

Chapter: 1074

at the same time!

One of the four hidden world giants, the Ye family!

Today's Ye Family is extremely lively. A core high-level member of the Ye Family is almost full of people, and they are all talking about something in full swing.

In the main hall, there were two young men who knelt and stood.

Looking at these two candidates for the future heirs of the Ye Family, the head of the Ye Family Patriarch Ye Wuya could not help showing a thick complex color on the face:

“Ye Tian, you really watched it with your own eyes, your brother Ye Chen Was killed, but indifferent? No accusation, no rebuttal, no resistance?”

Ye Wuya looked at Ye Tian's gaze, filled with deep anger.

Ye Tian is definitely one of the most outstanding direct disciples of their Ye family.

In particular, he has been listed as one of the heirs of the family by following the doctor Zhang all the year round and learning medical skills.

But, who can think of it.

He was so cold-blooded and ruthless, watching his younger brother Ye Chen, being killed, did not resist.

This utterly embarrassed the Ye family.

Heard this.

One after another, they looked at Ye Tian who was kneeling on the ground. The faces of many Ye family members were filled with disappointment, anger and complexity.

“Patriarch, when my younger brother Ye Chen was killed, I... was there!”

Ye Tian's face was pale, and after speaking at this moment, he lowered his head again.

Heard this.

In the entire main hall, the pot exploded in an instant.

Numerous Ye family members were talking and noisy, and their voices were almost full of accusations against Ye Tian.

And see this scene.

Standing in the main hall, Ye Ming couldn't help showing a thick gloating smile at the corner of his mouth:

“Patriarch, elders, have you heard that? Ye Tian is absolutely indifferent, facing the murder of his younger brother, but indifferent, how different from animals?”

“How can this kind of person be worthy of the position of our Ye family heir! I suggest, Deprived of his heir's position and expelled from the Ye family!”

Wow!

Ye Ming's words instantly made the noise around him more violent.

It's just that the momentum is one-sided.

The core and high-level members of the Ye Family all agreed with Ye Ming's statement.

This scene caused Ye Tian, who was kneeling on the ground, to look pale.

He hurriedly said to Patriarch Ye Wuya and the seniors of the Ye Family: “Patriarch, elders! It's not me Ye Tian, vicious and ruthless, but my younger brother Ye Chen has a lot of evil, he actually wants to rape others, even want to kill. Husband of the dead family! His behavior is no different from looking for death!”

“Also, if I don't do this, then the Manchu will be extinct waiting for our Ye family, and the chickens and dogs will not stay!”

What!

Hearing what Ye Tian said, no matter it was Patriarch Ye Wuya or the people around, they couldn't believe their ears.

In their eyes, Ye Tian was crazy.

“Ye Tian, what nonsense are you talking about! We are the four hidden giants, the Ye family, who dares to move our family!” “Yes, only our family kills, who dares to kill us! Are you scared crazy?”

“Ma, this kid is not only wolf-hearted, but also crazy, full of nonsense!”

“...”

At this moment, the surrounding Ye Family seniors looked at Ye Tian as if they were looking at an idiot.

And Ye Ming on the side burst into laughter as if he heard the funniest joke:

“Hahaha... Ye Tian, you mean, that Bai Yi's husband Lin Fan, can we wipe out the Ye Family Manchus without leaving the chickens and dogs?”

“Mom, I really laughed at me! Hahaha...”
