what!

The Bai family were completely dumbfounded, they all doubted whether they were hearing hallucinations, and looked at Lin Fan with an unbelievable expression!

This guy, he actually said he wanted to let their Bai family live?

Immediately, each of the Bai family members showed incredible expressions. Both Lin Fan and Lin Fan were about to be shot. How dare they come to their Bai family to speak out?

Is this... crazy?

Even Bai Yi couldn't help being flushed at this time.

I just feel ashamed!

After a long while!

The old man Bai suddenly recovered from the consternation, and a strong anger suddenly appeared in his eyes, and he stared at Lin Fan resentfully:

“Dog things, even if you dare to threaten us? Do you think your wife is a Jiangnan Communist, just Can you do whatever you want? You killed this time, but the third young master of the Lin family, you are dead!”

A dying person, dare to threaten them?

In the past, they are afraid that they will be obedient!

But now, Lin Fan still wants to pretend?

What an idiot!

just!

Lin Fan sneered and shook his head, and said in a cold tone:

“I am not dead, I don't want to talk nonsense with you! Even Bai Yi is innocent, I will let your Bai family go, otherwise... your Bai family's end will be It's ten times more miserable than it is now!”

What!

Lin Fan's words made the old man Bai froze for a moment, and the Bai family beside him were all dumbfounded.

Make the end of the Bai family ten times miserable?

What a joke!

Without Bai Yi you are a trash. Now that Bai Yi has fallen, you still dare to fake it?

At the moment, all the Bai family members showed sneers, as if they had heard a big joke, they burst into laughter!

“Hahaha, does this kid have a problem with his brain? When he died, he still dared to threaten our Bai family?”

“Dare to put on airs? Now in our Bai family's eyes, you are just two cheap dogs! Bai family wants You are born, you can live, and the Bai family wants you to die, you have to die!”

“Dog stuff, my Bai family will not go out to clarify, not only does not clarify, we have to intensify the smearing of your wife, I want to see you A trash can make us like this!”

A sneer of ridicule, one after another!

All the Bai family members had a sneer of contempt on their faces, looking at Lin Fan with a look of idiots.

Even Father Bai sneered disdainfully:

“Lin Fan, stop pretending to be garlic! If you are desperate, you won't come to us, you can see that you have no choice.”

“Let's do it! As long as you are willing to hand over the vaccine patent. The right to use and the new Baishi, then we will open the net and intercede for you!”

And I heard this!

The family in the scene was visibly startled, and then all smiled unkindly. The look in Lin Fan's eyes was full of playfulness.

They all knew that it was impossible for Mr. Bai to help Lin Fan at all.

This was just an opportunity to deceive Bai Yi's property.

When he gets what he wants, he will kick the two of Bai and Yi away without hesitation!

Just, hear this!

A thick sneer appeared at the corner of Lin Fan's mouth, and he said to the old man full of deep meaning:

“You Bai family, you really can't learn to behave!” At this time, Lin Fan had already spoken to the Bai family, completely disappointed!

Opportunity, already wrong!

however!

His warning caused the entire Bai family to sneer, and no one took it to heart!

And the old man Bai saw that Lin Fan was so ignorant of promotion, his face also showed a strong resentment:

“Dog thing, since you don't know how to promote, then don't blame my Bai family for being cruel!” That's it!

A sinister color appeared on the face of the old man Bai, and he stared at Lin Fan maliciously:

“In order to ensure that you two die without a place to be buried, my Bai family has also prepared a big killer!” A big killer?

Heard this!

Bai Yi's face suddenly showed a deep anxiety!

Even Lin Fan couldn't help frowning.

And at this moment, Old Man Bai grinned and roared:

“You can come out!”
