

Chapter: 1297

boom!

The voice falls!

Li Xiangru and Zhang Lei were completely shocked. Can a card kill them?

What kind of card is so good that it can kill people casually?

Those guests were all in horror at this time, and they regretted that they had dared to insult Lin Fan just now. This is nothing short of death!

“Spare! Spare boss!”

Wan Jinrong suddenly cried and knelt down towards Lin Fan, kowtow constantly, looking almost scared to death.

Tears are full of tears, and they are almost crazy!

He originally thought that Zhang Lei could kill Lin Fan with one finger, but now it seems that Lin Fan could kill all of them with one finger!

Confronting the super boss of the Universal Group, it is not China, there is no place for him in every corner of the world!

just!

The corner of Lin Fan’s mouth was a frightening arc:

“It’s too late!” The opportunity has already been given once. It was Wan Jinrong and others who took the initiative to give up such a great opportunity!

boom!

Upon hearing this, Wan Jinrong was immediately paralyzed with fright, his eyes filled with a deep panic.

Seems to have expected what will happen to him, horrified!

But right now!

“Impossible! This is impossible!”

Li Xiangru roared hysterically:

“Zhang Shaoming said clearly, this guy is the trash son-in-law of the Bai family, how could he be a big boss!”

“In my opinion, those cards must be Fake! Or, they stole it!”

She didn’t believe that she would be so unlucky!

Then the person who happened to be insulted by her was the top of their Global Group!

Hear the words!

Everyone changed their expressions, stolen cards? No way?

“Yes! This Lin Fan is not just a waste, but also a thief. He stole a necklace from the King of the Blood Prison before, and he may have stolen these cards!”

Zhang Lei also said with a gloomy expression.

And when he heard this, Wan Jinrong was also taken aback, and then a deep shame appeared on his face.

Obviously, he also felt that it was possible, even when he stared at Lin Fan fiercely:

“Dog bastard, I will check the authenticity of these cards now. If I find out that you are playing me, I promise you will not be allowed. It’s dead!” He said!

He is going to check those cards!

At this time, Shen Yumei and his wife trembled uneasy, because they also felt that Lin Fan was lying.

For the past three years, Lin Fan has been an ordinary person. How could it be related to that Universal Group?

just!

Lin Fan smiled and shook his head, looking at Li Xiangru and Wan Jinrong’s eyes, as if looking at a dead person!

I really don’t shed tears without seeing the coffin...

Boom!

And just now!

The roar of the engine came from the corner of the street.

One after another luxury cars came one after another!

One figure after another, get out of the car quickly!

Someone here again?

Everyone felt that their hearts were throbbing and throbbing wildly. They only felt that they received more frights today than they had in their entire lives combined.

It’s going to be fierce!

“Lin Zaidong, what are you doing?”

Wan Jinrong’s face suddenly sank when he saw the other party, and he shouted directly.

Because the other party is his subordinate and the vice president of this branch!

but!

Lin Zaidong didn’t even look at him. He led all the high-level members of the branches and went straight to Lin Fan!

Then, standing in front of Lin Fan, Qi Qi bowed:

” Lin Zaidong, Vice President of Jiangshi Global Bank Sub-branch, see boss!”
