

# Chapter: 1187

Immediately!

The dozen or so masters grinned and walked towards Lin Fan.

at the same time!

The four great masters and the dragon and tiger war gods took one step one after another and stood in front of Lin Fan.

It turned out to be planning to resist Nalan's family for Lin Fan!

This scene made everyone present sneer, and their faces were full of contempt.

Insincere the Dragon, Tiger and the God of War and the others over their own power, they tried to block Nalan's house in vain.

Now that the great elder personally leads the team, they want to rescue Lin Fan from the furious great elder, it is simply a dream.

Bai Yi, who was on the side, was completely frightened, and said in horror:

"You ruined the cooperation between the Nalan family and the genius doctor Lin? You...how can you be so bold! Quick, let's go to the Nalan family. Kneel down and apologize, and beg them to forgive us!"

"Don't worry, wife, it's okay!" Lin Fan smiled and patted her hand.

All right?

People have already come to the door, how can they be okay?

Now even the Dragon, Tiger and the God of War can't stop the Nalan family. If they don't kneel down and apologize, there is only a dead end!

Bai Yi was about to cry anxiously, and begged Lin Fan:

"Lin Fan, I beg you, don't fight for a moment! Let's kneel down and apologize, I just want you to live!"

Just!

As soon as the voice fell, the elder sneered:

"Apologize? It's too late! Today, this chopstick must die!"

"Kill!" With an order, all the Grand Masters in the room rushed out with a gallop. The murderous intent came straight to Lin Fan!

But suddenly!

"Who would dare to hurt him two hairs, I want him...not to die!"

This voice, tender and pleasant, but with an extremely cold murderous intent, echoed continuously throughout the banquet hall!

Just this sentence, to the Nalan family, is like a thunder and lightning switch, making them immediately tight and suffocating!

At the moment, all the Nalan families stopped and looked at the door with a horrified look!

It's as if there is a scourge going forward!

This scene is extremely shocking!

Everyone was puzzled, why the Nalan family grandmaster, who was still murderous just a second ago, suddenly froze in fright after hearing the immature sound.

Da Da Da...

A light footstep came from outside.

But at this time, the Nalan family felt as if they had been hit hard, their whole body trembled suddenly, and they stepped back subconsciously.

The panic on the face, add a few more points!

what!

This scene made everyone present completely dumbfounded!

Who is that sacred?

It made the entire Nalan family so horrified!

Not long after, a graceful and smart figure appeared in the court.

And the moment she saw her, everyone was petrified!

So, it turned out to be a little girl and a half?

This... how is this possible!

A little girl actually shocked the entire Nalan family!

The appearance of the other party also made Lin Fan's eyes shrank severely.

Because the girl who appeared in front of me was not someone else, it was Kaoru!

How could this little girl appear here?

The moment Yanzishan saw the other party, he was taken aback, and then he smiled grimly:

"Elder, this bitch is Lin Fan's sister! She is also the one who caused us to offend the genius Doctor Lin, and I suggest that she should be treated as well. Disabled!"

He wants these two bastards to pay a heavy price for offending him!

just!

Snapped!

In the next instant, he was slapped heavily on his face, and his whole person suddenly fell to the ground with blood flowing!

The whole face is completely bloody!

"Great Elder, you!"

Yan Zishan covered her face, looking at the Great Elder with a look of horror, unbelievable that the Great Elder would hit him.

At this time, the big elder's eyes were full of deep fear, and the whole person was like crazy, and his face was grimly roared: "Bastard! You, dare to insult our master?"

Lord... the host?

Yanzishan almost didn't bite off his tongue!

All the people present had their scalp numb and looked at Xun'er with extreme trepidation.

The great elder, such a legendary person, actually called that little girl the master, this...what the hell is going on! Mobile terminal: the audience! In an uproar!

The shock and panic atmosphere seemed to be pushed to the extreme peak at this moment!

Everyone has scalp tingling!

Immediately!

Yanzishan was about to be frightened, and his whole body was like sifting chaff, trembling violently, and asked in extreme horror:

"Who is she?"

The face of the elder is covered with frost:

"She, is my Nalan family, the new Patriarch!" "Nalan Xun'er!"
