

Chapter: 1270

Lin Fan?

Wow!

Upon hearing this, the Shen family suddenly felt shocked, and then looked towards the apron together.

Shen Ling's words were too shocking.

The door-to-door son-in-law who he regarded as rubbish came by a military helicopter?

How is this possible?

Everyone's eyelids jumped wildly, looking in the same direction very nervously.

Especially Bai Yi!

At this moment, she stared at the figure walking down from the helicopter, staring at the figure walking down from the helicopter, wanting to know if he was Lin Fan.

It's a pity that there are crowds of people over there, and they look down on each other's face at all, and can only roughly see a figure.

Hearing this, Cuiping said with a look of disdain:

"Silly girl, you must be mistaken, how can the waste be eligible to ride a military helicopter?"

"Yes, this is the highest-level military helicopter in China. This kind of helicopter must be a figure of the God of War level. Is that a waste match?"

"In my opinion! It must be a God of War, who was also invited to participate in today's exhibition. It is definitely not the little boy!"

Shen The family members all looked contemptuous, and they didn't think that the person who got off the helicopter would be Lin Fan's trash.

"But... it's really similar!"

Shen Ling said weakly, his profile and back at that moment just now were exactly the same as Lin Fan.

At the same time!

Lin Fan got off the helicopter, and impatiently ordered Ye Shihao:

"Let them all go away!" The big guys had been driven away without even seeing Lin Fan.

Then, he asked Lin Fan:

"My wife they come?"

Yeshe Hao nodded and said:

"There is a son of a bitch dare to impersonate you, so I'm stuck in the outside, you see ..."

"a jump Liang Just the clown, don't bother! Let them in!"

Lin Fan said lightly:

"Remember, don't reveal my identity!" After Lin Fan was welcomed into the jewelry exhibition, Ye Shihao walked towards the door again, , Intends to put Wang Mingzhe and others in.

And this time!

Everyone in the Shen family is outside, but they are also as anxious as ants on a hot pot.

"Wang Shao, since the other party has not pursued it anymore, shall we go?"

"Yes, in case they are not looking for you, then we are in bad luck!"

The people of the Shen family were all uneasy, , I want to leave.

just!

Wang Mingzhe snorted and said with extreme arrogance:

"Impossible, they must be looking for me! And when they know they have made a mistake, all of them will kneel down and beg me for forgiveness!"

"Right, right, they If you insult Wang Shao you like that, you must not spare them lightly!"

Cuiping immediately slapped her horse and said with a flattering expression:

"Now we are going to investigate it to the end!"

Just!

At this moment, they saw Ye Shihao come out with a smile on his face, and said flatteringly:

"Everyone, I did make a mistake just now! Please come in quickly!"

Upon hearing this, the Shen family was completely stunned. Living!

Mistaken?

In other words, is it really Wang Mingzhe that Jinding wants to invite?

"Blind your dog's eyes!"

Wang Mingzhe jumped into thunder and yelled at Ye Shihao:

"Now I figure out that I am the person you want to invite? Dog thing! Do you dare to hit me? Apologize to me immediately!"

Ye Shihao Glancing at him obliquely, a touch of hostility suddenly appeared in his eyes, but thinking of Lin Fan's request, he could only swallow:

"I'm sorry!" I apologized!

Everyone in the Shen family was shocked when they saw this.

The Ye Family Patriarch, who was just so vicious, bowed and apologized now?

Wang Mingzhe was right. Ye Shihao and others must have never met Wang Mingzhe, so they misunderstood.

Now that I figured out the ins and outs, I apologized with sincerity and fear.

Seeing Ye Shihao's apology, Wang Mingzhe smiled triumphantly and said condescendingly:

"Fortunately, you are lucky! If I hadn't brought a guest today, you must kneel and kowtow now!"

"Go away! Don't stand in our way!"

Domineering!

When all the Shen family saw Wang Mingzhe's high profile, they only thought he was domineering.

He even dared to reprimand the Patriarch of the Tangtang Ye Family!

This is incredible!
