

## Chapter 401

The next morning, Sister Nine called the city early in the morning.

The two men dropped Zhou Fei Fei off at the county before dawn so that she could take a taxi to the city to find Jiuera's people.

When we returned to the village, it was light out and the mayor was coming and turning back at the village gate, looking sad.

"Mr. Ye, I'm so sorry, I hope it doesn't affect our cooperation!"

The mayor looked very worried and spoke with a smile.

"Don't worry, Mayor, what happened yesterday doesn't affect my investment here!"

Smiling at the village chief, Haoden Ye gave him a reassurance.

The two sides negotiated, and Haoden Ye immediately said that he had full authority to entrust the investment to Sister Jiuera.

At noon, the police arrived in the village, causing a bit of tension.

After hearing that Wang Po and Zhou Xiao had disappeared, the village chief was so nervous that he couldn't continue to talk about cooperation in the afternoon.

Idly, Haoden Ye and Sister Jiuera went up the mountain.

As for the two bodies at the bottom of the hill, the two men weren't worried at all.

That place was hard to find in the first place, and even if it was, who would have thought the two of them made it?

Furthermore, once that place is discovered, the Queen Mother is going to be found out.

After playing on the mountain all afternoon, the mayor came again in the evening.

His face was so ugly that Haoden Ye asked the police the purpose of their visit, but the village chief kept his mouth shut.

After finalizing the investment, the mayor held a village-wide mobilization meeting while it was still dark.

The villagers were all very happy to learn about Sister Jiuera's investment.

The way they treated Old Master Zhou was naturally different.

The daughter who had been spurned by the village before was now the village's hope for riches, and Master Zhou was naturally pleased.

But he couldn't pull off a face, and never took the initiative to speak to Sister Jiuer.

Meanwhile, inside a luxury hotel in Dan City.

Maya Shen stared at the contract in front of her, her pretty face reddening.

"Mr. Zhao, didn't you already say that the flaws in the cooperation would be resolved by both of our companies together?"

Across from her, the early thirties, elegant-looking and imposing Zhao Chengfeng smiled heatedly.

"Shen, don't get excited! When we chose your company in the first place, we liked the fact that your staff worked responsibly!"

"I'm not great at my job, but Ken is in charge, but I never thought your company would be so irresponsible!"

He said it lightly, but Maya Shen's chest rose and fell in anger!

The man in front of me, Zhao, is a high-ranking figure in Golden Jade Entertainment, who found Sheng Wen International yesterday, and has named to meet with Maya Shen to discuss cooperation.

The partnership is simple, Shengwen International is responsible for finding a film company to shoot an earthy commercial for Goldfish Entertainment.

Of course, Golden Jade Entertainment has a good reason.

If they were to shoot such a small commercial themselves, they would need to revisit the location, do location scouting for actors, etc., which would be complicated and costly.

They want to support small companies that specialize in this kind of work.

Golden Jade Entertainment is a big company, and its assets are far from what Shengwen International can match.

Maya Shen was happy and very calm at the same time, asking for clarification about the cooperation and immediately saying that the lists handled by Shengwen International were relatively small and might not be able to meet Goldfish Entertainment's requirements.

At that time, Zhao Chengfeng patted his chest and assured that any problem could be solved by looking for their company.

All the problems that Shingleman International suffered, they had already thought of, but the requirements had to be fast.

Maya Shen was so happy that she immediately signed the contract and then had people go about preparing it.

It only took her one day to find a filming company and to prepare the actors' equipment.

However, after everything was ready, Zhao Chengfeng just took a look and immediately told her that everything had to be prepared all over again!

You know that by the end of the day, Maya Shen had already invested the first phase of the funds.

If she replaces them all, she'll lose all her money, right?

That wasn't what pissed her off the most, what pissed her off the most was that Zhao Chengfeng also said that if she wasn't satisfied next time, she'd have to redo it!

Maya Shen had to be patient and re-prepare, after all, this day, the investment is only about 10 million, later can still recover a certain amount of cost.

Just as she was about to continue her preparations, however, she suddenly received several comrades from the company.

They are suddenly going to end their partnership with their own company and the funding will be blocked for a while.

You know, the flow of money these days is huge, and if the money chain breaks, their company is in danger of being wiped out!

After inquiring through various channels, Maya Shen realized that it was Zhao Chengfeng who had made several companies stop doing business with Shengwen International through coercion and enticement.

The goal, of course, is to help Shengwen International focus its full efforts on helping them complete this project.

Maya Shen was furious when she found out and asked Zhao Chengfeng to negotiate.

Seeing his unhurried appearance, Maya Shen's fists slowly clenched.

“Mr. Zhao, Golden Jade Entertainment is a big company, why do you have to make things difficult for a small company like us?When you made the promise yourself, you would help us solve the problem!”

“Oh my, you can’t have such a temper, Mr. Shen!”

Zhao Chengfeng’s eyes flashed with greed as he swept over her high heaving breasts.

“I did promise at first, but Shengwen International should also do its part, we can’t just let us do everything, we’re even more dissatisfied if you have this kind of cooperative attitude!”

I can’t believe he’s pushing 256 at a time like this.

“Mr. Zhao, what exactly do you mean by a!”

No matter how stupid Maya Shen was, she knew that Zhao Chengfeng was deliberately harming her.

“That’s not right, Mr. Shen, our company is only working with you because we think highly of your company, but what you mean is that our Golden Jade Entertainment is trying to harm you!”

Zhao Chengfeng immediately revealed an unhappy look and whirled around with a smile, “Of course, things aren’t unresolvable!”

When Maya Shen saw his mouth, she couldn't help but rush over and slap him.

However, for the sake of the company, she could only be patient at this point.

“Mr. Zhao, we're all business people, so if you have something to say, you should say it clearly!”

Gritting her teeth and swallowing this breath, Maya Shen was calm.

“Oh, don't worry Shen, we've just been working together, we still need to get to know each other!”

Zhao Chengfeng's gaze became unsympathetic, and his eyes drew back again on Maya Shen's delicate body.

“Mr. Zhao, what do you mean!”

Maya Shen's pretty face was red with anger!

“Hehe, why are you so angry Shen, isn't my point clear enough? As long as our company continues to drag on, your company's losses will be very heavy, I don't think Shen doesn't know that!”
