

Chapter: 1007

Shocked!

Horrified!

A trace of complex emotions almost completely drowned Chang Yuan. At this moment, he couldn't help but recall that he had blown up in the past half a month.

He showed off his close relationship with Prince Tian to the people around him time and time again, and took the Yang family's apocalypse completely to himself.

even.

He even dared to yell at Yang Mingpeng, a wealthy chaebol.

The deep fear almost filled Chang Yuan's heart, causing the cold sweat on his forehead to flow.

however!

At this moment, Prince Tian and others were simply too lazy to look at him.

Hoop!

Prince Tian took Prince Qiu and others and walked towards Bai Yi.

now!

Bai Yi's expression is also extremely complicated.

She originally thought that this incident was indeed Chang Yuan's credit, but she never thought that this incident had nothing to do with Chang Yuan.

The benefactor who really let their family escape the catastrophe was someone else. Mobile phone:

“Who is that person? What is his identity and what methods have been used to make Yang Jiafu soft, even at the cost of transferring Galaxy Tower to me for free!”

Bai Yi has a thousand one in his heart. Thousands of questions.

especially!

Lin Fan could not help but appear in her mind.

This guy, everything that he said happened truly.

If he really didn't know the result, how could he guess everything one by one.

“Could it be that it is really Lin Fan? But how did he do it? In the past three years, he has not been to Jiangnan City, and he doesn't know any big guys in Jiangnan City at all!” “This guy...”

Bai When Yi thought of this, she only felt her scalp numb.

If it was Lin Fan, it would be terrible.

Who can imagine that the waste door-to-door son-in-law in everyone's eyes can actually wave his hands and make a Jiangnan first-line chaebol kowtow to apologize, which is simply incredible.

And just when Bai Yi fell into contemplation.

clatter!

Prince Tian and others have already come to her.

Especially, an unbelievable scene appeared for everyone.

Hoop!

Headed by Prince Tian, together with Prince Qiu and others, they did not say anything, and bowed to Bai Yi. Every second generation's face was full of passionate smiles:

“Miss Bai, We meet again! ”

What!

When seeing this scene, the guests in the surrounding boxes were completely frightened.

Prince Tian and others bow?

how can that be.

Everyone seemed to have seen a ghost. Looking at Bai Yi, they didn't understand what Bai Yi had done to make Prince Tian and his group of dudes respectful to such an extent.

Especially Chang Yuan.

He looked at Prince Tian, who was in awe of him, and bowed to Bai Yi, which made him suspect that he had hallucinations.

“No...impossible! Bai Yi actually knows Prince Tian. If so, why didn't she ask Prince Tian for help before?”

Chang Yuan was completely stunned.

And at the moment!

Even Bai Yi was stunned.

She looked at the princelings members in front of her, only to realize that these people were a little familiar:

“You...are you from the Tian family and the enemy?”

Bai Yi remembered.

When she was in Jiangshi, her mother, Shen Yumei, was robbed of her mobile phone and even slapped.

On that day, Lin Fan was furious and interrupted the legs of a group of Jiangnan princelings.

Seems to be these people in front of you?
