

Chapter: 1272

Wang Mingzhe actually intends to give Bai Yi jewelry?

The cheapest jewelry here is worth tens of millions!

And Wang Mingzhe actually let Bai Yi pick whatever?

If you spend a lot of money, just smile for the beauty?

This is too embarrassing, right?

Everyone was completely stunned!

I just feel like I'm dreaming!

When Wang Mingzhe and Bai Yi met for the first time, they threw tens of millions to please her? Mobile:

Now!

The jealousy in Shen Ling's eyes became more intense, she would never even think of 10 million pieces of jewelry!

But Wang Mingzhe gave it to Bai Yi without even blinking his brow.

This bitch is not worthy at all!

however!

At this time, Bai Yi shook his head indifferently:

"No, thank you!"

Huh?

Wang Mingzhe was stunned immediately, this woman is not tempted by these tens of millions of jewellery at the moment?

how can that be!

How can women who don't like jewelry?

What's more, the sky-high jewels worth tens of millions!

It's just that he doesn't know!

Bai Yizhi was so indifferent because her husband once gave her a top necklace worth tens of billions!

Even if it has been damaged now, it can still be sold for a sky-high price of 5 billion if it is really going to be auctioned off!

In contrast, a mere 10 million jewellery is simply innocent...

garbage!

At the moment, Wang Mingzhe gritted his teeth abruptly and pointed to a bracelet not far away with a price of 150 million yuan:

"This is pretty, I will give this to you!"

Boom!

Seeing this, the expressions of everyone in the Shen family suddenly became horrified!

In the eyes, there is a strong shock and incredible!

Hallucinations!

This is so special, it must be an illusion!

This is the first time I met, Wang Mingzhe intends to give Bai Yi a necklace worth more than one billion?

Is this money and no place to spend?

Everyone's eyelids jumped wildly, and the look in Wang Mingzhe's eyes was like seeing a ghost.

Shen Ling's jealous face was completely unrecognizable, staring at Bai Yi with extremely resentment and viciousness.

That look, as if wishing to smash Bai Yi's body into pieces!

And this time!

Wang Mingzhe also sneered in his heart, he didn't believe that Bai Yi could be so calm this time.

He also knew that he was reluctant to let the child not be able to catch the wolf. If this was not done, he would not be tempted by the woman in front of him.

however!

What is shocking is that Bai Yi still didn't even want to give one more expression, and said impatiently:

"Wang Shao, I said no! Thank you!"

Boom!

The moment everyone heard this, they were completely dumbfounded!

Can't believe that Bai Yi actually refused.

That's 150 million, but don't even give it for nothing?

moron!

This is an idiot to the extreme!

"Bai Yi, are you crazy? The other Wang Shao gave it to you, how dare you refuse?"

Cuiping's face sank, and she immediately reprimanded:

"A necklace worth more than 100 million yuan. Can anyone ask for it? You even refused. You really have a problem in your mind!"

At the same time!

Has long been jealous of Shen Ling, also took the opportunity quipped:

"I think, ah, Lin Fan cousin is with that waste too long, so that the bones are full gene degrading consciously rejected everywhere deserve so little Wang!"

"In the In her opinion, only her trash husband is the treasure!" As soon as she said this, everyone in the Shen family turned to Bai Yi, cast a smile and contempt.

As if watching a big joke!

Give up a wealthy family and don't want to, but guard a wasteful son-in-law as a treasure!

This woman is hopeless!

Now!

Wang Mingzhe, who has been repeatedly rejected, his face also became unsightly:

"Bai Yi, just this necklace, the rubbish in your family, I am afraid that I can't afford it for the rest of my life?" "I was looking at the rubbish with me. He didn't even have a decent piece of jewelry, so I decided to give you a necklace. Why do you want to reject my kindness?" In his heart, the resentment has reached the extreme!

Bitch, turned down Ben Shao over and over again. In what point is Ben Shao worse than that rubbish?

however!

At this time, Bai Yi finally looked at Wang Mingzhe, but his eyes were full of chill.

In the next instant, she uttered something that made everyone unthinkable: "How do you know he can't afford it?"
