

Chapter: 1011

In the parking lot, the evening breeze was slowly blowing.

Tian Hao and others had already left after meeting Lin Fan.

At this moment, Lin Fan was the only one left in the quiet parking lot.

His thin figure, standing in the night, reveals a sense of haziness and mystery, and the whole person seems to be integrated with the night, giving people an indescribable feeling. But at this moment, a sound of high heels stepping on the ground sounded, but a woman wearing a fiery red dress with a big wave walked out of the hotel.

This woman, apparently drank some wine, and her pace was a little shaky.

Especially, her figure is extremely hot.

The front is convex and the back is warped, showing a perfect S-shaped curve.

That pretty face, white, with a touch of wine red, like a flower in bud, which is surprising and exciting.

now.

The woman carried her handbag and staggered to the front of a BMW.

At the moment, she pressed the key and wanted to get in the car.

Just at this moment.

Ok?

From the outside of the woman in red, she saw Lin Fan under the dim light. Her expression was a little stunned: Mobile phone: "The kid watching the car?"

Thinking of this, the woman in red wanted to take her bag from her bag. Within, he took out a few red tickets and walked towards Lin Fan.

"Boy, thank you for watching the car for me. Here is your tip!" The woman in red smiled, making her look more and more stunning.

And heard this.

Lin Fan was stunned and couldn't help turning his head right now.

However, when this woman was in red, after seeing Lin Fan's profile.

boom!

Her delicate body trembled fiercely, and the smile that had just appeared on her pretty face instantly freezes.

"You...you..." The red-clothed woman's beautiful eyes stared at Lin Fan's profile, she seemed to have seen a ghost, and could hardly believe her eyes.

"Yes... is that person? How could it be so similar!" The woman in red was completely stunned.

At this moment, she seemed to have returned to the mysterious man in black that she encountered during the mission in the United States three years ago.

Although only a profiled face, she remembered it for three years.

And now.

She couldn't even think of it. In this parking lot, a little brother watching the car, his face was so imaginative with that man, as if he had walked out of her own memory.

Not only the woman in red was stunned.

Even Lin Fan was slightly startled.

He suddenly discovered that the pretty face of the woman in red was slightly familiar, as if he had seen it somewhere before.

especially.

After Lin Fan saw that the woman in red was wearing a black skull bracelet on the white wrist, his eyes suddenly narrowed.

"So it was her!"

Lin Fan remembered.

Back in the United States, he once rescued a girl on the street, and even left this skull bracelet to that girl when he left.

But I didn't expect that after three years, he would be here and meet this girl again.

especially!

The other party has changed too much.

In that glamour, there is a kind of degenerate beauty, and the once green and astringent has developed into a mature and charming charm.

"First... sir, have you been to the United States? Have we seen it before?"

A strong excitement appeared on the pretty face of the woman in red.

Even under this excitement, the wine red on her pretty face became more and more intense, like a glamorous flower waiting to be bloomed, giving people an unimaginable beauty of temptation.
