

Chapter: 1331

There was a dead silence in the audience!

The faces of the high-level people present were filled with a deep astonishment! .(72wx).

Completely confused !

It turns out that all this is because of the waste and discarded young man who was swept out by the Lin family back then...

Lin Fan!

It turned out that the confrontation between the behemoths was due to a waste?

They couldn't believe it!

But this is what Song Yuanzheng, the leading running dog of the Lin family said, so they have to believe it!

Now!

The expressions of Long Jiu and others were extremely gloomy.

Just because of a waste, they plunged Jiangnan and Jiangbei into chaos?

That Lin Fan is simply a broom star!

Damn it!

Seeing the crowd so angry, Song Yuanzheng sneered, knowing that his trickery had succeeded.

Then, he said condescendingly:

"I don't believe that the King of Blood Prison would be so stupid. I really dare to challenge our Lin family for a trash!"

"Furthermore, even if he dares to do so, we have four armies in China.

The seat! And the most mysterious Lin seat is said to be in the south of the Yangtze River. Now our Lin family has used all relationships to contact him, so do we need to be afraid of the bloody prison?"

Boom!

Hearing this, everyone was completely shocked.

A thick look of shock appeared in those eyes, looking at Song Yuanzheng in disbelief.

Lin Zuo!

That is China's youngest and most mysterious army seat!

The prestige in the army is very high, far surpassing the other three military seats, but any team he brings out has become a sharp knife team.

Lin Zuo, but it is enough to rival the heavyweight existence of the Dark Emperor.

And the Lin family was able to contact him?

No one had thought that the Lin family would have such a killer.

No wonder they dared to attack the blood prison, it turned out to be such a thing.

Lin Family and Lin Zuo, together, even if it is the King of Blood Prison, there is no chance of winning!

Thinking of this, their faces were full of ecstasy.

At this time, Song Yuanzheng smiled gloomily: The genius remembered in a second:

"Everyone, you should make a choice . Should you stand on the side of the Lin family or choose to indulge in the blood hell?"

Now!

Everyone said in unison:

"We are willing to assist the Lin family and deal with the blood prison together!"

Seeing everyone express their opinions!

In Song Yuanzheng's eyes, there was a cold murderous intent:

"Lin Fan, you will die tonight!"

...

And this time!

Lin Fan waited at the door of the auction house, but saw only Bai Yan coming back.

Bai Yi is missing!

Suddenly!

His pupils shrank fiercely, and the killing intent could no longer be restrained, and that hand once again pinched Bai Yan's neck:

"Bai Yi, where?" The voice was deep and hoarse!

The roar like a beast, the fury to the extreme!

but!

The confident Bai Yan looked at Lin Fan with contempt:

"Let go of me, dog stuff! Is it possible that you want all three of them to die?"

Lin Fan's eyes were filled with blood, resisting the urge to kill, and said coldly:

"If they have a long and two shortcomings, I will tell you Promise, you will regret living in this world!"

Just!

Bai Yan sneered, and didn't take Lin Fan's threat to heart at all, and sneered:

"That bitch has returned to Jiang City, but he asked me to leave a letter for you this trash. "

Lin Fan immediately grabbed the letter, only the first line of words made his eyes distraught!

"Lin Fan, goodbye!"

"Please forgive me for leaving without saying goodbye! Because I know that this time there will be no miracles! The background of the black hand behind the scenes is far beyond our imagination, and we can't afford to offend all our lives. The existence of! I think even if the King of the Blood Prison takes action, it may not be possible to get a bargain from them."

"Husband, I love you! I really love you very much! I want to grow old with you," I want to give birth to a basket of children for you, I want to watch the sunrise and sunset with you..."

"But! I love you, so I can't drag you down!"

"Please leave China! Please find a better one! Beautiful woman! Please... forget me!"

Lin Fan's hand trembled crazily!

Because he could feel that when Bai Yi wrote these words, his heart must be tingling like a knife.

In order not to disturb him, Bai Yi had to leave him!

The dissatisfaction and pain between the lines were clearly conveyed to Lin Fan, making it difficult for Lin Fan to breathe at this moment.

"No one can take us apart! No one!!!"

Lin Fan roared angrily, and suddenly tore the piece of paper in half, his eyes were already icy, staring at Bai Yan:

"Within ten seconds, tell me Bai Yi's whereabouts..."

"Otherwise...dead!!!"
