you. You're just a lady in my heart, don't think too much, I already have a sweetheart."

Zi Yue looked at Omi with tears in her eyes.

"I don't believe it, unless you tell me who she is."

/> "Why should I tell you."

"That means no, I don't believe it."

“Okay, since you want to know, there’s no harm in telling you, which woman in Laoshan Academy is the most genius, and the most beautiful?”

Zi Yue was startled, “You like Lu Yuanqi?”

“Crap.”

“No, no way.”

“Lu Yuanqi is not worse looking than you, and her talent is so strong, I don’t like her do I like you more ah, the talent is so bad, I don’t like it, don’t have any illusions about me in the future.” Omi said, only, Omi was guilty of saying this inside. Lu Yuanqi is nothing, in Omi’s heart an unknown person is just a person, not as good as Zi Yue a head, at least in this world, Omi has the most good feelings for Zi Yue. However, Omi couldn’t have feelings here, he had to always think about returning to the real world, otherwise he might be really no different from the island master’s older brother in this life, marrying and having children here, and then he would be finished. So, Omi guiltily said these words.

Tears dripped out of Zi Yue’s bright eyes and said, “Zhang San, it’s the first time I’ve been so emotional about a boy, although you like Lu Yuan Qi, you’re not good enough for her, so I’ll still always like you.”

“Haha, joke, what’s Lu Yuanqi, I’m not worthy of her, I pooh.”

“Lu Yuanqi is the fifth person on the genius list, you can’t possibly be worthy of her, it’s useless for you to like her, I advise you not to waste your energy, so you don’t end up being sad, there are plenty of people who like her.”

“Hmph, I’ll let you know if I’m not worthy of her, I’ll kiss and blast her in front of you.”

“Hmph.” Zi Yue looked angry and got up to walk away.

Omi looked at Purple Moon’s back, a sigh inside, the beauty is beautiful, but Omi has no intention of picking, this memory stone is just a record of the world of nothingness, history, the real people simply no longer exist, and Omi used to meet women in other memory stones, such as the side phoenix or something, the same, the only difference is, if Omi really generated feelings here, but can spend a lifetime here.

At this moment, in the Laoshan Academy picket, Nie Jing waited in the picket hall, he waited here, is waiting for a result, in the end, who smashed his brother’s roof, and also threatened to be his grandfather, this breath, he can’t endure, his family door also can’t endure.

At that moment, a few pickets from outside came in.

“How’s it going? Have you found the man yet?” Nie Jing was busy asking.

The picket said respectfully, “Fellow student Nie Jing, found it.”

“Great, say, who is it.” Nie Jing bellowed.

The pickets were very respectful of Nie Jing, after all, the tenth person on the genius list had an unlimited future, even teachers didn’t dare to offend, let alone them.

“According to our investigative visit, Ding Year 2, that student who just arrived today, called Zhang San, went in that direction of your brother’s dormitory at noon, and a witness also proved that it was indeed this Zhang San who kicked a rock, but this witness didn’t see if it was that rock that smashed your brother’s roof. In order to be fair, we conducted another in-depth visit, we moved the stone that smashed your brother back to its original place, we found that it was completely consistent with the original marks, therefore, we concluded that the person who smashed your brother’s roof, is undoubtedly Zhang San. Moreover, based on what we learned about Zhang San’s character, we’ve even more decided that it was him.”

“Zhang San?”

“Yes, we investigated and learned that this Zhang San, who had only just enrolled this morning and entered the second class of Ding grade, as soon as he arrived in the classroom, he violently beat Green China and stomped his head on the ground, extremely violent.
