

Chapter: 1077

Dragon Tiger God of War!

Wow!

After hearing this name, all the high-ranking Ye Family around them exploded.

Each face was full of shock and disbelief.

The buzzing noise resounded throughout.

“Oh my God, I heard that there was a big man in our Jiangnan city.

Not only did the Dragon and Tiger Warriors bring 10,000 Dragon and Tiger Legion to pay respects, but even the No. 1 Liu Zhen and the eight chaebols all went to the airport to see you!”

“Yeah, I heard too! It’s just that I can’t figure it out, why did Dragon Tiger and God of War kill Wei Fengqiang?”

“Is it related to that big man?”

At this moment, many Ye family members were talking about it.

And when it comes to that ‘big man’, almost everyone’s face is full of panic and fear.

Especially Patriarch Ye Wuya!

With a solemn expression on his face, he asked Ye Ming, “Ye Ming, where is Lin Fan?”

Lin Fan!

Everyone was startled slightly, and then they all looked at Ye Ming.

That’s right, what the Ye family worry most is that the deaths of Lin Fan and Wei Fengqiang are related.

But Ye Ming’s complexion was extremely pale when he felt everyone’s gazes, and his voice trembled,

“That Lin Fan...was released without guilt!”

Boom!

In a word, all the Ye family members were shocked.

Acquitted?

how can that be.

You know, Lin Fan killed Ye Chen in front of the three police officers, and the murder charge was almost certain.

But now that Wei Fengqiang is dead and Lin Fan is acquitted, there must be some terrible connection.

Thinking of this, almost every Ye family feels chills.

And at this moment.

Da da da!

A rush of footsteps came from outside the door.

Everyone suddenly saw that the butler of the Ye family ran in from outside with a panic expression on his face.

His face was as white as paper, and his cold sweat continued to flow, that kind of appearance, as if he had just seen a ghost.

Ok?

This scene caused Patriarch Ye Wuya’s brows to frown in an instant, and angrily reprimanded:

“Lao Zhang, how decent you are in such a hurry!”

“If we were seen by outsiders, wouldn’t our Ye family be lost? Face!”

Patriarch Ye Wuya’s voice was full of majesty.

However, to everyone’s surprise, the butler, Lao Zhang, turned a deaf ear to the reprimands of the Patriarch, but said in a trembling voice:

“House... Patriarch, the matter is not good! A lot of sergeants came outside!”

What!

Heard this.

Everyone’s eyelids couldn’t help but jump.

just!

Before Ye Wuya asked in detail, the sound of a courtyard door bursting apart came straight from the outside.

Bang!

The gate of the Ye family’s courtyard, as if hit by a train, burst open in an instant.

Hoop!

Groups of heavily armed sergeants rushed in like a torrent of steel.

ten people!

Hundreds of people!

Two hundred people!

...

The number of these sergeants seemed innumerable, and the entire Ye Family Courtyard was almost crowded.

Especially, every sergeant was full of murderous aura, after gathering together, the terrifying coercion overwhelmed the world.

Like a tiger and wolf army, it is trembling.

This is more than that.

When Ye Wuya and others saw the dragon and tiger military emblems on the clothes of these sergeants.

boom!

It was like a burst of thunder, making them all confused.

Because this turned out to be... Dragon and Tiger Legion!

However, the scene that made all the Ye family’s scalp numb has just begun.

Da da da!

The dragon and tiger army entering the courtyard, the team is neatly divided into two rows.

Two figures stepped forward from the crowd.

It is... the God of Dragon and Tiger.

The majesty was overwhelming, and his eyes were cold, especially Long Shuai and Hu Shuai looked at Ye Family’s eyes, as if they were looking at a group of dead people.
