

# Chapter: 1314

Heard this!

The four masters all looked at her with idiot eyes, and shook their heads mockingly.

You don't even know it when you die, it's a damn ghost who can hardly persuade you!

They wanted to see if they could still be so arrogant after Zhang Family knew Lin Fan's identity.

And Lin Fan sneered at Zhang's attitude, and then said:

"Since Mrs. Zhang doesn't like the gift I gave, then take it all back!" Ye Shihao suddenly snorted:

"There are things with no eyes, why? With this rare treasure?"

"Humiliated Mr. Lin, it's better to feed the dog with this thousand-year-old ginseng!" Zheng Honglian also regained her gift.

"If it weren't for Mr. Lin's face, how could I be willing to give this old Mr. Liu Gongqing's painting to this group of bereaved dogs?" Sima Long smiled and took the painting back.

And everyone in the Zhang family, after seeing them retrieve the treasures, suddenly their eyes were red!

In those eyes, there was a strong greed and desire!

If these things were really stolen by Lin Fan, then forget it.

But the problem is that these things are all prepared by Lin Fan to give them to the Zhang family!

Just now, Zhang Wenxiang has evaluated these treasures.

A painting by Liu Gongqing, a master of landscape painting, is worth 80 million!

Thousand-year ginseng, 91 million!

Tang Qinghua, 78 million!

Queen Mother Hosta, 110 million!

These are all priceless treasures that can be stupid!

I originally thought that the dragon-patterned bronze statue was already the most expensive and rare treasure in the audience, but I didn't expect the other four treasures to be as valuable as the dragon-patterned bronze statue.

Especially Mrs. Zhang!

Seeing that these treasures that should have belonged to her were taken back by Lin Fan, she only felt that her heart was bleeding.

A thick jealousy suddenly appeared on his face!

Immediately, she said in anger into anger : "You don't need to be happy too early. This waste has stolen the things of the Blood Lord. Now the Blood Lord is furious, it will not be long before it will come to Jiang City."

"At that time, more than this. Waste is going to be unlucky, and you nosy fellows can hardly escape being held accountable! "

Boom!

Hearing this, everyone present suddenly woke up like a dream.

correct!

This waste now even if there are four big masters supporting him, but don't forget, there is a more terrifying blood master who has already hated Lin Fan!

How can such a terrifying existence be blocked by the power of these four people alone?

After reacting, everyone in the Zhang family showed ill-intentioned smiles again.

Although there was a little episode in the middle, there is no way to change the ending after all.

They could feel how angry the blood master was after knowing that his things had been stolen, as if they wished to smash Lin Fan's body into pieces.

When he arrives, Lin Fan will undoubtedly die!

"Hahaha, Lin Fan, you idiot! I still want to prevent our Zhang family from entering Jiangnan, wait until you survive!"

Zhang Lei gazed at Lin Fan gloomily:

"Now not only you are going to die, but also behind you. Four idiots, you have to follow the bad luck!"

"When you die, Jiangnan will be in chaos, and at that time, I will take care of Bai Yi for you, and she and I will definitely be dying every night!"

He had long heard that Bai Yi was a rare beauty!

After the four giants in the south of the Yangtze River fell, Bai Yi had no backing. By that time, would he still do whatever he wanted to her?

Thinking that he was about to kill Lin Fan and to play with his wife.

Zhang Lei was shaking all over with excitement.

Heard this!

Lin Fan's face also showed a strong murderous intent:

"Wish to immortal? No, you will want to die!"

Boom!

As soon as Lin Fan's voice fell, a terrifying whistling sound resounded throughout the hotel!
