And this time!

Lin Fan took Li Xunran and walked to another room.

“Where is the genius doctor Lin?”

Li Xunran asked impatiently, the room was empty and there was no one.

Is this guy lying to himself?

Lin Fan smiled slightly and said in a shocking voice:

“I am the genius doctor Lin!”

What!

Li Xunran’s expression changed wildly, astonishment suddenly appeared on her pretty face, looking at Lin Fan strangely.

What did she hear just now?

Lin Fan, is the genius doctor Lin?

just!

Soon, a thick ridicule appeared on her face, and she looked at Lin Fan with contempt:

“Do you really consider me an idiot? Lin Fan, I have heard of you, a little white face who depends on a woman to feed her. how could you be such a waste forest geniuses? ” ”

Sure enough, you are lying to me, trying to stall for time! I’m now on the Chinese pharmaceutical industry, with new Pak punish you! ”

said!

She took out her mobile phone and planned to make a call.

Lin Fan glanced at her faintly, then directly took out his mobile phone and dialed Ye Shihao’s number:

“Let them come in!” Before long, a group of people came in from outside carrying a stretcher.

The moment they saw Lin Fan, they were crying for their father and mother, and knelt down towards Lin Fan.

Crazy kowtow!

They pleaded in unison:

“Mr. Lin, please, save my grandpa!”

Boom!

On the side, Li Xunran, who heard this, was immediately stunned, and his brain went blank.

Lin...Mr. Lin?

Really the genius doctor Lin?

Now!

Li Xunran’s eyes were filled with deep anxiety and panic, and she pointed at Lin Fan with trembling fingers:

“You...you really are the genius doctor Lin?”

She was completely stunned!

Isn’t this guy the rubbish son-in-law of the Bai family?

How did he become Lin’s doctor?

One is the most dazzling star in Chinese medicine, and the other is the most humble dust in the world.

How can these two be the same person?

Immediately, a thick astonishment appeared on Li Xunran’s face.

In an instant, she understood everything!

No wonder Lin Fan is so confident that he dared to let the great doctor Lin come out and bet against himself. It turns out that he is the great doctor Lin!

But Lin Fan didn’t care about her reaction at all. He pointed to Long Jiu who was half alive on the stretcher, and said to Li Xunran: Mobile phone:

“Who can cure him, whoever wins, how?”

Just!

After taking a look, Li Xunran furiously said:

“Are you kidding me? This person is clearly brain-dead! How could he be saved?”

Based on her years of medical experience, she could tell at a glance that Long Jiu was dying of illness. , The gods are hard to save.

Without a medical miracle, it would be impossible to wake up!

“Really?”

Lin Fan smiled slightly and said:

“Then if I save him, you have to admit that you have lost in front of everyone, and help hide my identity, besides...”

“You have to go to my Ivan Chinese and Western Hospital and sweep the floor for a month!”

What !

Upon hearing this, Li Xunran suddenly flew into a rage, and asked her, a genius doctor, to go to the hospital to sweep the floor?

Is this insulting her?

Immediately, Li Xunran snorted and said angrily:

“Lin Fan, let alone you, even if my master is here, he can’t be saved! I don’t believe that your medical skills are better than my master!”

“Things that do not live or die, if you lose, I want you to kneel in front of everyone and tell that you are worse than a dog in the eyes of my master!”

Seeing!

Lin Fan was completely stunned, this woman was really cruel!

“Okay, I promise you!”

Lin Fan nodded lightly, then took out the silver needle and walked towards Long Jiu.

just!

Li Xunran disdainfully smiled and looked at Long Jiu’s family members:

“You really intend to let him mess around? The old man has died miserably enough and will be destroyed by others. How can you bear it?”

She thought her words , Can make Long Jiu’s family feel the same.

But how do you know that upon hearing this, all the members of the Long Family were completely angry and roared frantically:

“Shut up! What kind of thing are you worthy of insulting Doctor Lin?”
