

# Chapter: 1290

Snapped!

A loud slap in the face immediately rang through the entire bank!

Li Xiangru fell to the ground on the spot, a bright red palm print

suddenly appeared on his face, and he was embarrassed on the spot.

She looked at Li Huairen with an unbelievable look: "Patriarch Li,

you... why are you hitting me?"

Let alone her, everyone present was dumbfounded.

Li Huairen, actually beat the benefactor who helped him find the black

card?

What exactly is going on!

however!

At this time, Li Huairen had a splitting eye, looking like he was going

to eat people: "Hit you? I can't wait to kill you!"

This damn bitch!

It made their Li family so miserable, but still want them to appreciate

her Li family?

Today's Li Huairen, can't wait to break his body into pieces!

And hear this!

Li Xiangru was also completely stunned. She really couldn't figure out

why Li Huairen was so hostile to her.

She obviously helped Li Huairen retrieve the black card, and also

caught the thief who stole the card.

It stands to reason that Li Huairen should be grateful to her!

just!

The next scene made everyone present completely crazy!

I saw that, headed by Li Huairen, all the Li family members walked

towards the Baishan couple at this moment.

follow closely!

Puff!

Puff!

All the Li family members knelt down and said in fear:

"Mr. Bai, Mrs. Bai, forgive me!" Fuck

... Fuck ???

At this time, everyone's hearts were like ten thousand horses running

by, this scene completely scared them to pee.

Jiangbei Li's house!

Kneel down!

Pray for forgiveness!

how can that be!

At this moment, everyone was stunned and couldn't believe their eyes.

That is the famous giant in Jiangbei, with a long history and rich

heritage, and it can be called prestigious throughout China.

But now, this behemoth is so humble that the whole family kneels and

begs for mercy?

Even facing the Xiao family, Li Huairen has never been so humble!

But now?

Kneeling and apologizing to the two thieves who stole his black card?

This is simply an illusion!

At this moment, they just think the world is crazy!

Both Shen Jian and his wife, and Li Xiangru, felt that the Three Views

were completely ruined, and their hearts collapsed completely!

Make them doubt life!

Especially Li Xiangru!

The moment she saw Li Huairen and others kneel down, she felt her

heart beating wildly.

There was a sudden ominous premonition in my heart!

When everyone present saw this, they finally reacted.

Is that centurion black card really given by Li Huairen?

In other words, these two people are not thieves, but Li Huairen's

distinguished guests!

And Li Xiangru, actually beat them?

"I...we are not thieves!!!"

Shen Yumei couldn't stand it anymore when he saw Li Huairen appear.

Extremely wronged, howl!

After seeing Shen Yumei's aggrieved appearance, Li Huairen's face was

extremely gloomy.

Then, Li Xiangru stared at him with great anger:

"The black card was given to Mr. Baishan and Mrs. Bai, and you dare

to frame them?"

"Even more, you dare to get people to beat them, you slut. Damn it!"

After that, the hostility was strong!

"Come on! Break the hands and feet of this bitch!!!"

Boom!

Upon hearing this, Li Xiangru trembled fiercely and shook his head in

fear:

"No! Don't hurt me!"

She did not expect that the situation would be reversed in this way.

According to her guess, Li Huairen should be grateful to her. .

Then they smashed the two thieves into pieces!

But now, completely different from what she thought, Li Huairen

wanted her life?

However, just when the Li family was ready to do it!

A hearty laughter followed:

"Patriarch Li, give me a face, how about letting her go?"
