

Chapter: 1097

Snapped!

This slap in the ear was extremely loud, clear and sweet.

It's just that everyone is dumbfounded.

At this moment, everyone saw that a bright red palm print appeared on

Xiao Xianrou Zheng Hao's face.

He was completely stunned, and he obviously didn't expect Lin Fan to

make a move without saying a word.

"You...you hit me?"

Zheng Hao looked at Lin Fan with a face full of disbelief.

Having been famous in the entertainment industry for so many years,

he has long developed an arrogant and domineering style. Only he

scolds others, others can't scold him, only he beats others, and others

can't beat him.

Even any partner asks grandpa to tell grandma before he will come

forward.

But now, Zheng Hao couldn't even think of it, and Xin Bai didn't need

him. This Lin Fan even dared to do it on himself.

When the reaction is over.

boom!

Zheng Hao turned a face, and instantly became savage:

"You are looking for death! Little bastard, I want to kill you!" he said.

Zheng Hao jumped forward with his teeth and claws, wanting to fight

Lin Fan.

It's just that something that made him even more unthinkable

happened.

Before he was close to Lin Fan.

Snapped!

There was another loud slap in the face, slapped hard on his face.

"Hit you? So what!"

Pop!

"You shameless things, you are nothing but an actor, nothing more!"

Pop!

"Let my wife do a kiss scene with you, what about your face?"

...At this moment, everyone in the entire shooting hall was shocked.

They saw that Zheng Hao was like a spinning top, slap after slap by Lin

Fan on his face.

His originally handsome face was already swollen into a pig's head right

now.

Even in the nose and mouth, there was blood dripping down.

Until Lin Fan slapped Zheng Hao for the last time, he slapped Zheng

Hao to the ground.

Quiet... The entire shooting hall fell into a deadly silence.

All the photographers around covered their mouths one by one,

immersed in the shock just now, unable to extricate themselves.

Beat the stars!

This is definitely the most shocking thing they have ever seen in their

lives.

Especially, after thinking that once this incident broke out, then Xin

Baishi would definitely become the target of verbal criticism in the

Chinese entertainment circle, and everyone had a numb scalp.

That's it!

Bai Yi's pretty face was even more pale.

This kind of thing, but a scandal, once it is publicized on the Internet,

it is tantamount to a thunderstorm, making Xinbaishi the target of the

entire network.

"Lin Fan, you...you are too impulsive!"

Bai Yi almost burst into tears at this moment.

Before being rejected by the TV station, she was already devastated,

but now Lin Fan beat Zheng Hao, which is equivalent to stabbing a

hornet's nest, Bai Yi can't even imagine what will happen.

At this moment, almost all the employees of New Bai's were ugly.

And at this moment.

Zheng Hao also reacted from the confusion.

Feeling his face like a pig's head, he was completely crazy:

"Lin, you're done! You are doing something to Laozi. I guarantee that

your Xinbai's reputation is discredited, and I will make you the target

of the entire network!"

"Your cooperation and your endorsements will all be cancelled. If you

don't kill your Xinbai clan, Lao Tzu won't have the surname Zheng!"

Zheng Hao's voice was full of resentment.

Almost everyone could see that he had completely hated Lin Fan, and

he was absolutely immortal.

just!

"With you?"

What was surprising was that Lin Fan didn't seem to be worried at all.

He glanced at Zheng Hao indifferently, as if looking at another

clamoring reptile.

Then he turned his head and said to the assistant:

"Now you post pictures of me and Bai Yi online! @章依晨!"

What?

@章依晨?

Zhang Yichen is the goddess of the nation, the little queen of Asia.

How could she care about an ordinary person's request for interaction?

Is this a joke?
