

Chapter: 937

“Wh...what’s going on?”

“Mr. Zhang is bowing to that little son-in-law? How is this possible!”

Shocked!

A strong shock swept everyone’s hearts, especially those guests who had mocked Lin Fan before.

After seeing this scene, they only felt as if they were slapped in the face with a slap in the face, making them ashamed, embarrassed and horrified.

“The surname Lin really knows Doctor Zhang? And, what exactly did he do, how can he make Doctor Zhang bow with him?”

“Oh my God, is this world crazy? A genius doctor, and a waste bow? How is this possible!”

“...” For an instant, there was an uproar in the audience.

Everyone looked at Lin Fan’s gaze, and they all looked horrified when they saw a ghost.

More than them!

At this moment, the most shocking was the Bai Yi family of three.

“I... I seemed to have heard that Doctor Zhang called Lin Fan... a teacher?”

Bai Yi’s beautiful eyes stared roundly.

She was the closest, and she heard the most clearly. She clearly heard that Zhang Tianyi wanted to call Lin Fan a teacher, but changed his words. This made Bai Yi have to doubt that the teacher Zhang Tianyi said might be the master.

If it were the master, then his husband Lin Fan, could it be that he was the most mysterious...Lin genius doctor?

boom!

Thinking of this, Bai Yi only felt his head, as if being bombarded by thunder.

This is more than that.

Bai Yi recalled many things in his mind at this moment.

Starting with the Pill of Resurrection, and after that, the magical doctor Lin was born, and the live-streaming figure looked like Lin Fan.

After that, she seemed to have seen the senior man, the first person in Chinese medicine, who once bowed to Lin Fan...?

To the expensive medicated diet now?

One pile, one by one.

The more Bai Yi thought about it, the horror in her heart became more intense, and the look she looked at Lin Fan completely changed.

As if looking at a mysterious and terrifying stranger, she was confused.

Just now!

Lin Fan didn’t notice the change in Bai Yi’s expression. He faintly said to Zhang Tianyi’s master and apprentice:

“Get up and sit down!”

“Xie...Mr. Lin!”

Zhang Tianyi’s master and apprentice hurriedly stood up, and his face was full of excitement and Baishan. The couple said hello, and then they sat down at this table cautiously.

Until then.

The atmosphere in the entire Bai family courtyard has completely changed.

No one thought that the most honorable guest would sit together with the most despicable guest.

All of a sudden!

Whether it was Bai Chen, the old lady Bai and the others, the gazes that looked at Lin Fan were filled with deep anger and resentment.

“Lin, you...you’re cruel! It’s all because of you, because of you!!!”

Bai Chen’s eyes stared at Lin Fan, with such a look that he couldn’t wait to eat Lin Fan.

He came to Jiang City this time with two tasks.

One is to annex New Baishi!

The second is to invite the genius doctor Zhang.

Even after he knew about the terrifying medicinal food of the genius doctor Lin, he seemed to have seen a great contribution, and he was close to him.

But now!

Annexed the Xinbai clan and was destroyed by Lin Fan.

Inviting the genius doctor Zhang was also destroyed by Lin Fan.

This also meant that not only did I not get the appointment of the genius Doctor Zhang, even the genius Doctor Lin had no chance to see him, let alone invite him.
